HELLO

Welcome to Hyundai.

If you're new to us, we'd like to introduce you to a company which has become the world's fastest growing automotive brand.

We are obsessed with making visionary cars that are great to own and fun to drive. Our focus on the latest technology, the best safety features, and the highest quality engineering is the reason why so many people now choose Hyundai.

Each new Hyundai vehicle is the product of new thinking – of looking afresh and questioning the way things have been done in the past. And from new thinking comes new possibilities.

Enjoy the drive.

A NEW BENCHMARK IN SERVICE AND SUPPORT

Owning a car should be an enjoyable, stress-free experience with service that doesn't end in the showroom. That's why every new Hyundai comes with iCare. For years now, Hyundai has been the market leader in customer care and after sales support. To put it simply, we're with you for the road ahead.

LIFETIME SERVICE PLAN[#]

With our Lifetime Service Plan, you'll always know the price of your next service before you pull into the service centre.

ROADSIDE SUPPORT PLAN[^]

It's unlikely you'll run into problems while on the road. But if you do, it's nice to know that with our 24/7 Roadside Support Plan there's always someone on standby to get you up and running again.

5 YEAR UNLIMITED KILOMETRE WARRANTY*

Five years. Unlimited kilometres. It's a warranty idea we pioneered, and shows the belief we have in the manufacturing, quality, control, and design that's gone into your vehicle.

PLAN

Veloster Series II model shown in White Crystal

[#] **Lifetime Service Plan:** For the benefit of Hyundai owners, Hyundai provides online quotes, which specify the maximum price applicable for a vehicle's next scheduled maintenance service at a participating authorised Hyundai Dealer and using genuine Hyundai parts (where required). Online quotes are available at www.hyundai.com.au and apply for a stated effective period only and may change without notice after that effective period. Standard scheduled maintenance services are of limited scope. The benefit of online quotes is available for all Hyundai vehicles for their lifetime.

[^] **Roadside Support Plan:** Complimentary 12 months Roadside Support when you purchase a new Hyundai passenger vehicle (excluding rental buyers). Further Roadside Support extensions are available, each for 12 months from the date of a scheduled maintenance service at a participating authorised Hyundai Dealer (unless vehicle is more than 108 months [9 years] from the original new car sale date, in which case entitlement to Roadside Support ends when vehicle reaches 120 months [10 years] from original new car sale date).

* **5 year/unlimited km warranty:** Applies to new passenger vehicles used for private/domestic purposes. Excludes vehicles used at any time for "commercial application" as defined in the vehicle warranty policy, for which a 5 year/ 130,000km (whichever occurs first) warranty applies. Refer to full warranty terms & conditions for details and exclusions.

NEED

A FRESH TAKE ON URBAN COMMUTING

The all-new Hyundai Veloster Series II is a car like no other. It combines the exciting styling cues and aggressive stance of a sports car with the space and everyday practicality of a hatch.

The Veloster Series II offers a spirited performance and a fun driving experience that's made even more pleasurable through exceptional fuel economy and low emissions.

At the same time, it's also been designed to meet the demands of today's modern world, and matches its impertinent good looks with the down-to-earth functionality that makes a hatch so practical.

That means there's room for all your stuff, as well as driving comfort for four occupants.

The Veloster Series II is packed with all the technology you need to keep connected to the things that matter most. What's more, it's loaded with safety features that will also help to keep you connected to the road.

As exciting to drive as it is to look at, the Veloster Series II is a fresh take on urban commuting.

Veloster Series II model shown in Vitamin C

Veloster Series II model shown in Vitamin C

2 DOOR STYLE, 3 DOOR ACCESS

With its confident and energetic design lines, unique 2 + 1 asymmetric door configuration and a bold colour palette, the Veloster Series II brings to the street all the exhilaration, excitement and flair you'd expect from a futuristic concept car.

In developing the Veloster Series II, Hyundai has broken new ground by thinking beyond the limits of conventional coupés to create an innovative vehicle that combines sports car style and dynamics with hatchback practicality. Similarly, while maintaining the classic two-door look of a coupé, the Veloster Series II incorporates a hidden third door on the passenger side for safe and easy kerbside access to the rear seats.

2 + 1 door configuration

Setting it apart from the competition, the Veloster Series II features one large door on the driver side and two doors on the passenger side.

Hidden door handle

To maintain the integrity of the Veloster Series II's two-door coupé styling, the handle to the third door is hidden in the window frame.

Generous boot space

Even opening the Veloster Series II's tailgate reveals a pleasant surprise. With 440 litres of luggage space, plus the versatility of 60:40 split folding rear seats, there's more than enough room to hold everything you need for a holiday.

PULSE QUICKENING CURVES BOLD MODERN COLOURS

Unconventional and highly-individual, the Veloster Series II reflects the spirit of a new generation that thinks differently and sets the trend for others to follow.

