

SIMPLY CLEVER

ŠKODA

New ŠKODA Yeti

ŠKODA 'Simply Clever'

Being one of the world's oldest car companies, ŠKODA has a long history of excellent craftsmanship and a reputation for exacting standards and delivering on its promise to its customers. By purchasing a ŠKODA you'll join hundreds of thousands of others who enjoy the quality, reliability and safety that defines one of Europe's fastest-growing car brands.

With Volkswagen Group technology underpinning ŠKODA's platform of smart thinking, and with the experience that comes from ŠKODA's proud heritage, the Yeti is built to exceed the expectations of Australian drivers. What sets ŠKODA apart is being able to deliver 100% European design, technology and engineering at an extremely affordable price, providing quality and value to the Australian market like never before.

It's what makes ŠKODA 'Simply Clever':

ŠKODA Extended Factory Warranty

The **new ŠKODA Yeti** strikes the perfect balance between on road performance, style and family orientated practicality. Now, for the first time, you can choose between Yeti, with its subtle and elegant looks, and Yeti 4x4 Outdoor, which is robust, rugged and designed to excel off-road.

With VarioFlex rear seating, sizeable boot space and higher ride height as standard, both Yeti and Yeti 4x4 Outdoor are perfect in towns and cities alike. But if driving off the beaten track appeals, at the mere push of the Off-road button, Yeti 4x4 Outdoor turns into a highly capable 4x4 off-road vehicle. It is adept at climbing slippery slopes, descending steep hills and maintaining control on difficult terrain using the very latest in 4x4 systems. Yeti 4x4 Outdoor has all the benefits of a 4x4 vehicle combined with the practicality and drive of a family hatchback.

Read on to learn more about Yeti and Yeti 4x4 Outdoor and their vast capabilities.

This vehicle has been awarded a maximum 5 Star Rating by ANCAP.

4x4 Outdoor model with Tech Pack shown.

Yeti

DESIGN

The new Yeti is for the first time available in two distinct styles. Each has its own 'face,' designed in the spirit of ŠKODA's new design language.

The Yeti looks sporty and sleek, with its bumpers, side sills and mouldings all in body colour. In contrast, the Yeti 4x4 Outdoor is visibly more rugged and ready for off-roading, its strong presence a result of its newly designed front and rear bumpers and black body-styling.

The Yeti is defined by its combination of striking design and uncompromising functionality. Its bold and sophisticated new look, with sharp angles and clean lines, newly-designed headlights and the new ŠKODA logo, all hint at the Yeti's remarkable on and off-road capabilities.

The stylish **Yeti**, available in Active and Ambition variants, is the ideal family vehicle for the city. Perfect visibility will give you a pleasant feeling and confidence behind the wheel; something which is invaluable in city traffic. As a compact SUV, the Yeti also enables you to park in limited spaces.

The distinctive yet practical design of the Yeti distinguishes itself with features including **body-coloured lower bumpers (front and rear)** and **door sills**, as well the unique **honeycomb grille** on the front bumper. **Roof rails** come in either Black (for Active) or Silver (for Ambition). Both the Yeti Active and Ambition feature 17" alloy wheels (pictured are the 17" Scudo alloy wheels; standard on Active).

Yeti 4x4 Outdoor

The rugged exterior of the **Yeti 4x4 Outdoor** hints at its off-road capabilities by unique features such as the **silver roof rails (with black endings)**, **silver side mirrors**, **black lower bumpers (front and rear)** and **vertical fins** in the front bumper. This is further enhanced by the 17" Matterhorn alloy wheels (pictured; as part of the optional Off-road Pack).

4x4 Outdoor model with Off-road and Tech Packs shown.

INTERIOR

- > Columbus Navigation System
- > Dual-zone Climatronic Air-conditioning

- > Automatic Parking Assist
- > Advanced Keyless Entry Including Smart Start (KESSY)

The **3-spoke multifunctional steering wheel** allows full control of the Bluetooth® phone and audio streaming, as well as the control of the trip computer functionalities and vehicle status.

If you want to greatly reduce the stress of parking, then the **Automatic Parking Assist** is a great feature. It will select an appropriate parking place, park in a row of parallel or perpendicular parked vehicles, and can even drive out of a row of parallel parked vehicles. When parallel parking, it only needs a space 60 cm longer than the car itself (pictured is the Automatic Parking Assistant on the multifunctional display, available in Tech Pack).

