Kangoo can do even more

# Renault **KANGOO**

## Renault Kangoo. Efficient, smart and versatile.

There's a reason that the Renault Kangoo was awarded the Best Small Van in Australia by Delivery Magazine in 2015 and 2016.

Available in short wheelbase, maxi and crew van versions, and in petrol or diesel, the Renault Kangoo can be adapted to your every demand. It offers superior comfort, a wide range of custom-built and practical solutions as well as the peace of mind that comes with a 3 year/200,000km warranty.

**EUROPE'S** **NO.1**  
**VAN RANGE**  
**18 YEARS RUNNING**

Overseas model shown

# Range

As Europe's No. 1 Van Manufacturer, Renault can propose a wide range of Kangoo variants to suit your specific needs.

### **Kangoo Compact SWB MT and AT**

Loading is made easy thanks to the low load threshold and dual sliding cargo doors. With load volumes of up to 3.0m<sup>3</sup>, Kangoo Compact gives you all the space you need.

### **Kangoo Maxi LWB MT**

With load volumes of up to 4.0m<sup>3</sup> you get even more space, not to mention 825kg payload and 1.0 tonne towing power.

### **Kangoo Crew LWB MT**

Need to get tools and a team to the site? The Maxi Crew can be configured to seat up to 5 people comfortably and can carry the tools you need for the job – safely and securely.

# New Renault Kangoo Compact 1.2L.

The new H5Ft engine in the Renault Kangoo Compact 1.2L provides more power and torque than ever before. But it's not all about getting more. It also uses less fuel, produces less engine noise and vibration, all while delivering improved drivability with substantially better low speed performance.

## More power

The H5Ft produces 84kW of power at just 4,500rpm's, a full 1,500rpm's lower in rev range than before. This means less engine noise and vibration, a quieter drive and significantly less engine wear.

## More torque

The H5Ft is the first Renault petrol engine to feature fuel injection directly into the combustion chamber.

This combined with turbocharging means peak torque is increased by nearly 30%. Cranking out its maximum of 190 Nm between 2,000 – 4,000rpm's, the 1.2L engine not only produces more torque, it does it for longer.

## More safety

Safety is our priority. That's why we've made a range of safety features like driver and passenger airbags, reverse parking sensors, cruise control, speed limiter and hill start assist standard in the new Renault Kangoo Compact 1.2L.

## More equipment

The extras don't stop there. We've upgraded the transmission to make optimal use of the new engines performance. Available in dual-clutch 6-speed DC4 for auto or 6-speed TL4 for manual, both offer better acceleration, more relaxed cruising and lower fuel consumption.

With cargo floor covering thrown in as standard, the Renault Kangoo Compact is great value for money.

Built for every business  
**Kangoo Maxi.**

If your business needs a small van that's big on space, step up to the Renault Kangoo Maxi.

With its ample load volumes of up to 4.0m<sup>3</sup>, it provides enough room for all of your cargo. Right and left sliding doors and dual rear doors with 180 degree opening make loading and unloading a breeze, especially for urban operators who often work in confined loading and unloading areas. Powered by a 1.5L diesel engine, it's got a solid 825kg payload and 1.0 tonne of towing power.

Because the most important cargo the Kangoo will carry is you, it's packed with safety features including emergency brake assist (EBA), rear parking sensors and traction control (ASR), as well as technology to make every day easier with Bluetooth® hands-free connectivity and steering mounted audio controls.

From work life to family life  
**Kangoo Crew.**

Whether you're using it for work, family or both, the Renault Kangoo Crew is the versatile van that can handle anything you throw at it.

Featuring folding seats for extra storage, glazed sliding doors on the right and left hand side for increased accessibility and seating configurable for 2, 3, 4 or 5 people. It's perfect for transporting your crew to the work site or your family around town.

**Still want more?** Upgrade to the Lifestyle Pack for some extra technology and comfort, available exclusively to the Renault Kangoo Crew. It includes Renault's R-Link Enhanced Satellite Navigation system with 7" touchscreen and radio along with leather-wrapped steering wheel, rear air vents, extra tinted windows and colour-coded bumper.

