Kangoo can do even more

Renault **KANGOO**

Renault Kangoo. Efficient, smart and versatile.

There's a reason that the Renault Kangoo was awarded the Best Small Van in Australia by Delivery Magazine in 2015 and 2016.

Available in short wheelbase, maxi and crew van versions, and in petrol or diesel, the Renault Kangoo can be adapted to your every demand. It offers superior comfort, a wide range of custom-built and practical solutions as well as the peace of mind that comes with a 3 year/200,000km warranty.

EUROPE'S **NO.1**
VAN RANGE
18 YEARS RUNNING

Overseas model shown

Range

Short or long, petrol or diesel, auto or manual – whichever you choose, there's a Kangoo full of can-do that's just right for your business.

Kangoo Compact Manual & Auto

Dual side doors, a low load floor and enough space between the wheel arches for a full size Aussie pallet make the Compact the city van of choice. With its powerful and efficient turbo petrol engine hooked to a smooth shifting 6 speed auto or manual transmission, Kangoo Compact delivers both space and pace.

Kangoo Maxi Manual & Auto

Maxi means more – more space, more payload and more power. With a longer wheelbase that boosts cargo space by 33% and a grunty turbo diesel engine up front providing class leading torque, Maxi works hard for your business. Now available for the first time with 6 speed auto transmission.

Kangoo Crew Manual

If you need maximum versatility from your working wheels Kangoo Crew could be the van for you. With the rear seats clever flat fold function there's no compromise to cargo or passenger carrying ability. Carting a full load during the week? No problem! Want to throw the kids bikes in the back on the weekend? Kangoo Crew's got that covered too. It's a true multi-purpose vehicle!

Big things come in small packages.

Kangoo Compact Turbo Petrol

The engine in the Kangoo Compact features some cutting edge technology to ensure it consistently delivers smooth, dependable performance with maximum reliability. That technology means it's also very efficient, using less fuel and creating fewer pollutants. All this with great all round drivability and surprising acceleration.

More power

The H5Ft engine produces 84kW of power at just 4500 rpm's. This means less noise and vibration for a quieter, more relaxed drive, and significantly less engine wear. Because it's not revving as high, it also means lower fuel consumption.

More torque

The Compact's engine uses both turbo charging and direct fuel injection to deliver 190Nm of torque between 2000 & 4000 rpms. Not only does the H5Ft produce plenty of torque, it does it over a broad rev range as well. But don't take our word for it – one drive and you'll be hooked on the seamless surge that's available any time you flex your right foot.

More safety

We want you to be safe, and that's why it makes no difference which Kangoo model you buy - they all come with the same high level of safety equipment standard. There's ESC & ABS, as well as reverse sensors, cruise control and a speed limiter. Hill Start Assist reduces the chance of rollback, and front and side airbags provide additional protection to front seat occupants.

More equipment

The extra's don't stop there. We've upgraded the transmissions to make optimal use of the engines performance. There's a light and smooth shifting 6 speed manual for those that like to change their own gears, or a 6 speed automatic that delivers seamless shifts and smooth acceleration at any speed.

With a sound deadening cargo bay mat thrown in as standard, the Kangoo Compact is great value for money.

The Big Small Van Kangoo Maxi.

If power, payload and space are on your shopping list, step up to the Kangoo Maxi.

Kangoo Maxi makes the most of your working day with 33% more cargo carrying space and payload than the already capable Compact. Right and left sliding doors and dual rear swing doors that open 90 or 180 degrees make loading and unloading a breeze, especially for city operators who often work in confined spaces.

Powered by a common rail 1.5L diesel and hooked to your choice of 6 speed manual or automatic transmissions, it's delivers a solid 800kg+ payload and 1 tonne towing power.

And because the most important thing it will carry is you, it comes with the same safety features as every Kangoo. There's Electronic Stability Control, Emergency Brake Assist, Traction Control, Grip Assist, reversing sensors, Bluetooth and steering mounted audio and cruise control.

The van for everyone.
Kangoo Crew.

With its business, family, or a bit of everything, Kangoo Crew is the versatile van that packs a whole lot of can do!

Featuring 60/40 split-fold rear seats, dual sliding side doors with glazed opening windows and seating configurable for 2, 3, 4 or 5 people, it's just as comfortable transporting the crew to the job or the family to the beach.