A new standard feature on all Yeti models is the **KESSY system** (Keyless Entry, Start and exit System), which enables you to use the car without using your key. To switch the engine on and off you simply use the **Start/Stop button**.

Available in the Off-road pack, the **double-sided carpet** is a great addition to the Rapid. The standard carpet fabric can be used for transporting everyday goods such as groceries. The mat can be easily flipped to a washable, heavy-duty rubber for transporting more rugged equipment such as sports gear.

In addition to maintaining the preselected speed, **cruise control** enables you to increase or reduce speed without using the pedals. This function is controlled the button on the side of the left indicator stalk.

The **Amundsen audio unit** controlled via 5" touchscreen display, has a CD player, SD-card slot, USB, Bluetooth® compatibility. Furthermore, as parking sensors (rear for Active; front and rear for Ambition and 4x4 Outdoor) and rear view camera are standard across all models, the audio and visual signals are also clearly displayed on the screen.

As part of the Ambition and 4x4 Outdoor, the **removable LED torch** in the luggage compartment can come in handy when driving at night and during other circumstances. When clipped in, it automatically recharges while the engine is running.

In addition to the features of the Amundsen, the **Columbus navigation** features a 6.5" touch-screen display and voice command function, while intuitive swiping and pinching movements allow the user to scroll menus and zoom into maps easily.

Standard on the Yeti Ambition and 4x4 Outdoor, **dual-zone Climatronic air-conditioning** allows the driver and front seat passenger to set different temperatures for optimal comfort while the humidity sensor directs air flow as required, to keep the windscreen fog free.

EXTERIOR

- > Bi-Xenon Headlights with LED running lights
- > Rear View Camera

- > Panoramic Sunroof
- > Roof Rails

Both Yeti Ambition and 4x4 Outdoor are equipped with height-adjustable halogen headlights. As part of the optional Tech Pack, these can be enhanced with **Bi-Xenon headlights** with **AFS (Adaptive Front Light System)** and **LED daytime running lights**.

The **rear lights**, with double C-shaped illumination, can be equipped with high-power LED diodes, which function as running and brake lights (available in the Tech Pack).

For even easier parking, the Yeti is equipped with a **rear-view camera** located on the boot handle. It monitors the space behind the car and indicating the driving lines, based on the vehicle width.

The **rear bumper** on both models is unique in appearance - a discrete silver cover for the Yeti and a more robust and protective silver covering for the 4x4 Outdoor.

Overall, the rear design have many features that are typical of the new ŠKODA brand: the new logo, ŠKODA lettering and model name, the triangular recesses defining the space for the number plate and the longitudinal reflectors for better visibility of the car.

4x4 Outdoor with optional leather appointed seat upholstery shown.

The tinted, electric **panoramic sunroof** gives you the feeling of unlimited space and freedom. The front part of the sunroof can be tilted up and slid backwards, whilst the rear part is firmly built into the roof. The entire sunroof is also equipped with an electrically-adjustable sun blind cover.

OFF-ROAD CAPABILITIES

For those who seek more adventure and want to delve away from the city streets, the 4x4 Outdoor can be equipped with an optional **Off-road Pack** that can be added to further your 4x4 experience.

A feature of this pack is the **Off-road assist**, consisting of both hill descent and start-up assist, which can be activated by the push of a button. The **hill descent assist** allows the adaptation of systems such as **ABS** (Anti-lock Braking System), **ASR** (Anti-Slip Regulation) and **EDS** (Electronic Differential Lock) to the driving conditions and a more sensitive setting of the of the acceleration pedal. In addition, the **start-up assist** is beneficial for manoeuvring up a hill. The Off-road mode is active upon pressing of the button for speeds up to 30 km/h. The Off-Road mode of the ABS brake assistance remains active up to 50 km/h.

The combination of the innovative 4x4 technology and the Volkswagen Group **6-speed DSG** gearbox allows for maximum performance from the 103TSI diesel platform, whilst remaining fuel-efficient at **6.7L/100km***.

The 4x4 drivetrain is provided by a 5th generation inter-axle **Haldex clutch**. The coupling of the rear axle is automatic, so under normal conditions the car can utilise the advantages of the front-wheel drive, and under extreme conditions, the excellent traction of the 4-wheel drive.