## Efficiency increased tenfold.

For the Kangoo, Renault has developed clever solutions to increase practicality whilst improving safety. The optional multi-positional bulkhead cleverly lets you make the most of interior room, without compromising passenger safety.

When you are carrying crew, it sits behind the rear seats. When you fold those down for extra cargo space, it automatically follows suit to protect people in the front cabin.

# Stay connected.

Renault Kangoo lets you connect and play the music you love. You can choose your tunes through the AM/FM radio, CD or MP3 audio system, all controlled with steering mounted controls.

There's also a USB audio input and 3.5mm auxiliary jack available, plus Bluetooth® hands-free connectivity with audio

streaming. A 12V auxiliary power outlet lets you charge any portable electronics, and the optional R-Link Enhanced Satellite Navigation system with 7" touchscreen will keep you on track wherever you go.

# Versatile.

# Convenience.

Kangoo has everything it needs to better meet to your professional requirements. Two lengths, three equipment levels, economical engines and an array of possible configurations – panelled or glazed, with or without sliding side doors, asymmetrical rear doors or tailgate. There's bound to be a Kangoo to suit you!

If your work van is more of a mobile office, you need a van that is equipped to keep you comfortable and organised. That's why Renault Kangoo features a height and reach adjustable steering column, air-conditioning, hands free connectivity and an integrated armrest, so you can personalise your workspace to fit you.

The overhead cabin storage shelf\* is perfect for storing invoices and documents and interior lights are located in both the cabin

and cargo areas. The swivelling bulkhead^ provides an additional 0.6m<sup>3</sup> of load space when the passenger seat is folded down, as well as protecting the driver, making the Renault Kangoo the ultimate office on the road.

KANGOO MAXI / CREW  
4.6m

# Optimal loading.

## Versatility: a source of pride.

One day, you might need to carry people, the next day goods. With seating configuration for 2 to 5 passengers and versatile space in the back, Kangoo meets your needs.

## Big on loading space.

In the passenger compartment, multiple storage solutions allow you to make the most of the available space.

The dashboard storage space is easy to access and can be used to hold your A4 documents. For more cumbersome items, you can use the glovebox, central armrest or the front door storage, which also includes a bottle holder.

The loading area offers generous volume that extends from 1.3m<sup>3</sup> to 4.0m<sup>3</sup> depending on the version.

A range of standard and optional equipment is available to meet your needs including various types of partitions (solid, wire-mesh, tubular) and fittings, floor and/or side protectors, lashing systems, paneled and glazed opening elements and an ingenious retractable rear roof flap. The payload, meanwhile, is 540kg to 825kg depending on the version and configuration.

## Superbly accessible.

The dual sliding side doors or tailgate door standard on Kangoo Compact are easily activated and the asymmetrical rear doors open up to 180°, making loading a piece of cake. Even heavy loads are handled with ease thanks to the low loading sill at just 55cm to 61cm from the ground.

Multiple openings, a retractable rear roof flap, paneled or glazed side and glazed rear doors and better use of the effective volume allow Kangoo to meet your needs perfectly, every time.

Effective width  
up to 1.22m

Effective height  
up to 1.25m

Effective length  
up to 1.86m

Effective volume  
up to 4.0m<sup>3</sup>

Payload  
up to 825kg

# Safety is paramount.

Every Renault Kangoo comes with a range of safety features designed to keep you feeling safe and secure, like driver and passenger front and side airbags and ABS with EBA, hill start assist, extended grip and rear parking sensors.

There's also Electronic Stability Control with ASR, cruise control and a speed limiter. Driving in wet weather? Renault Kangoo Crew has you covered with automatic windscreen wipers and rain sensor as standard.

1. Driver and passenger airbags 2. Rear parking sensors 3. ABS with EBD  
4. Adaptive ESC and Traction Control 5. Cruise control and speed limiter  
6. Front fog lights\* 7. Hill Start Assist

\*Standard on Kangoo Crew only. Optional on Kangoo Compact and Maxi. Images shown for illustration purpose only.

