- 4 Milk Shakes @ \$7.00
- choc
 - strawberry
 - caramel
 - vanilla

THE HONDA HR-V.
THE SMALL SUV
WITH BIG STYLE.

HR-V VTi-L with ADAS shown in Morpho Blue Pearllescent.

HR-V VTi-L shown in Lunar Silver Metallic.

^ LED Tail Lights

> LED Daytime Running Lights*

SOPHISTICATION IN ANY SITUATION.

Whether you're headed for the middle of town or out to the country, the compact and stylish HR-V is ready and game.

With your position high on the road for superior visibility, you'll command attention. Dynamic and sleek, the coupe-like body draws elegant lines at every angle, enhanced by streamlined features

such as cleverly concealed rear door handles, 17-inch alloy wheels* and a sporty black grille.

A suite of beautifully designed LED lights* complement the overall look with Daytime Running Lights and auto adjust headlights up front, and LED tail lights for a smart finish.

*VTi-S and above. *VTi-L 17-inch alloy wheels shown. HR-V VTi-L shown in Modern Steel Metallic on opposite page.

< Rear Door Handles

^ 17" Alloys*

THE WORLD REVOLVES AROUND YOU.

Inside is a space focused on your journey. A clever cockpit designed entirely around you. The 7-inch Touchscreen Audio keeps you connected, while turn-by-turn satellite navigation and the multi-angle reversing camera act as your intelligent guides. Little luxuries like stitched finishes, piano black detail and chrome accents add a touch of class to every journey. Choose the VTi-L and you'll enjoy the leather-appointed interior† with heated front seats.

In here it's all about comfort. Even long legs will rest easy in the rear seats. Smart compartments mean more room for the things that matter most – people.

But the HR-V's real secret is its Magic Seats, which fold away to almost nothing. With three modes to choose from – tall, long and utility – you've got 18 possible configurations to accommodate everything for your urban adventure.

The HR-V puts you at the centre of the universe with the electric panoramic sunroof* – your own personal window to the world. No one can block your view. While the glass is tinted to control cabin light, the roof can be tilted up or retracted as you wish – great for a weekend getaway with friends.

^ Panoramic Sunroof*

< Built-In Satellite Navigation

< Magic Seats Tall Mode

†Leather appointed seat trim means some parts of the seats may contain synthetic material. *VTi-L and above. HR-V VTi-L shown.

WE'RE OBSESSED WITH SAFETY. THAT'S WHY WE BUILT THE WORLD'S LARGEST OMNI-DIRECTIONAL CRASH TEST FACILITY.

WITH ITS 5-STAR ANCAP SAFETY RATING, THE HIGHEST POSSIBLE ASSESSMENT, THE HR-V IS ONE OF THE SAFEST DRIVES ON THE MARKET.

CUSTOMISABLE SPEED ALARM

It's easy to get swept up in the adventure. So set the speed alarm at whichever top speed you choose and the HR-V will provide a visual and audible alert if that limit is ever exceeded.

ADVANCED COMPATIBILITY ENGINEERING (ACE)

A brilliantly innovative body structure means that the impact from any possible frontal collision is directed away from the passenger compartment. So wherever you're seated, you'll feel that much safer in the HR-V.

PEDESTRIAN PROTECTION

It's not just your safety Honda has considered. With smart design features that absorb energy or break away under pressure, a pedestrian has a greater chance of survival if struck.

HILL START ASSIST (HSA)

HSA prevents 'rolling back' when starting on an incline. The system controls brake pressure, keeping the car stationary as you release the brake pedal and prepare to accelerate.

MOTION ADAPTIVE ELECTRIC POWER STEERING (MAEPS)

When VSA is activated, Motion Adaptive Electric Power Steering (MAEPS) automatically adjusts steering pressure, making it easier to steer in the stabilising direction.

SECURITY ALARM

You'll see the envy in others' eyes – just one of the reasons why Honda has equipped the VTi-S model and above with a security alarm. Perfection is worth protecting.

AIRBAGS

The clever Honda i-SRS driver airbag system inflates at different rates depending on crash severity, seatbelt usage and a host of other factors to keep you safe behind the wheel. Dual front, side and full-length curtain airbags are standard.

WHIPLASH MITIGATING FRONT SEATS

In the event of a collision, the seatback springs are optimised so that the seat will more equally absorb the occupant's impact. This has the potential to cleverly minimise the risk of a whiplash injury.

EMERGENCY STOP SIGNAL (ESS)

Occasionally the situation requires sudden, heavy braking. For the driver behind you, this creates an emergency situation all of its own. So the HR-V automatically flashes its hazard lights to alert those to your rear.

