

The Crafter Kampervan

Commercial
Vehicles

The Crafter **Kampervan**

The ultimate **mobile home**

Built in conjunction with Jayco, our Crafter Kampervan has been designed, tested and manufactured to bring you the ultimate lifestyle camper. With 4MOTION All-Wheel Drive as standard, leave the city in your tracks and transverse pristine coastal roads, barren desert highways, sloping mountain paths and tropical rainforest tracks.

Crafter Kampervan All Terrain pre-production vehicle shown is for illustrative purposes only and varies from standard specification.

Highlights

- Fitted with kitchen, bathroom and entertainment space
- Sleeps two with a double bed
- Fully equipped bathroom with shower and toilet
- Standalone solar-powered battery system
- 4MOTION All-Wheel Drive as standard

We've taken the spirit of the iconic Kombi and versatility of our vans to bring you your new home on the road.

With impressive levels of comfort, functionality and personalisation, this mobile home has everything you need on board – not to mention plenty of space for an unforgettable experience.

Maximum comfort. Total freedom.

Ready when you are, the spacious Crafter Kampervan is packed with all the comforts of home and the freedom to go anywhere. Choose to relax by watching tv on the comfortable double bed, or you can take the TV outside for a nice outdoor movie. The vehicle also features a well designed kitchen and comfortable living spaces, with seating up to four, allowing you to enjoy your favourite meals on the road.

Pure driving pleasure. On any terrain.

The engine and gearbox combination ensure optimum performance and driving pleasure. 4MOTION All-Wheel Drive provides exceptional traction on virtually any surface, while the 8-speed automatic gearbox significantly enhances driving comfort with its smooth gear changes.

2.0L TDI410 bi-turbo (410Nm, 130kW) 4MOTION 8-speed automatic

Start/stop system

The system helps to drive economically and switches off the engine when in neutral.

Regenerative braking (recuperation)

Frictional energy is stored during braking and converted into electrical energy by a generator. This is then stored in the car battery and is available for electricity consumption and acceleration.

~The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the Owner's Manual for full operating information.

4MOTION All-Wheel Drive.

The 4MOTION permanent All-Wheel Drive distributes the torque between the front and rear axles to all four wheels as needed. This allows the Crafter Kampervan to maintain optimal contact with the road.

Fully automatic.

8-speed automatic gearbox (not illustrated). The high torque in the Crafter Kampervan is transferred to the wheels without almost any interruption of the tractive force. This allows convenient, fuel-efficient driving, even in stop-and-go urban traffic.

Mechanical differential lock.

The mechanical differential lock is included as standard for all Kampervans for the rear axle. Providing additional support to the 4MOTION All-Wheel Drive making it easier to pull away in difficult off-road conditions.

Hill Descent Assist.

This standard system in the Kampervan allows you to descend slopes in a safe, controlled way by regulating the engine speed and applying the brakes as necessary.

Playing it safe

Prepared to handle almost any situation

The Crafter Kampervan is your constant companion. And it always plays it safe. Standard safety systems such as the Front Assist with City Emergency Brake*, Driver Attention & Drowsiness Monitor*, Multi-Collision Braking and six airbags support the driver and help to keep everyone safe.

Driver Attention & Drowsiness Monitor*. Uses visual and audible warning signals to recommend that the driver takes a break as soon as it registers driving behaviour that indicates fatigue. | **KS** | **KA** |

Seatbelt warning. Visual warning when the engine is started and an audible warning is emitted, if the driver's seatbelt is not fastened. | **KS** | **KA** |

Airbags*. Front, side and curtain airbags provide the best possible protection in the event of head-on or side impacts. | **KS** | **KA** |

Cruise Control with speed limiter. At 30km/h and above, the system maintains the set speed throughout uphill and downhill inclines when activated. | **KS** | **KA** |

Anti-lock Braking System (ABS). Prevents the wheels from locking and thereby maintains manoeuvrability. | **KS** | **KA** |

Electronic Stabilisation Program (ESP). Standard feature that prevents under- and over-steering through targeted braking of the individual wheels. | **KS** | **KA** |

Traction Control Systems (TCS). Prevents wheels from spinning excessively. | **KS** | **KA** |

