ŠKODA
SIMPLY CLEVER

AMBITION

LIVE LIKE YOU

Live wisely, live healthily, live happily, live together, live life. We are often told how to live. And for all those who don't want to listen anymore, there is now something to see: the ŠKODA OCTAVIA. But not only because of its very impressive new design. The OCTAVIA is a car for everything that comes into your head – or doesn't. Be it children, hobbies, style, speed or even cosiness. Equipped with lots of space, the latest technology and safety assistants as well as lots of clever ideas, you can concentrate on what counts the most – to live like you.

That's Simply Clever. That's ŠKODA.

5 YEAR
WARRANTY^A
UNLIMITED KMS

^AConditions and exclusions apply, see <https://www.skoda.com.au/owners/warranty>.
Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under Australian Consumer Law and do not limit or replace them.

AMBITIOUS BY NAME, VALUE BY NATURE

The OCTAVIA Ambition offers you a 110TSI engine alongside the essential tech and safety features, all in ŠKODA's most iconic car.

EXTERIOR DESIGN

The Ambition brings a sleek design complemented by full LED headlights and crystalline rear LED lights with dynamic indicators for a sophisticated touch, all complemented by 18" PERSEUS alloy wheels in silver.

INTERIOR DESIGN

Inside the Ambition's striking interior, you'll be accompanied by a multifunctional leather sports steering wheel and 10" Bolero infotainment system, alongside Ambition Fabric upholstery and black hotstamping.

STYLE

EMOTIONS IN MOTION

The OCTAVIA range embodies the design trend of the ŠKODA brand: a fusion of aesthetics, safety and practicality. Whether you see the car as a whole or step closer and explore its unique features, the OCTAVIA range radiates with the harmony of functionality and emotion.

STYLE AND FUNCTIONALITY

The car features dynamic lines, balanced proportions and distinctive features such as the front grille and headlights in the shape of an arrow. The fog lamps are also unmistakable. In addition to their utility functions, they play a key design role.

ŠKODA BRAND

As a badge of honour, the ŠKODA name proudly embraces the 5th door.

TIME TO SHINE

Advanced technology is made beautiful in the light design of the OCTAVIA. The car features full LED Matrix headlights, which offer greater road lighting and a higher degree of safety.

FULL LED MATRIX HEADLIGHTS AND FOG LAMPS

In exterior lights, the unique ŠKODA Crystal design is combined with an innovative solution, matrix technology. Using a windscreen camera, the full LED Matrix headlights can detect a car in front of you or in oncoming traffic. Based on this, the high beam adjusts itself incrementally. This ensures you get the best view without blinding other drivers. The headlights also feature a low beam function (Adaptive Frontlight System modes) created by a projection module in combination with a side light reflector. The system adapts the lighting to the steering wheel position. The excellent functionality of the fog lamps is powered by LED technology.

Standard on Style and RS. Not available on Ambition.

REAR LIGHTS

The full LED rear lights are fitted with dynamic turn indicators, which not only reveal where the driver is about to turn, but also add dynamism to the car.

A wide-angle, high-quality photograph of a car's interior, specifically the front passenger and driver's areas. The dashboard is dark with a prominent horizontal silver trim piece. A large, rectangular infotainment screen is mounted high on the dashboard, displaying a grid of icons for various functions like Radio, Navigation, and Media. Below the screen are air vents and a row of control buttons. The steering wheel is black with a silver Skoda logo in the center. The center console features a gear shifter and handbrake. The seats are upholstered in a dark, textured fabric. Blue ambient lighting is visible along the sides of the dashboard and under the seats. The overall design is modern and functional.

WELCOME HOME

The interior welcomes you with a perfect harmony of materials and colours. The dashboard refers to the car's exterior lines and emphasises the feeling of generous space. The infotainment display positioned high up on the dashboard, in the driver's immediate field of view, creates a pleasant symmetry. The attractive décor, chrome details and LED ambient lighting enhance the powerful impression.

STYLE AND FUNCTIONALITY

The car comes with a 3-spoke multifunction leather steering wheel allowing you to control the radio and your phone for example with ease.