MULTI-ANGLE REVERSING CAMERA

Feel as safe going backwards as you do going forwards with the amazing addition of the multi-angle reversing camera system. With normal view, top-down view and a special wide view, you'll always be covered.

PARKING SENSORS*

Slip in or out of tight spots with ease thanks to the HR-V's front and rear parking sensors. These sound a helpful alert to let you know how much space exists between you and the nearest object. Standard on the VTi-L.

TYRE DEFLATION WARNING SYSTEM (DWS)

Be alerted long before it becomes an issue. The Deflation Warning System (DWS) keeps track of the pressure in all four tyres and reports to you if one is getting low.

VEHICLE STABILITY ASSIST (VSA) WITH TRACTION CONTROL

In adverse driving conditions, the HR-V is able to detect oversteer or understeer, and automatically adjust its path for stability and safety. It can also manage brake pressure and engine power to help you regain control.

ANTI-LOCK BRAKING SYSTEM (ABS) AND ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)

The HR-V comes armed with ABS for superior stopping power. When emergency braking is detected Brake Assist applies maximum braking pressure whilst EBD monitors and adjusts the brake force on each wheel.

*Standard on VTi-L, rear parking sensors available as option on VTi and VTi-S at additional cost. HR-V VTi-L with ADAS shown in Morpho Blue Pearlescent.

HR-V VT-L shown in White Orchid Pearlescent.

GET OUT OF TROUBLE BEFORE YOU'RE IN IT.

We work tirelessly to ensure the safest and most comfortable driving experience. Our commitment to relentless innovation makes the HR-V one of the safest SUVs in its class.

CITY-BRAKE ACTIVE SYSTEM (CTBA)*

Acting as a second set of eyes, a laser sensor behind the rear-view mirror monitors vehicles in front of you. In the event of a potential collision you're alerted with audible and visual warnings.

If unavoidable, the system automatically applies hard braking and reduces speed – minimising the impact of a collision at low-speed.

ADVANCED DRIVER ASSIST SYSTEM (ADAS)^

Honda's Advanced Driver Assist System is a package of clever safety features that help protect you and your passengers no matter what the situation.

LANE DEPARTURE WARNING (LDW)

Designed to help you read the road, a camera identifies lane markings and triggers an alert if you stray out of your lane without the indicator on.

FORWARD COLLISION WARNING (FCW)

By monitoring your speed and the distance of the vehicle in front, Forward Collision Warning alerts you to possible collisions when you're travelling over 15km/h.

HIGH-BEAM SUPPORT SYSTEM (HSS)

The High-Beam Support System adjusts your beams automatically as the environment changes – so you don't stun other drivers coming towards you.

*Standard on the VTi-S and above. The City-Brake Active System operates when the vehicle is travelling between approximately 5-32km/h. The City-Brake Active System should not be used in place of safe driving practices. Do not rely on the City-Brake Active System to avoid possible frontal collisions. ^ADAS is an additional cost item on the VTi-L. ADAS should not be relied on for avoiding collisions. The driver remains responsible for safely operating the vehicle.

A REAL GO GETTER.

ECON Mode

1.8L i-VTEC
SOHC
Petrol Engine

EARTH DREAMS TECHNOLOGY

With state-of-the-art Earth Dreams technology and a 1.8 litre i-VTEC SOHC petrol engine, the HR-V generates up to 105kW of power and intelligently reads the conditions to maximise performance. To put the power in your hands, Motion Adaptive Electric Power Steering (MAEPS) works with Vehicle Stability Assist (VSA) to automatically adjust steering pressure.

ECO ASSIST

Eco Assist is a visual training system that responds to your drive. Brake or accelerate heavily and the outer ring of the HR-V speedometer glows white[†]. Keep it smooth and you get the green glow of efficiency with the VTi with as little as 6.6L/100km* of fuel, and the VTi-S and VTi-L models close behind at 6.9L/100km*.

ECON MODE

At the touch of a button, ECON Mode adjusts engine behaviour, transmission and air conditioning to maximise economy and reduce emissions.

*Fuel consumption figure is based on ADR81/02 combined test results.
[†]White is the speedometer default colour setting. This can be customised to blue, purple, pink, red, amber or yellow.
HR-V VTi shown in Taffeta White.