Electronic Differential Lock (EDL). Distributes the engine torque to the tyres without slippage. | **KS** | **KA** |

01 02

01 **02**

03

03

03

03

07 08

07 08

04 Lane Keep Assist*. Countersteers if a lane is left unintentionally while alerting the driver at the same time by using a warning tone and information in the multifunction display. | **KS** | **KA** |

05 Sensor-Based Side Protection*. Monitors the vehicle sides and emits visual and audible warnings if coming hazardingly close to pillars, walls or pedestrians. | **KS** | **KA** |

06 Crosswind Assist. The system is a sub-function of the Electronic Stabilisation Program (ESP) that helps dealing with high crosswinds by automatically activating the brakes if needed. | **KS** | **KA** |

07 Front Assist with City Emergency Braking*. Uses a radar system to detect situations where the distance to the vehicle in front is critical and reduces the vehicle's stopping distance. In dangerous situations, the system alerts the driver using visual and acoustic signals, and with a warning jolt of the brakes. | **KS** | **KA** |

08 Adaptive Cruise Control ACC*. Automatically adapts the vehicle's speed to that of the vehicle driving in front and maintains the distance set by the driver. | **KS** | **KA** |

Hill Descent Assist. It allows you to descend slopes in a safe, controlled way by regulating the engine speed and applying the brakes as necessary. Forms part of the 'Driver Assist Package 4MOTION'. | **KS** | **KA** |

Mechanical Differential Lock. Available for the rear axle together with the 4MOTION All-Wheel Drive. This makes starting up in adverse, off-road conditions much easier. | **KS** | **KA** |

Blind Spot Monitoring*. The Blind Spot Monitor system supports the driver in assessing and avoiding dangerous situations, especially in critical situations, e.g. city and heavy traffic. The Blind Spot Monitor detects cars and motorcycles in the driver's blind spot and highlights these vehicles via a LED indicator in the door mirror. | **KS** | **KA** |

Equipment Features.

01 Two-burner gas cooker with glass cover. The gas cooker makes cooking a breeze, and when not in use the convenient glass cover provides additional bench space.
| KS | KA |

02 Matt Black sink mixer.
| KS | KA |

03 Microwave oven 240 V.
| KS | KA |

04 Refrigerator-freezer combination 12 V - 90L.
| KS | KA |

Equipment Features.

01 Double bed. Fixed double bed with Cloud 9 innerspring mattress with pillow top.
| KS | KA |

02 Full bathroom. Fully fitted bathroom including shower, Thetford cassette toilet and vanity.
| KS | KA |

03 Front cabin seating and table.
| KS | KA |

04 Storage under bed. Additional storage with a drawer function, 12V power point and LED light.
| KS | KA |

05 Blinds. Roller screen/blinds on rear opening windows next to bed.
| KS | KA |

The above accessories may have an effect on fuel efficiency. Items including (but not limited to) a solar blanket, fridge and hoses are shown for illustration purposes only.

Equipment Features.

- 01 LED interior lighting. | KS | KA |
- 02 Overhead storage. | KS | KA |
- 03 Two Interior fans. Sirocco fans with 360-degree directional airflow, can be easily folded out of the way when not in use. | KS | KA |
- 04 Sphere 12 V TV in bed area. | KS | KA |
- 05 Swivel seats. Driver and front passenger swivel seats, including seat cushion angle adjusters and electrical 4-way adjustable lumbar support. | KS | KA |
- 06 Climatronic air conditioning system. This system provides your required cabin temperature efficiently, while maintaining your selected temperature. | KS | KA |
- 07 Anderson plug. External plug available for connecting an additional solar panel (not included with the Kampervan). | KS | KA |
- 08 Furrion stereo. Centrally controlled multi-function stereo system which connects to CD and radio. | KS | KA |
- 09 Battery storage. The house battery, inverter and DC-DC charger are located under the bed. | KS | KA |
- 10 Heating systems. The diesel heater and gas hot water service is located under the bed. | KS | KA |

Equipment Features.