COMFORT AND SPACE

ŠKODA's craftsmanship is confidently presented inside. Surrounded by high-quality materials, you'll enjoy the ride no matter where you sit. The exceptionally spacious interior offers lots of legroom and headroom for the whole crew.

OCTAVIA Style shown with optional Luxury Pack available at extra cost.

WIRELESS CONNECTIVITY

OCTAVIA FEATURING WIRELESS APPLE CARPLAY® & WIRELESS ANDROID AUTO™*

Combining our smart car with your smartphone was always going to be a good idea. OCTAVIA featuring wireless Apple CarPlay® & wireless Android Auto™+ seamlessly connects compatible apps from your smartphone to your OCTAVIA. So, whether you want to listen to music or receive turn-by-turn directions, you can do it all without touching your phone.

+ OCTAVIA featuring wireless Apple CarPlay® & wireless Android Auto™ is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service required, optional connection cable (sold separately).

WIRELESS CHARGING/USB

The OCTAVIA comes with an enlarged phone box which wirelessly charges your phone while driving. This compartment is not only easily accessible, but is also suitable for large display devices. Two USB-C ports located in the centre console allow you to connect your external devices without the need for dongles or adapters.

GENIUS IS IN THE DETAILS

SUNGLASSES COMPARTMENT

This practical compartment located above the interior rear-view mirror is within the driver's and front passenger's reach.

(Not available in combination with panoramic sunroof.)

LIQUID RESERVOIR

You will never spill a single drop when refilling the washer fluid. The liquid reservoir is not only easily accessible, but also has an integrated funnel.

Simply Clever solutions make your life easier. Whether it's practical storage compartments or an ingenious towbar (available as a standalone option at extra cost), these thoughtful features take the headache out of travelling.

UMBRELLA STORAGE COMPARTMENT

An ingenious compartment fitted inside the driver's door is designed to let water drain away from the car.

JUMBO BOX AND DRINK HOLDERS

Small electronic devices can be safely stored in the Jumbo box in the front armrest. And when the air conditioning is on, you can even cool your snacks. For your drinks, there are drink holders with Easy Open function on the centre console.

CARGO ELEMENTS

To avoid any undesired movement of luggage while driving, these two plastic cargo elements with a Velcro fastener are ideal. They can be stowed away in the compartments behind the rear wheel arches when not in use.

HIGH-TECH, HIGH COMFORT

Sometimes it's good to let yourself be spoiled. While driving, for example. Plenty of thoughtful technologies and smart features are here at your command, ready to maximise your comfort and driving pleasure. Just put your foot down.

ELECTRIC TAILGATE AND VIRTUAL PEDAL

The electrically-controlled 5th door opens and closes at the mere touch of the button on the remote control, central panel or directly on the 5th door. You can also adjust the upper door position to suit your needs. The door is also equipped with a virtual pedal enabling contact-free access.

MULTIMEDIA 10" DISPLAY

Attractive design is accompanied by perfect functionality. The multimedia 10" display enables touch slider operation, where you don't need to touch the screen while adjusting the volume or zooming the navigation. Below the display, it also provides an ergonomic wrist rest when operating the screen.

COLUMBUS 10" INFOTAINMENT

The top-class Columbus infotainment with 3D navigation system can adjust to different zoom levels on the infotainment display and Virtual Cockpit, which is a great tool for displaying maps, for example. This new enhanced and voice control system can answer queries about a wide variety of topics and follows commands. For example, it will start navigation to a desired destination or take dictation for an SMS.

Standard on Style and RS. Not available on Ambition.

AMBIENT LIGHTING

Experience ultimate comfort thanks to the interior lights. This feature enables users to define any available colour to illuminate the dashboard, the front doors and, in a new development the front and rear footwells. Different colours can be selected for the upper part (the dashboard and front-door trim) and the lower part (the front and rear footwells).

CANTON SOUND SYSTEM

Enjoy absolute sound clarity, whether it's music or the spoken word, from the CANTON Sound System with twelve speakers, including a central speaker and subwoofer in the luggage compartment.