Want more? Upgrade to the Kangoo Crew with Business Plus Pack for some extra style and comfort. It includes the R-Link Satellite Navigation and Media system with 7" touch screen and Android Auto phone mirroring, leather wrapped steering wheel and gear knob, rear cooling and heating ducts, alloy wheels and a unique design body coloured front bumper. There's also unique Poppy Red and Cosmos Blue metallic colours.

The Cargo Barrier made clever.

For the Kangoo Crew we've developed the multi-positional bulkhead, a clever solution that enhances both practicality and safety with no compromise to either.

When you're carrying passengers, it sits behind the rear seats, giving plenty of protection from rear cargo. When you fold the seats down for extra cargo space, it follows suit to protect passengers in the front.

Overseas model shown with optional retractable modular bulkhead.

Stay connected.

Kangoo *can-do* connectivity! You can play the tunes of your choice through a quality AM/FM radio that includes USB input, a 3.5mm auxiliary jack, plus Bluetooth hands-free with audio streaming capability, all controlled via steering wheel mounted controls so you won't need to take your eyes off the road for a moment. There's also a CD player for those who like their music the way it used to be.

A 12V power outlet lets you charge any portable electronics, and the optional R-Link Enhanced Media and Navigation system with Android Auto phone mirroring and 7" touch screen will keep you on track wherever your day takes you.

Versatile.

Convenience.

Kangoo has everything you'll want to meet the needs of your business. Short or long wheelbase, petrol or diesel, auto or manual. And that's before you decide whether you want twin or single side doors, rear barn doors or a tailgate. Whatever your business needs, there's bound to be a Kangoo to suit.

If your work van is more of a mobile office, you need a van that is equipped to keep you comfortable and organised. That's why Renault Kangoo features a height and reach adjustable steering column, air-conditioning, hands free connectivity and an integrated armrest, so you can personalise your workspace to fit you.

The overhead cabin storage shelf* is perfect for storing invoices and documents and interior lights are located in both the cabin

and cargo areas. The swivelling bulkhead^ provides an additional 0.6m³ of load space when the passenger seat is folded down, as well as protecting the driver, making the Renault Kangoo the ultimate office on the road.

Kangoo under the X-ray

A practical cargo space, flexible and efficient engines, and options that make it equally at home at work or leisure. Kangoo deserves a closer look.

A Very Practical Place

Big on Versatility

Whether you're hauling supplies or equipment, moving a crew to the next job site, or just taking the kids and dog to the beach, Kangoo's got it covered. It's a true multi-purpose vehicle.

Big on space.

Multiple storage compartments in the cabin make the most of the available space. There's a handy A4 storage tray in the middle of the dash, a generous glovebox, centre armrest cubby and front door bins that include a bottle holder. There's 3 cubes of cargo space in the SWB Compact, or 4 cubes in the LWB Maxi. Add another 0.4m³ (and a handy extra 80cms of load length) if you choose the optional folding passenger seat. Even The Crew with its seats up still boasts a useful two cubic metres. And with the seats folded into the floor it's just as spacious any other Maxi. There's a range of options to keep you and your cargo separate too. You can stick with the with tubular protection bars standard behind the driver on all models. Or you can specify a steel bulkhead, the innovative pivoting barrier, or an Australian Standards compliant mesh barrier. We've got every angle covered! Payload is 540 – 825kg, depending on model and optional equipment.

Big on Access

All Kangoo's come with the convenience of dual side sliding doors, for easy access to the cargo bay no matter where you park. LWB models have rear swing doors (optional on SWB), great for smaller parking spaces, or when you need to get a pallet in. SWB models are fitted with a lift up tailgate (standard) that does a great job of keeping the weather out! Kangoo's front wheel drive power train means the cargo floor can be lower, giving a load sill height of around 550mm, with no compromise to head room.

Effective width
up to 1.22m

Effective height
up to 1.25m

Effective length
up to 1.86m

Effective volume
up to 4.0m³

Payload
up to 825kg

Safety is paramount.

There's a wide range of options and accessories available across the Kangoo range, but there's one option you just can't buy – safety. That's because with a Kangoo, safety comes standard. Every Renault Kangoo comes with a range of features designed to keep you safe and secure. There's Driver and Passenger Front

and Side Airbags, and Anti-Lock Brakes (ABS) with Electronic Brake Assist (EBA). There's also Electronic Stability Control (ESC) with Traction Control (ASR), cruise control and a speed limiter. Hill Start Assist makes short work of hill starts, and Grip Assist gets you moving when traction's in short supply.