SELECT YOUR MODEL

VTi

The VTi comes standard with:

- 1.8 litre SOHC i-VTEC 4-cylinder engine
- 105kW @ 6500rpm and 172Nm @ 4300rpm
- Continuously Variable Transmission (CVT)
- 16-inch alloy wheels
- Tailgate spoiler
- Electrically adjustable door mirrors with integrated LED turn indicators
- LED tail lights
- Halogen headlights with Daytime Running Lights (DRLs) – bulb type and Auto-off timer
- Power windows with auto up/down (driver and front passenger)
- One-touch turn signal
- Black fabric seat trim
- Tilt and telescopic adjustable steering wheel
- Accessory 12V power outlet (front)
- Cruise control
- ECON Mode
- Single-zone automatic climate control
- Magic Seats
- Six speaker audio
- Touchscreen Audio (7-inch colour touchscreen) including:
 - AM/FM radio
 - Bluetooth® phone and audio connectivity*
 - USB port
 - HDMI® port
 - Built-in satellite navigation
- Multi-angle reversing camera
- Anti-lock Braking System (ABS)
- Electric Parking Brake (EPB)
- Brake Hold function
- Customisable speed alarm
- Electronic Brake-force Distribution (EBD)
- Emergency Stop Signal (ESS)
- Hill Start Assist (HSA)
- Motion Adaptive Electric Power Steering (MAEPS)
- SRS airbags dual front, side and full-length curtain
- Tyre Deflation Warning System (DWS)
- Vehicle Stability Assist (VSA)

VTi-S

Additional features over the VTi:

- 17-inch alloy wheels
- Smart entry with push button start
- Front fog lights
- Reverse auto-tilt mirror (passenger side)
- LED auto headlights with auto-levelling
- LED Daytime Running Lights
- LED guide style tail lights
- Rain-sensing auto wipers
- Roof rails
- Accessory 12V power outlet (rear and cargo area)
- Driver back seat pocket
- Chrome interior finishes
- Leather-wrapped gear shift knob
- Leather-wrapped steering wheel
- City-Brake Active System (CTBA)
- Security alarm

VTi-L

Additional features over the VTi-S:

- 17-inch alloy sports wheels
- Paddle shifters
- Alloy sports pedals
- Leather-appointed seat trim†
- Heated front seats
- 8-way power adjustable driver seat
- Electric panoramic sunroof
- Privacy glass (rear)
- Electrically retractable door mirrors
- Auto up/down windows – driver and all passengers
- Remote key fob operation
- Front and rear parking sensors
- Dual-zone automatic climate control
- Chrome door handles
- Rear centre armrest
- Auto-dimming rear view mirror

Optional ADAS includes:

- Forward Collision Warning (FCW)
- Lane Departure Warning (LDW)
- High-Beam Support System (HSS)

COLOURS

TRIMS

Black fabric seat trim – VTi and VTi-S models.

Black leather-appointed seat trim* – VTi-L models.

WHEELS

16" alloy wheels – VTi

17" alloy wheels – VTi-S

17" alloy sports wheels – VTi-L

*Requires compatible Bluetooth device. Compatibility and functionality will vary depending on the device. The Bluetooth word mark is owned by Bluetooth SIG, Inc. and use of such mark by Honda is under licence.
†Leather appointed seat trim means some parts of the seats may contain synthetic material. **Metallic/Pearlescent paint additional cost.

SPORTS PACK.

With the Sports Pack, available as a full set or piece-by-piece, you can customise your HR-V so it's even sleeker, sportier, and 100% yours alone.

REAR AERO BUMPER

FRONT AERO BUMPER

SIDE STEP SET

MAKE YOUR MARK.

Choosing the right accessories is all part of the fun. The HR-V comes with plenty of custom options for your own finishing touches. Whether it's a style statement or the right gear for a weekend away, there's a Honda Genuine Accessory to suit you.

1. Sports grille*
2. Luggage protector
3. Cargo step protector
4. Sports pedal set*
5. Foot lighting*
6. Door sill garnish*

1

2

OTHER ACCESSORIES INCLUDE:

- Bonnet protector
- Bike attachment
- Tow bar*
- Camping tent
- Fog light set*
- 18-inch alloy wheels*

3

4 & 5

6

*18-inch alloy wheels shown; tyres sold separately. 18-inch alloy wheels are an additional extra and not included in sports pack. *Sports grille shown available on VTi and VTi-S only. HR-V VTi-S shown in Taffeta White with Sports Pack and accessory Rear Park Assist.

*Available on VTi and VTi-S only. *Sports pedal set and foot lighting shown together but sold separately. *Front illuminated. Rear is metallic. †Not compatible with Rear Aero Bumper. ‡VTi only. See your Honda Dealer for advice regarding Honda Genuine Accessories, including available accessory packs. Pictured accessories are all sold separately. All Honda Genuine Accessories installed at the time of retail sale of a new motor vehicle are covered by Honda's 3-year/100,000km Warranty. If installed after retail sale, they are covered for the remainder of the warranty or a minimum of 12 months – whichever is greater – provided that the accessory is fitted only to the vehicle for which it was intended by Honda Motor Co.