*Figures according to ADR 81/02 (L/100km).

Overseas model shown.

Experience the pleasure of off-road driving.

SPACE

As standard on both Yeti and 4x4 Outdoor, the **VarioFlex rear seating system** allows you to customise the interior according to your specific needs, enabling a variety of seating options for maximum comfort and luggage space. The three independent rear seats not only fold down but can also be easily removed.

The **net system**, which prevents items from shifting, offers several layout options.

Fold down the center rear seat to fit in longer items, or simply use the useful table located on the back of the seat.

Hidden within the Yeti's compact design is exceptional **luggage space**. All variants boast **321 litres** of space, easily accessible through the large boot opening. This phenomenal space becomes cavernous with the rear seats folded down, expanding to **1485 litres** and **1665 litres** with the seats removed.

Ambition with Tech Pack and optional leather appointed seat upholstery shown.

STORAGE

On closer inspection, the interior cabin reveals many **storage spaces and compartments**; synonymous with the "Simply Clever" ideology.

The **sunglass holder** is located in the roof panel above the interior rear-view mirror, so the driver always has his sunglasses or driving spectacles within reach. Available in Ambition and 4x4 Outdoor.

If you want to take some refreshments with you on your trip, you will surely welcome the **cup holder** on the centre console.

The **closed storage compartment** beside the front passenger is air conditioned, so you will have pleasantly cool drinks during your trip.

The **parking ticket holder** on the edge of the windscreen is a practical detail that will ensure that your parking ticket is always in a highly visible location.

On Ambition and 4x4 Outdoor the **storage compartment** for small items in the upper part of the instrument panel can be easily opened by touching the lid.

SAFETY

- > 7 Airbags
- > Daytime Running Lights
- > Electronic Stability Control (ESC)
- > Anti-Slip Regulation (ASR)
- > Electronic Brake-pressure Distribution (EBD)
- > Hill-Hold Control

Whether on your daily drive to work or in pursuit of adventure, the Yeti provides you with **maximum safety**. In addition to excellent road holding, which can also be credited to advanced systems such as **ESC** (Electronic Stability Control), **ASR** (Anti-Slip Regulation) and **EBD** (Electronic Brake-pressure Distribution), the Yeti has many **passive safety features**, whose task is to protect the passengers in extreme situations.

Overseas model shown.

The **curtain airbags**, which create a "wall" along the side windows when activated, protect passengers' heads in the front and rear.

Should an impact occur, the **driver and front passenger airbags** activate in conjunction with the front seat belt pretensioners. This will anchor you in the middle of the seat and cushion you to reduce injury.

The **driver knee airbag** prevents contact with the lower part of the dashboard in the event of a collision.

The **front side airbags** protect the pelvis and chest of the driver and passenger in the event of a side collision. The height-adjustable **front headrests** are designed to protect the neck in case of a rear impact.

The **Active** is offered in black fabric upholstery and black dashboard with silver trim. The entry model also includes a host of technology and comfort features as standard, including 3-Spoke multi-functional leather steering wheel, 5" touch-screen Amundsen audio unit, rear-view camera, rear parking sensors and Keyless Entry including Smart Start (KESY).

Ambition shown.

4x4 Outdoor with optional leather appointed seats and Tech Pack shown.

The **Ambition** and **4x4 Outdoor** interiors come with black fabric upholstery and black dashboard with silver trim. In addition to standard features on Active, the Ambition and 4x4 Outdoor have front and rear parking sensors, 8 speakers, climate control air-conditioning, light assist, rain sensor and front fog lights as standard. Both have the option of leather appointed interior (pictured left).

General information

OWNING A ŠKODA

ŠKODA New Vehicle Warranty

Every new ŠKODA passenger vehicle is covered by a three-year unlimited kilometre manufacturer's warranty, which includes ŠKODA Assist (24-hour roadside assistance). Every new ŠKODA vehicle is also covered by a three-year paintwork and 12-year anti-corrosion perforation warranty.