Available in optional Tech Pack on Style and Premium Pack on RS at extra cost.
Not available on Ambition.

MULTIMEDIA HOLDER

The multimedia holder enables you to securely fit a tablet to the front seat headrest.

HEAD-UP DISPLAY

The head-up display shows the driving data in such a way that the driver's eyes don't have to refocus, thereby significantly reducing the possibility of distraction.

Available in optional Tech Pack on Style and Premium Pack on RS at extra cost. Not available on Ambition.

VIRTUAL COCKPIT

All that important information that used to be displayed on your dashboard gauges, is now brought to life in a dynamic digital display. This driving data includes speed and fuel readouts - along with more contemporary features, like driver assist and navigation tools.

ELECTRIC PARKING BRAKE

The OCTAVIA is fitted with an electric parking brake (as standard across all car versions) that has replaced the usual mechanical handbrake. The electric parking brake acts on the rear wheels. It can be manually activated/deactivated by the button located on the centre console between the front seats.

Auto hold function not available on Ambition and Style, standard on RS.

SHIFT BY WIRE

As the first car of the ŠKODA brand, the OCTAVIA comes with "by wire" technology designed for maximum comfort in vehicles equipped with automatic transmission. The shift by wire is controlled by a shift lever in a minimalist design integrated in the centre console.

KESSY

With KESSY (Keyless Entry, Start and exit System) you can lock/unlock your car and start or stop the engine completely key free.

SAFETY AT YOUR FINGERTIPS

The OCTAVIA's advanced safety assistance is second to none, with over ten features available to ensure you feel safe and comfortable, no matter where you drive.

ADAPTIVE CRUISE CONTROL^o

Using a radar device in the front grille, in addition to its basic cruise control function. This assistant system maintains a safe distance from vehicles in front of you to increase driver comfort.

^oSafety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.
Overseas Model shown for illustrative purposes only.

ADAPTIVE LANE ASSIST^o

Operating at speeds above 60 km/h, Lane Assist+ can help to keep the car in the middle of correct lane.

Available with the optional Luxury Pack on Style at extra cost. Standard on RS. Not available on Ambition.

EMERGENCY ASSIST^o

Emergency Assist reduces the risk of an incident in the event of the driver's sudden health collapse, for example, by safely stopping the car and turning on the warning lights.

Available with the optional Luxury Pack on Style at extra cost. Standard on RS. Not available on Ambition.

TRAFFIC JAM ASSIST^o

This function is designed to facilitate driving in traffic jams. By controlling the engine, brakes, and steering, it makes the vehicle pull away, brake, and turn to copy the movement of the surrounding vehicles (at speeds of up to 60 km/h). If lanes are not detected at speeds of up to 30 km/h, or only one lane (line) is detected at speeds of up to 60 km/h, the Follow Drive system follows the trajectory of the vehicle in front of you until lane markings are available again.

Available with the optional Luxury Pack on Style at extra cost. Standard on RS. Not available on Ambition.

SIDE ASSIST - BLIND SPOT DETECTION®

Using radar sensors in the rear bumper, Side Assist (which can detect other vehicles and harder to see objects like cyclists up to 70 m away) monitors the areas behind and beside your car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

Available with the optional Luxury Pack on Style at extra cost. Standard on RS. Not available on Ambition.

◊Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices. Overseas Model shown for illustrative purposes only.

FRONT ASSIST WITH CITY EMERGENCY BRAKE & PREDICTIVE PEDESTRIAN/CYCLIST PROTECTION®

The front assist system, using a radar device in the front grille, is designed to monitor the distance from the vehicle ahead and apply the emergency braking mechanism if any obstructions are detected.

PARK ASSIST®

Minimise the hassle of parking in tight spots with Park Assist. It automatically selects an appropriate parking place in a row of parallel or perpendicularly parked vehicles.

Available with the optional Premium Pack on RS at extra cost. Standard on Style. Not available on Ambition.

REAR TRAFFIC ALERT®

The system warns the driver of rear traffic as they pull away from a row of perpendicularly parked vehicles (visually on the infotainment display/ onboard computer display or acoustically), or, if the case so requires, intervenes proactively, i.e., stops the car.