- 01 Folding table and two chairs. An easy to set up seating option for outdoors. After use, they can be simply stowed in the storage pockets of the rear wing doors. | KS | KA |
- 02 Thule Side Awning. | KS | KA |
- 03 Power sockets. Plugs (12V, USB, 240V, and the antenna) mounted on the side of the refrigerator panel for convenient external access. | KS | KA |
- 04 External table. The internal table can be removed and fixed outside, next to the plugs, allowing the possibility to work outdoors on sunny days. | KS | KA |
- 05 Electric exterior step. | KS | KA |

~The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information.

1. The Unladen Mass (UM) includes full fuel tank, no water in the fresh-water tank and no occupants. Figures quoted are for base model vehicles only.
2. Payload is defined as the Gross Vehicle Mass (GVM) minus the Kerb Mass. Payload is the maximum combined weight of occupants, cargo, added structures and tow ball down weight (when towing). GVM must not be exceeded.
‡Towing capacities are applicable to Volkswagen Genuine Accessory Tow Bar. Towing capacity figures are maximum figures and actual towing capacity depends on factors including the laden mass of the vehicle, driving conditions and fitment of any accessories. Volkswagen Group Australia does not endorse or will not be held liable for any claim, loss or damage arising from the use or fitment of electronic trailer brakes.

5 years
Unlimited Kilometre
Warranty

At Volkswagen, we pride ourselves on the highest quality standards that come with German engineering.

We back this commitment with a 5 year unlimited kilometre warranty on all new Volkswagen vehicles¹.

1 year
Roadside Assist

Every new Volkswagen petrol, diesel, and plug-in hybrid vehicle comes with a 1 year Roadside Assist membership².

That's 24 hour roadside assistance, emergency accommodation, car rental and towing as well as property and other assistance, all included for added peace of mind.

Volkswagen
Care Plans

Volkswagen petrol, diesel and plug-in hybrid vehicles are eligible for a Volkswagen Care Plan³, covering your first 3 or 5 scheduled services, providing you savings off the total Assured Service Pricing RRP across a wide range of models. It's convenient, hassle-free scheduled servicing easily available for purchase at your local Volkswagen Dealer.

Assured
Service Pricing

Assured Service Pricing⁴ gives you the comfort to know the cost of your first 5 scheduled services, when servicing your vehicle at any authorised Volkswagen dealership.

Our Volkswagen dealers have access to the latest diagnostic equipment and tools. Plus, they use Volkswagen Genuine Parts[®] to ensure your Volkswagen stays a Volkswagen.

Volkswagen is distributed by Volkswagen Group Australia Pty Ltd (ABN 14 093 117 876) of 895 South Dowling Street, Zetland NSW 2017. Specifications are as planned at May 2026, for Model Year 2026 and are subject to change without notice or obligation. All information in this brochure are correct at the time of publication, however variations may occur from time to time and Volkswagen, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this brochure. Authorised Volkswagen Dealers will provide up-to-date information on model application, design feature, prices, and availability on request.

1. Conditions and exclusions apply, see <https://www.volkswagen.com.au/en/owners-service/warranty.html>. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them.

2. Volkswagen Assist (Roadside Assistance) Conditions and exclusions apply, see <https://www.volkswagen.com.au/en/owners-service/service-repairs-parts/roadside-assist.html>.

3. Volkswagen Care Plans are available for purchase online or from participating Volkswagen Dealers for eligible vehicles. Care Plans cover standard items included in each scheduled service. For information on service intervals and when Care Plans can be purchased please visit <https://www.volkswagen.com.au/en/owners-service/service-repairs-parts/care-plans.html>. Exclusions, model specific intervals, and full program terms and conditions apply.

4. Volkswagen Assured Service Pricing is current as at the date the customer obtains a price from the Volkswagen Service Pricing Guide or from a participating authorised Volkswagen dealer and is subject to change without notice. Customers are advised to confirm current pricing on the Volkswagen Service Pricing Guide or with an authorised Volkswagen dealer on the day of each scheduled service. Volkswagen Assured Service Pricing applies to the cost of standard items in each of the first 5 standard scheduled services of your vehicle. Exclusions and conditions apply. For more details on service intervals, the eligible models, pricing, items not included and for full terms and conditions, please see <https://www.volkswagen.com.au/app/locals/service-pricing-guide>. Volkswagen Australia reserves the right to at any time modify or discontinue the Volkswagen Assured Service Pricing program.