ŠKODA Extended Warranty

To give you added peace of mind, you can now purchase an Extended Factory Warranty with your new Yeti. This warranty gives you an additional two years/ unlimited kilometres of coverage, including roadside assistance. For further information regarding this Extended Warranty, including pricing and terms and conditions, please consult your local ŠKODA dealer or visit www.SKODA.com.au

ŠKODA Extended Factory Warranty

ŠKODA Assist – 24-Hour Roadside Assistance

As a valued customer, you can be assured that wherever you travel within Australia, you will have access to roadside assistance, 24 hours a day, 365 days a year. This is complimentary for the duration of the vehicle's original ŠKODA warranty period. You will receive help in the event of a breakdown or accident and, if required, your vehicle will be mobilised or transported to an Authorised ŠKODA Workshop. As a ŠKODA owner you will also have access to the additional benefits of accommodation and car rental if your vehicle cannot be mobilised within 24 hours, when you are over 100km away from home.

ŠKODA Genuine Parts®

ŠKODA Genuine Parts® are designed for your vehicle and approved by ŠKODA, with particular regard to safety. The workmanship, dimensional accuracy and materials used in these parts comply with factory specifications. To ensure safety and reliability, ŠKODA recommends the use of ŠKODA Genuine Parts®. ŠKODA Authorised Dealers offer a two-year unlimited kilometre warranty on Genuine Parts from the date of purchase.

ŠKODA Finance*

Buying, borrowing or leasing, ŠKODA Finance will certainly make you think differently about financing and insuring your new ŠKODA. Committed to meeting the needs of ŠKODA drivers across Australia, we offer a range of leasing, financing and insurance products, each with distinct advantages depending on your specific circumstances. Our packages are personalised to suit your individual requirements. You design your plan so that it meets your budgeting needs and rest assured that there will be no surprises along the way. Speak to your local participating Authorised ŠKODA Dealer today to put together a financial solution that best suits your lifestyle.

BUILD YOUR OWN YETI >

Build your own Yeti with the right specifications to suit your lifestyle. Coming Soon. Visit www.skoda.com.au

Capped Price Servicing

The Yeti comes with peace of mind included, with Capped Price Servicing# now available at participating ŠKODA dealers. Authorised ŠKODA Service Centres have factory trained technicians equipped with the very latest diagnostic equipment, specialist tooling and ŠKODA Genuine Parts. They also undertake work in accordance to factory specified guidelines and maintenance schedules, so you can be confident that your Yeti will be well taken care of.

Capped price servicing is available at participating ŠKODA dealers on New Yeti MY14. Capped price servicing applies to the first 6 standard scheduled services of your vehicle which are scheduled to occur at every 15,000km/12 month interval (whichever occurs first). Exclusions and conditions apply. For details on pricing, items not included in the capped price and for full terms and conditions please see SKODA.com.au. ŠKODA Australia reserves the right to at any time modify or discontinue the Capped Price Servicing program.

Capped Price Service

ACCESSORIES

SKODA Genuine Accessories add style to your car while enhancing its utility. For more information on accessories, please consult your SKODA dealer or find further information at skoda.com.au.

One of the most important goals of ŠKODA AUTO is the development and manufacture of products that are as environmentally friendly as possible throughout their life cycle phases, placing principal emphasis on the selection of recyclable materials. Our ŠKODA cars are produced using progressive types of technology in modern production facilities that meet the strictest criteria. Anticorrosive protection of the cars' painted parts is based exclusively on lead-free cathaphoresis (KTL) and water-soluble paints.

Our company strategy includes limiting fuel consumption and emissions. As a result, the engines we offer meet the current emission regulations. All ŠKODA products are made using manufacturing processes that adhere to the laws and regulations concerning the protection of soil and water. As a result of these activities, ŠKODA cars meet technical, safety, quality and environmental requirements. ŠKODA AUTO contributes to the preservation of a clean environment and provides mobility and comfort to its customers.

The environmental logo expresses ŠKODA AUTO's awareness of, responsibility for and attempts at the sustainable development of the company and a friendly approach to life and nature. 

ŠKODA is distributed by Volkswagen Group Australia Pty Limited trading as ŠKODA Australia, 24 Muir Road, Chullora NSW 2190. ABN 14 093 117 876. Specifications are as planned at April, 2014 for Model Year 2014 and are subject to change without notice or obligation. Cars and accessories shown may not depict Australian specifications. Fuel consumption figures according to Australian Design Rules (ADR) 81/02. All ŠKODA approved parts and accessories are warranted for 2 years/unlimited kilometres. All information in this brochure is correct at the time of publication, however variations may occur from time to time and ŠKODA, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this brochure.