Available with the optional Luxury Pack on Style at extra cost. Standard on RS. Not available on Ambition.

ADDITIONAL EXPERTS ON BOARD

You can encounter various things on the road. To ensure that the car is ready to handle all situations that may occur on route, additional assistants with multiple functions are on hand to help or fill in for the driver.

MATRIX BEAM FUNCTION

The full LED Matrix headlights feature matrix beam function. This allows you to use the high beams continuously, without blinding other drivers. Using a windscreen camera, the matrix beam function responds to the traffic situation and turns off only some segments of the light. Other segments are turned on and illuminate the road. The matrix beam function also uses information from the navigation system. Thanks to it, the high beams will only turn on when you are out of a built-up area.

Standard on Style and RS. Not available on Ambition.

ØSafety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Overseas Model shown for illustrative purposes only.

PASSENGER PROTECT ASSIST®

This assistance system provides increased protection for front-seat passengers in critical situations that could lead to a crash or overturning by closing the side windows to leave only a 5 cm gap, shutting the roof window, and tightening seatbelts.

Standard on RS.
Not available on Style
or Ambition.

MULTI-COLLISION BRAKE®

In case of an accident, the Multi-Collision Brake starts braking to prevent further uncontrolled movement of the vehicle, thus reducing the likelihood of further collisions.

SAFE HAPPENS

In extreme situations, where the driver cannot actively influence the outcome, the car's passive safety elements take over – like the airbags.

FRONT DRIVER, PASSENGER AND CENTRAL AIRBAGS

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard if needed, this can be deactivated when a child seat is installed on the front seat. An additional central airbag fitted within the inner side of the driver's backrest, is designed to protect the driver and front passenger from colliding, especially in the event of a side collision.

HEAD AIRBAGS

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

FRONT SIDE AIRBAGS

These two airbags protect the pelvis and chest of the driver and passenger in the event of a side collision.

KNEE AIRBAG

This airbag, which is located under the steering wheel column, protects the driver's knees and shins.

LUGGAGE COMPARTMENT

The OCTAVIA's boot is a unique mixture of large compacity with clever practicality. You can find many smart features inside the OCTAVIA's boot, which will help you load all your stuff, keep the car tidy and prevent things from moving around.

LUGGAGE HOOKS

You'll be hooked as soon as you use them. Whether it's a shopping trip or a trip away, these handy hooks are great for hanging bags from and creating more space.

NET SYSTEM

One horizontal and two vertical nets increase the flexibility of the luggage space while firmly securing objects.

DOUBLE SIDED MAT

You can use the carpet with the elegant fabric side up when not transporting anything that might make your car dirty and can easily turn it over to utilise the washable rubber side when required.

BOOT CAPACITY

As always the luggage compartment is generous. The sedan version offers 600 litres of storage, which can be extended up to 1,555 litres by folding down the rear seats. Meanwhile the wagon version offers 640 litres and 1,700 litres after folding down the rear seats.

POWER TO THE PEOPLE

ADAPTIVE CHASSIS CONTROL INCL. DRIVE MODE SELECTION

Enjoy the high performance of your car in maximum comfort and safety. The Adaptive Chassis Control continuously evaluates and responds to various driving situations (braking, acceleration, turning), adapting the damping and steering characteristics. As part of the infotainment menu, it allows you to select one of five modes according to your specific requirements: Eco, Comfort, Normal, Sport or Individual.

Available in optional Tech Pack on Style and Premium Pack on RS at extra cost. Not available on Ambition. Overseas Model shown for illustrative purposes only.

ENGINES

The OCTAVIA offers 110kW (Ambition and Style) and 180kW (RS) turbocharged petrol engines that guarantee excellent performance and acceleration, complemented by low fuel consumption.

RS

BOLD NEVER GOES OUT OF STYLE

Exclusive meets sporty. The OCTAVIA's emotional design sets a daring tone with its RS version, both on the outside and in. Combine the timeless elegance with specific dynamic features supported by the lower chassis and get a car with attitude.