# Optional Equipment

## Comfort

1. Perfect for manoeuvring, the **rear-view camera** shows an image of what's going on behind the vehicle on the R-LINK navigation screen when equipped. It especially comes in handy when your Kangoo is fully panelled or fitted with a solid partition, giving you full control in your surroundings.
2. **Retractable roof flap** ("Girafon") - The front-sliding hinged rear roof flap provides a 47 cm by 1m opening, easily letting you transport bulky objects.
3. **15" 'Aria' alloy wheels** (Standard on Crew).
4. **Overhead cabin storage shelf\***: With storage space above the windscreen, the roof panel rack is wide and deep enough to store a range of items.
5. **The Renault R-LINK connected multimedia system** takes full advantage of TomTom Traffic Navigation, portable music, telephones, vehicle equipment control and access to the applications available from the R-LINK Store. The system is controlled using a special CD-radio with controls on the front (dial and buttons). It also comes with voice recognition to control your telephone and navigation.

\*Overhead cabin storage shelf standard on Kangoo Crew. Overseas model shown.

# Optional Equipment

## Protection

1. **Swivelling partition<sup>^</sup>**.  
Allows you to load long items as needed whilst fully protecting the driver.
2. **Retractable modular bulkhead on Kangoo Crew**.  
This partition can be removed in one motion to allow three people to sit in the back or free up a 3.6m<sup>3</sup> loading space for items measuring up to 2m.
3. **Steel bulkhead**. Fully isolates the loading space from the driver's position.

<sup>^</sup>Available for Compact and Maxi only.

# Genuine Accessories

Safety and Comfort

For an extra level of driver comfort and safety, go no further than the selection of Renault Genuine accessories that have been designed specifically to suit the Kangoo.

**1. Smartphone Support** (7711574875)

**2. Safety & first aid kit** (7711425749)

Also available:

Rubber floor mats - front (G4902X6100AU)

Air conditioning curtain (H7603F6100AU)

## Service + Expertise + Convenience

**Renault Pro+ Dealer** staff are dedicated to providing you with the highest level of personal service to help you find the best vehicle solution for your business.

They have specialist training and are enthusiastic about using their expert knowledge of the Renault commercial range to find the vehicle that is right for you at an affordable price.

Pro+ Dealers provide a wide range of extra services to business customers to keep you mobile and productive. When you visit a Renault Pro+ Dealer you can expect service that is designed to let you focus on your No.1 priority – your business.

**Pro+ Dealers have to meet extra standards to be eligible to become commercial vehicle specialists within the Renault network.**

**DISCOVER MORE** >

### Specialists at your service

Highly trained salespeople and service advisors with the extra skills required to sell and service commercial vehicles.

### Decisions made easier

With more vehicles available, including conversions, choosing the right vehicle for your business is easy at a Renault Pro+ Dealer.

### Your mobility guaranteed

A range of extra services to keep you mobile - extended workshop hours, on-site pick up and delivery, free service loan vehicles and more.

# Reassurance. When you need it most.

When you purchase a Renault Commercial Vehicle, you can look forward to years of productive and economical service, backed by a trusted and reliable brand.

## Comprehensive Warranty

With over 100 years of Commercial Vehicle history, our experience is reflected in the design, performance and quality of every vehicle we sell.

We're so confident of the quality in your new Renault Kangoo, we back it with a 3-year / 200,000 km warranty.

## 24/7 Roadside Assistance

In the unlikely event you breakdown, you're backed by Renault's 24/7 Roadside Assistance for the length of your warranty. Simply call 1800 009 008 and we'll arrange the assistance you need to get back on the road – 24 hours a day, 365 days a year, all across Australia.

## Servicing

For easy budgeting, you enjoy Capped Price Services for the first 3 scheduled maintenance services.\* And to minimise disruption to your business, authorised Renault dealers also have low-cost loan vehicles available to use. Simply book one in advance when you book a service with a Renault dealer.

To ensure you enjoy Renault expertise, authorised Renault Dealers have Registered Renault Factory Trained Technicians (COTECHs), only use Genuine Renault parts and equipment and tools specially designed for your Renault.

There's also a 1-year parts and labour guarantee on all repairs and we offer clear, simple and transparent pricing structure for all servicing.