Muscular wheel arches combine with a low stance, hood detailing and character lines that continually ebb and flow, to create a sense of movement and balance. The coupé styling is further reinforced by wraparound headlights and taillights, as well as a dynamic rear design with centred chrome finished dual exhaust outlets and a black lower fascia that complements the assertive front grille.

Sculpted fluidic design language

Aerodynamic character lines inspired by Hyundai's "Fluidic Sculpture" design language, create a streamlined exterior that looks as though it's been carved by light rays.

LED Daytime Running Lamps (DRL)

LED DRLs create a striking impression and increase visibility of the vehicle to other road users.

Automatic Dusk Sensing Headlights

To increase driving safety and the visibility of your vehicle to other drivers, headlights are automatically turned on as daylight begins to fade.

Chrome radiator grille

An aggressive interpretation of Hyundai's signature hexagonal front grille provides the Veloster Series II with a confident, dynamic and daring face to the world.

Bonnet character lines

The aggressive hood, with its character lines and shallow bonnet cut outs, adds to the sporty look and distinguishes the Veloster Series II from the competition.

Dual centre exhaust

Chrome finished and flush with the rear bumper, the dual centre exhaust outlets provide the perfect mix of style and performance.

Veloster Series II model shown

Designed for the digital age, the Veloster Series II delivers as much fun to passengers as it does to the driver. The roomy and comfortable interior is inspired by the design elements of a high-performance motorbike, with the centre fascia shaped like a fuel tank and the air vents fashioned like exhaust pipes.

INNER BEAUTY

Veloster SR Turbo model shown

Steering Wheel Mounted Controls

Remote control switches on the steering wheel enable fingertip operation of the audio and cruise control functions.

Veloster SR Turbo model shown

Auto Climate Control

Once you've set the desired temperature, the auto air conditioning system with auto defog takes care of the rest, ensuring the interior climate remains constant and comfortable.

Alloy pedals

Distinctive alloy pedals complement the sports flair in the interior and enhance the sports driving experience.

Panorama glass roof

With the touch of a button, the full length two-piece panorama glass roof transforms the comfortable cabin by filling it with light and air.

Front sports bucket seats

Bolstered sports comfort bucket seats for the driver and front passenger enhance the coupé feel and provide high levels of support to reduce fatigue during long journeys.

Veloster Series II SR Turbo model shown

RICH TECHNOLOGY AT YOUR COMMAND

Inside and out, the Veloster Series II is a showcase of cutting-edge innovation. Throughout, smart and intuitive technologies have been pushed to the limits to make your driving experience safer, easier and more enjoyable.

An impressive 7-inch multimedia touch screen dominates the centre console and supports a range of advanced applications and systems that keep you connected, informed and entertained. Stream music or talk hands free* on your mobile.

COOL NEED TECH

Multimedia System

The Veloster Series II comes with a 7.0" LCD touch screen audio system with MP3 capability, Siri® Eyes Free (iOS) / Google Now™ (Android) voice activation & Apple CarPlay™^ compatibility.

Bluetooth® Connectivity*

Each vehicle's audio system includes Bluetooth® connectivity as standard, providing you with a safe and convenient way to stay in touch with business, family and friends when out on the road.

Rear view camera

To assist you while parking in tight spots and to help avoid accidents, a rear view camera displays the area behind the vehicle in the centre console LCD colour touch screen.

Google Now™ is a trademark of Google Inc.

^Apple CarPlay™ requires iPhone® 5 or subsequent model (lightning cable) in order to operate. iPhone® and Siri® are registered trademarks of Apple Inc. registered in the U.S. and other countries.

*Please check your Bluetooth® device's capabilities to ensure compatibility. Bluetooth® is a registered trademark of Bluetooth SIG, Inc.

Tuned suspension
The Veloster Series II has been designed to achieve outstanding weight efficiency, which in turn allows greater agility, performance and fuel efficiency.

Veloster SR Turbo model shown

Manual Transmission
The 6-speed manual transmission is built with a key and ball-type synchromesh, and optimised gear teeth for enhanced precision and smoother shifting.

Dual Clutch Transmission (DCT)
The 6-speed (Veloster) and 7-speed (Veloster SR Turbo) dual clutch transmissions with steering wheel-mounted paddle shifters, enables fast gear changes and features an electric motor operated type clutch that provides fast and smooth automated gear changes and an uninterrupted transfer of power.

Aerodynamics

The Veloster Series II's low coupe profile enhances its aerodynamics, while its smooth contours provide lower fuel consumption with a Coefficient drag rating of 0.32.

Combined	6.4	6.4	6.9	7.1
CO ₂ (g/100km)	153	151	163	165

*Source: Australian Design Rule 81/02 static laboratory combined average city and highway cycle test. Real world fuel consumption will vary depending on a combination of driving habits, the condition of the vehicle, and other factors such as road, traffic and weather conditions. ADR 81/02 test results are meant for comparison purposes only.

Out on the open road, the spirited performance of the Veloster Series II's all-aluminium Gamma 1.6 litre engine makes for an invigorating drive.