EXTERIOR DESIGN

The car features bumpers in RS design and glossy black elements such as exterior side-view mirror caps, strips around the side windows, front grille frame, and air curtain framing darkened fog lamps. The RS badge on the grille is a nod to the famous racing tradition of ŠKODA cars. The dynamic appearance of the exterior is enhanced by 19" ALTAIR brushed anthracite alloy wheels. The red brake callipers emphasize the sporty character of the vehicle.

REAR VIEW

The distinctive rear bumper with glossy black decorative elements, black diffuser and visible exhaust pipe end pieces are key design features for the rear of the car. The RS version also features the ŠKODA lettering and model name on the 5th door in black. The glossy black roof railings come exclusively with the wagon version.

COMFORT AS YOUR CO-PILOT

Step into a space where you can truly be yourself. The interior of the OCTAVIA RS is that kind of place. The legendary spaciousness of ŠKODA cars, premium materials and state-of-the-art technology spiced up with RS elements in the sports style let you experience uncompromised comfort while staying sporty at heart.

VIRTUAL COCKPIT / LED AMBIENT LIGHTING

The Virtual Cockpit, which comes as standard, can display onboard computer specifications in combination with other information such as navigation. You can choose from five layouts (views), controlled via the infotainment system, including Sport view, specific to the RS version. The background illumination is determined by the interior ambient lighting offering many amazing colour options.

INTERIOR DESIGN

The interior is equipped, among other things, with a multifunctional leather sports steering wheel with RS logo, Virtual Cockpit including Sport view (specific to the RS version), front sports seats, and pedal covers in alloy design. The upholstery in black fabric is accompanied by Alcantara® pad with stitching on the dashboard and Carbon décor. Alongside this, the RS has your safety under control with ten air bags as standard.

~ The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the Owner's Manual for full operating information.

WELCOME TO CARE-FREE OWNERSHIP

ŠKODA Care is about making sure that same level of attention to detail remains long after you've made your purchase, making owning a ŠKODA as fantastic as buying one.

After getting behind the wheel of a ŠKODA, it's not hard to see why they're so beloved by their owners. Quite simply, ŠKODA vehicles are made to be driven and we want to keep your journey a long and happy one. And the way it works is simple. ŠKODA Australia provides a 5 Year/Unlimited Kilometre Warranty[^] on all new vehicles. Every new ŠKODA vehicle includes one year ŠKODA Assist[±] (Roadside Assistance), from the warranty start date. To thank you for your loyalty, complimentary Service Initiated Roadside Assistance (SIRA for short) will be activated if the vehicle is returned to an authorised ŠKODA Dealer for scheduled service, as per the ŠKODA Service Schedule milestones. For more information and eligibility, please visit www.skoda.com.au/owners/roadside-assistance

ŠKODA Service Pricing

Buying a car is one thing, but owning a car is something else entirely. We're sure you'll want to know the costs of any service before you book it in. The cogs in our heads have been turning and we've come up with a solution we think is pretty clever. Our handy online service calculator can help you find the cost of your next service, scheduled to occur every 12 months/15,000 kms (whichever occurs first)*. No hidden expenses, no nasty surprises.

Genuine Parts

You don't have to be a genius (AKA a ŠKODA technician) to know that non-genuine parts aren't as good as using genuine ones. Our philosophy towards fixing your car is simple; the parts we use are identical to the parts used in the production of your car originally. Genuinely. And with a nationwide, two year, unlimited kilometre warranty[^] on all genuine parts, peace of mind comes easily too.

Service Packs

Why worry about handling the payment of your services on an ad-hoc basis when you already know you need to get them annually? Conveniently, you can save time by pre-paying your servicing with a 3 Year/45 000km (whichever occurs first) or a 5 year/75 000km (whichever occurs first) ŠKODA Service Pack[†] at any of our ŠKODA dealers. That way you can simply book a service time that suits you, and the costs are already covered. Your car, serviced at your convenience.

