Badge of honour

That's not just an MG badge; it's motoring royalty. A much-loved name, admired around the world ever since 'Morris Garages' of Abingdon, England became MG in 1924. Historic then – iconic now.

Style from every angle

Panache is in its DNA. From the signature London-Eye headlights to the dramatic front grille, the clean lines to the sporty profile, this is a 5-door hatchback with real presence.

Beautiful on the inside

Easy on the eye and easy to use, that's the all-new European styled interior. Here the accent is firmly on premium, with elegant new tartan-patterned seats, a luxurious stitched leather steering wheel and smart 360-degree chrome accented air vents. Inner beauty, indeed.

Sound engineering

Enjoy the ease of connected technology. With a new 8" colour touch screen, all the main commands are at your fingertips. Satellite navigation for when you're off the beaten track. Apple CarPlay™ for your favourite beats and tracks, effortlessly integrates with your iPhone and Yamaha 3D SoundField. Escape the city, call someone, play your music. Easy as.

Your own space

Space is never at a premium in the MG3 Auto. There's enough for the everyday, whether you're filling the boot with groceries or packing it with precious new purchases. There's plenty of legroom for everyone while split folding rear seats add flexibility. All the space you need.

A close-up photograph of the open rear trunk of a blue car. The trunk is filled with luggage: a large white suitcase stands upright on the left, a large blue suitcase stands upright on the right, and two brown leather briefcases with metal handles are placed in the foreground. The car's body is a vibrant blue, and the trunk's interior is black. The rear taillight is visible on the right side. In the top right corner, there is a red button with white text.