1. Driver and passenger airbags 2. Rear parking sensors 3. ABS with EBD
4. Adaptive ESC and Traction Control 5. Cruise control and speed limiter
6. Front fog lights* 7. Hill Start Assist

*Standard on Kangoo Crew only. Optional on Kangoo Compact and Maxi. Images shown for illustration purpose only.

Optional Equipment

Comfort

1. Perfect for manoeuvring, the **rear-view camera** shows an image of what's going on behind the vehicle on the R-LINK navigation screen when equipped. It especially comes in handy when your Kangoo is fully panelled or fitted with a solid partition, giving you full control in your surroundings.
2. **Retractable roof flap** ("Girafon") - The front-sliding hinged rear roof flap provides a 47 cm by 1m opening, easily letting you transport bulky objects.
3. **15" 'Aria' alloy wheels** (Standard on Crew).
4. **Overhead cabin storage shelf***: With storage space above the windscreen, the roof panel rack is wide and deep enough to store a range of items.
5. **The Renault R-LINK connected multimedia system** takes full advantage of TomTom Traffic Navigation, portable music, telephones, vehicle equipment control and access to the applications available from the R-LINK Store. The system is controlled using a special CD-radio with controls on the front (dial and buttons). It also comes with voice recognition to control your telephone and navigation.

*Overhead cabin storage shelf standard on Kangoo Crew. Overseas model shown.

Optional Equipment

Protection

1. **Swivelling partition[^]**. Allows you to load long items as needed whilst fully protecting the driver.
2. **Retractable modular bulkhead on Kangoo Crew**. This partition can be removed in one motion to allow three people to sit in the back or free up a 3.6m³ loading space for items measuring up to 2m.
3. **Steel bulkhead**. Fully isolates the loading space from the driver's position.

[^]Available for Compact and Maxi only.

Genuine Accessories

Safety and Comfort

For an extra level of driver comfort and safety, go no further than the selection of Renault Genuine accessories that have been designed specifically to suit the Kangoo.

1. Smartphone Support (7711574875)

Service + Expertise + Convenience

Renault Pro+ Dealer staff are dedicated to providing you with the highest level of personal service to help you find the best vehicle solution for your business.

They have specialist training and are enthusiastic about using their expert knowledge of the Renault commercial range to find the vehicle that is right for you at an affordable price.

Pro+ Dealers provide a wide range of extra services to business customers to keep you mobile and productive. When you visit a Renault Pro+ Dealer you can expect service that is designed to let you focus on your No.1 priority – your business.

Pro+ Dealers have to meet extra standards to be eligible to become commercial vehicle specialists within the Renault network.

Specialists at your service

Highly trained salespeople and service advisors with the extra skills required to sell and service commercial vehicles.

Decisions made easier

With more vehicles available, including conversions, choosing the right vehicle for your business is easy at a Renault Pro+ Dealer.

Your mobility guaranteed

A range of extra services to keep you mobile - extended workshop hours, on-site pick up and delivery, free service loan vehicles and more.

Reassurance. When you need it most.

When you purchase a Renault Commercial Vehicle, you can look forward to years of productive and economical service, backed by a trusted and reliable brand.

Comprehensive Warranty

With over 100 years of Commercial Vehicle history, our experience is reflected in the design, performance and quality of every vehicle we sell.

We're so confident of the quality in your new Renault Kangoo, we back it with a 3-year / 200,000 km warranty.

24/7 Roadside Assistance

Renault Roadside Assistance is a service Renault provides to you as a new Renault owner up to 4 years when you service your vehicle with Renault, regardless of how many kilometres you travel. You could run out of fuel, lose your car keys, or have a flat tyre near or far from your home. Just call 1800 009 008 and we'll provide the support you need. Available 24/7, 365 days per year and covers you across Australia.

Servicing

For easy budgeting, you enjoy Capped Price Services for the first 3 scheduled maintenance services.* And to minimise disruption to your business, authorised Renault dealers also have low-cost loan vehicles available to use. Simply book one in advance when you book a service with a Renault dealer.

To ensure you enjoy Renault expertise, authorised Renault Dealers have Registered Renault Factory Trained Technicians (COTECHs), only use Genuine Renault parts and equipment and tools specially designed for your Renault.

There's also a 1-year parts and labour guarantee on all repairs and we offer clear, simple and transparent pricing structure for all servicing.