Using a highly efficient Gasoline Direct injection (GDI) fuel system, this responsive and robust new engine is lightweight, quiet and vibration free. Combined with a 6-speed manual, or 6-speed (Veloster) and 7-speed (Veloster SR Turbo) dual clutch transmission, this world-class powertrain delivers reduced fuel consumption and low emissions.

The Veloster Series II's suspension has been specifically tuned for Australian road conditions and features a range of engineering technologies that provide a smoother ride and nimble handling.

The suspension and steering systems of the Veloster SR Turbo has undergone rigorous testing and extensive local sports tuning to achieve a delicate balance between compliance and control on all Australian road conditions. Each vehicle incorporates an array of intelligent driver assistance technologies that ensure a smooth ride and assured road-holding, no matter where your adventures take you.

GENEROUS PERFORMANCE EXCEPTIONAL ECONOMY

Veloster Series II model shown in Veloster Red

A UNIQUE WAY TO DRIVE

Veloster Series II model shown in Veloster Red

EXCEPTIONAL LEVELS OF STANDARD SAFETY

At Hyundai, safety is one of our highest considerations and begins at the design stage of each vehicle. It influences our choice of superior materials in chassis construction (such as high tensile strength steel, produced using Australian iron ore) and continues through to exacting engineering practices.

The Veloster Series II achieved the maximum 5-star ANCAP safety rating. It comes standard with numerous active and passive safety technologies and measures, which are designed to help the driver stay in control at all times, and reduce the possibility of injury should an accident occur.

Plus with features like a rear view camera that allows you to see what's behind you via the centre console's 7-inch LCD screen, and a rear park assist system that uses sensors to deliver an audible alert when the back of the car is getting too close to an object – the Veloster Series II makes sure your driving remains as safe as the vehicle itself.

Dual centre rail roof
To provide further protection in a collision, both the dash cross member and side members, as well as the roof structure and pillars are made from reinforced sheet steel.

6 Airbags
With a system of 6 airbags including driver and front passenger airbags, side curtain airbags, as well as left and right front side airbags, the Veloster Series II takes every precaution to reduce the risk of injury in the event of a collision.

Hillstart Assist Control (HAC)
Hillstart Assist Control minimises the Veloster Series II from rolling backwards when starting from a complete stop on a steep ascent. (DCT only)

Traction Control System (TCS)
Working in tandem with ESC, the Traction Control System helps the driver prevent wheel spin under hard acceleration, when starting on a slippery surface or driving up a steep incline.

ABS with Electronic Brakeforce Distribution
The four-wheel disc brakes with Anti-lock Braking System (ABS) are enhanced by Electronic Brakeforce Distribution, which balances braking forces for each brake of the vehicle, depending on road conditions, speed and load.

Brake Assist System (BAS)
The Brake Assist System minimises the stopping distance in an emergency braking situation by applying the maximum braking force.

Vehicle Stability Management (VSM)
The VSM system uses state-of-the-art technology to help keep you in control of the vehicle by applying counter steering assistance when needed, guiding you to the correct steering position.

Electronic Stability Control (ESC)
Electronic Stability Control (ESC) improves the safety of a vehicle's stability by detecting and minimising loss of control. When ESC detects loss of steering control, it automatically applies the brakes to help "guide" the vehicle where the driver intends to go.

SERIOUSLY AMPED UP

Powered by Hyundai's Gamma 1.6 litre twin-scroll turbocharged GDi engine with front-mounted air-guided intercooler, the Veloster Series II SR Turbo pumps out 150 kW power at 6,000 RPM and packs 265 Nm of torque delivered between 1,750 to 4,500 RPM. The drive is quick and responsive and there's loads of grunt that's ready to kick in whenever you need it. And to ensure the smooth and precise handling of all that extra torque, the 6-speed manual transmission has been built with a wider gear ratio spread.

Veloster SR
TURBO

Veloster Series II SR Turbo model shown in Young Gun

Sports Style Interior

The Veloster Series II SR Turbo includes bolstered, leather appointed* front sports bucket seats, while 60:40 split folding rear seats increase luggage carrying capacity and allow extra room for unusual shaped items.

Fog Lamps

Set low in the front fascia that frames the wide-mouthed grille, the round sporty fog lamps enhance near range visibility of the road ahead during difficult weather conditions.

Sports Front Bumper

A bold and aggressive hexagonal grille and a sports-styled bumper dominate the front fascia of the Veloster Series II SR Turbo, enhancing its low, ready-for-action stance.

Rear Diffuser

The dynamic sports-inspired rear diffuser in the lower fascia, integrates with the sculpted body kit to reinforce the aggressive styling while also improving aerodynamics.

18" Alloy Wheels

The 18-inch alloys in silver twin 5 spoke design with 225/40 R18 tyres provide added grip to corners to improve performance.

*Leather appointed seats mean parts of the seats have a combination of genuine and artificial leather, but are not wholly leather.
