ISUZU
RELIABILITY IS EVERYTHING

AWD & 4x4 SERIES

GVM: 4,500 – 13,900KG GCM: 6,000 – 20,500KG

EFFECTIVE
JUL 2016

TURN MOUNTAINS INTO MOLEHILLS.

AS AUSTRALIA'S NUMBER ONE TRUCK COMPANY*, WE'VE GONE TO EXTREMES IN BUILDING A RANGE OF ALL WHEEL DRIVE (AWD) AND 4x4 MODELS PURPOSE BUILT TO FLATTEN THE STEEPEST HILLS AND MAKE LIGHT WORK OF LOOSE GRAVEL. NO STONE WAS LEFT UNTURNED IN MAKING RELIABILITY AND COMFORT THE FOUNDATION OF THE AWD/4x4 RANGE WITH A ROBUST OFFERING OF FEATURES AND COMPONENTS, BOTH INSIDE AND OUT. BASED ON THE CLASS-LEADING N AND F SERIES, THERE ARE 16 DIFFERENT SPECIFICATIONS TO SELECT FROM, INCLUDING CREW CABS AND SOME MODELS WITH PTO AS STANDARD EQUIPMENT, ALL TRIED AND TESTED UNDER THE TOUGHEST CONDITIONS.

DIFFERENT JOBS, COMMON THREADS.

Even though each model is specified to match different applications, the AWD/4x4 range shares the same solid foundations. Such as outstanding levels of driver comfort, class-leading safety features and impressive on-road and off-road performance from the renowned Isuzu common rail diesel engines.

Note: The above chart is a brief representation of the chassis specifications within the Isuzu AWD and 4x4 Series model range. For a detailed understanding of the model and specification variants, please refer to the applicable Isuzu model Specification Sheet. Subject to the conditions outlined in the IAL New Vehicle Warranty, the N Series models carry a standard factory warranty as above. Extended Care Warranty may be purchased to cover the owner against the failure of original components, but may exclude some components and expendable items such as oil, filters etc. Isuzu Roadside Assistance is valid for three years from the date of new vehicle purchases; All Isuzu warranties are subject to mandatory prescribed terms under Australian Consumer law including customer guarantees. For more details visit the Isuzu website which explains Isuzu Warranties in more detail, or alternatively contact your local dealer. All warranties commence from date of delivery. **Refer to Extended Care Brochure.

ON THE SAFE SIDE.

You can rest assured that we've got the angles covered when it comes to safety. Simple 4x4 controls allow you to prepare for all terrain types, and every 4x4 model is equipped with Anti-lock Braking (ABS) and driver and passenger airbags. We've fitted special 11R22.5 tyres to every FTS model, so these along with the newly matched rear axle ratios in the automatic, result in better hill gradeability and superior downhill control. There's no need to second guess that steep slope.

Banjo type front axles with Birfield joints.

READY TO SHARE YOUR LOAD.

At the business end, the nimble NLS AWD drives its front wheels through a banjo-type final drive with inner and outer Birfield joints and manual lock hubs all supported by a fully independent torsion bar suspension. The higher-rated NPS, FSS and FTS 4x4 models are specified with fully-floating axles, suspended by alloy-steel leaf springs and double-acting shock absorbers. These are all robust axle and suspension systems with our proven durability and legendary reliability.

TOUGH, BUT STILL COMFORTABLE.

When you work under extreme conditions in the toughest environments, comfort is paramount. Your Isuzu cab will act as refuge, with DAVE (Digital Audio Visual Equipment), a huge interior light plus a stack of storage compartments, drink holders and more. We've also gone to great lengths to ensure our cabs are astonishingly quiet, and in the F Series, we've included the industry-leading ISRI 6860 air-suspension seat.

F Series cab pictured.

SHIFTING IN THE RIGHT DIRECTION.

Whether you're heading for the hills, or on the highway, delivering the right power at the right speed is the key to a great AWD/4x4. Isuzu has developed a reputation for building durable and intuitive transmissions that, in our AWD/4x4 range, contain constantly refined gear ratios and a 2-speed transfer case (excludes NLS). Steep or sleek, feel confident knowing that the terrain can be tamed. Our FTS model also features a constant 4x4 system.

EVEN FIRE TRUCKS CAN BE GREEN.

Our efficient common rail diesel engines exceed the standards required by ADR 80/03. We have greater experience with low-emission, conventional diesel engines in the Australian market than any other Japanese brand. As a result, the diesels boast impressive power and torque, better fuel economy and even lower emission levels than ever before.

ISUZU CARE.

Reliability means so much more than just a mechanically reliable truck. Isuzu Care is the most comprehensive customer care truck programme ever seen in Australia, offering a suite of innovative support services and a level of customer care that's setting new industry standards. Wherever you are, Care's as close as a freecall to 1800 035 640.

THE CONNECTED TRUCK.

Isuzu 'Connect Plus' Telematics* interconnects both truck and driver with your full support team, from the dispatcher to the service manager. To electronically, automatically and continuously share countless data, in real time, on virtually everything the truck and the driver do. And in the process, makes all of you even better 'drivers', including the driver himself.

*At additional cost.

ISUZU ROADSIDE ASSIST.

Isuzu Assist is a 3-year, 24-hour roadside assistance program that comes at no extra cost with all new Isuzu trucks. And while our trucks are renowned for their reliability, even if you run out of fuel, lose your keys, get a flat tyre (or battery), Isuzu Assist will be there to sort it out. Just freecall 1800 947 898.

ISUZU *priority* SERVICE AGREEMENTS

MAKE STRESS FREE SERVICING A PRIORITY.

There is nothing more crucial than maintaining a healthy fleet, so we've created a 'stress free' service in Isuzu Priority*. Knowing that the lifeblood of your business is under control, and in the best hands, provides true peace of mind and allows you to spend more time doing what you do best – building and growing your business.

*At additional cost.

ISIS.

Isuzu Sales Information System (ISIS for short) is a software program the dealer will use to help you select the right truck and body for your application. Once it's been programmed with your requirements, ISIS simulates how the truck will perform in terms of its weight distribution, available power and other performance characteristics. So with ISIS, you're sure to find your most suitable match.

ISUZU EXTENDED CARE.

Isuzu Extended Care* provides a two-year extension to Isuzu's three-year factory warranty. As well as the five-year factory warranty, you'll also receive five years of Isuzu's customer care programme and Isuzu Assist. Available when you buy your truck, it's the ultimate peace-of-mind.

*At additional cost.