Service & Maintenance Subscription Plans

Say goodbye to unwelcome surprises. By signing up for the ŠKODA Service and Maintenance Monthly Subscription Plan, you're covered for all standard scheduled services as well as your maintenance repairs#. Even better, all your service and maintenance requirements are pre-approved# - quotes are a thing of the past. Simply select the option that suits your drive style, and sign up at your local dealer today so that you can have real peace of mind knowing that the work is carried out by ŠKODA technicians – factory trained to ensure your ŠKODA gets the right treatment.

REMOVE ANY DOUBT WITH ŠKODA CHOICE.

ŠKODA Choice[±] is a flexible finance program that allows you to guarantee your vehicle's minimum future value[±] at the time of purchase, giving you peace of mind knowing the value of your ŠKODA is secured.

- ✓ Freedom to tailor your contract term and kilometre allowance to suit your lifestyle.
- ✓ Fixed interest rate for the life of your Loan with no account keeping fees.
- ✓ At the end of your ŠKODA Choice contract you can select from three simply clever options – trade-in, retain or return.
- ✓ Opportunity to upgrade your ŠKODA more often, enjoying the latest model with the best innovations and technology.

HOW IT WORKS

Step 1

Choose your favourite ŠKODA model.

Step 2

Choose your preferred term from between 12 and 48 months, along with an annual km allowance and repayment options that suit your lifestyle.

Step 3

At the end of your chosen term, select from one of the three end of term options:

Trade in

If you wish to trade-in your ŠKODA for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value[±], you can use this equity towards your new vehicle.

Retain

If you prefer to retain your ŠKODA, simply let us know. Provided that you also meet the relevant payment obligations under your contract, you can purchase your vehicle outright for the Guaranteed Future Value amount locked in at the start of the contract[±]. Then your ŠKODA is yours to keep. Or you can choose to refinance your balloon at the end of the term.

Return

All you need to do is hand your car back and, if the vehicle meets the agreed kilometre and fair wear and tear requirements[±], you will have no more to pay.

For more information on our Guaranteed Future Value program, visit <https://www.skoda.com.au/finance/skoda-choice>

[^]Conditions and exclusions apply, see www.skoda.com.au/owners/warranty. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them.

[±]ŠKODA Assist (roadside assistance) is provided by AWP Australia Pty Ltd ABN 52 097 227 177 trading as Allianz Global Assistance, under an arrangement with Volkswagen Group Australia Pty Limited ABN 14 093 117 876. Conditions and exclusions apply, see www.skoda.com.au/owners/roadside-assistance. *ŠKODA Service Pricing applies to the first 6 standard scheduled services of your vehicle which are scheduled to occur at every 15,000 km/12 month interval (whichever occurs first). On or before 31 December each year, ŠKODA will publish the maximum price for a specified Scheduled Service that will be applicable from, and remain fixed for, the following calendar year only. For details on pricing, items not included in the Service Price and for full terms and conditions please see www.skoda.com.au/skoda-care/service-pricing. [†]ŠKODA Service Pack are available at ŠKODA Dealers for all models and covers standard items as contained in each scheduled service interval only. Discount structure varies by model. For details of what is not included in a scheduled service, please refer to the program terms and conditions available here: www.skoda.com.au/skoda-care.

#For more information and eligibility, please visit <https://www.skoda.com.au/promotions/promotion-detail/service-maintenance-subscription-plan>.

[±]ŠKODA Choice consists of an option to return your vehicle to ŠKODA Financial Services (SFS) ABN 20 097 071 460, Australian Credit Licence 389344, at the end of the term and requires SFS to purchase the vehicle at an agreed price determined by SFS, known as the Guaranteed Future Value (GFV). At the end of the term, you can elect to: (1) trade-in; (2) return; or (3) retain the vehicle by paying the GFV, which is a lump sum owed to SFS at the end of the loan term after all repayments have been made. You will be liable for any loan contract deficit and additional charges if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition. Available on new and demonstrator ŠKODA vehicles for selected models. Contact your nearest ŠKODA dealer to verify eligible vehicles for this program. Fleet, government, rental buyers, hire car and chauffeur companies excluded.
