

THE ALL-NEW ŠKODA

KAROQ

ŠKODA
SIMPLY CLEVER

**READY FOR ANYTHING.
YEP, EVEN THAT.**

You never know what might be around the next bend, but in the new ŠKODA KAROQ, you'll be more than ready for it. That's because it's packed with state-of-the-art tech and safety systems. Beautiful to look at and even more beautiful to drive, KAROQ is the embodiment of our design philosophy. This compact SUV's game for any adventure.

KAROQ can take you from weekday to weekend in head-turning style. But the real question is, where will you take it?

That's Simply Clever. That's ŠKODA.

EXTERIOR DESIGN

FORM FOLLOWS FUN

Inspired by Czech crystal, our new SUV is the epitome of refinement. But don't be fooled, the KAROQ also has an appreciation for the great outdoors.

FRONT VIEW

One look at the distinctive ŠKODA grille and you know this SUV means business. Its fog lamps and sharply cut headlamps help light the way when you're off-roading.

SIDE VIEW

The sideshow that steals the show. With angular wheel arches and protective sill covers, there's no mistaking the KAROQ for anything but an SUV.

PANORAMIC SUNROOF*

If the sky's the limit, why let a roof get in your way? The KAROQ evokes a feeling of freedom with its electrically-adjustable panoramic sunroof.

REAR VIEW

Prepare for some backwards glances. Cat's eye reflectors in the bumper and the iconic wedged-shaped rear lights work to help illuminate KAROQ's lines.

*Optional extra.

INTERIOR DESIGN

A UNIVERSE THAT REVOLVES AROUND YOU

The KAROQ's interior was designed around one thing and one thing only – you. The love child of smarts and style, it's packed with intuitive tech. The interior has everything you need – and it's all right in front of you.

Image shows Digital Instrument Panel which is expected to be available in vehicles imported for MY19. Optional Premium Package interior shown.

LIGHT DESIGN

OUR BEST AND BRIGHTEST

Every aspect of the KAROQ has been thoughtfully designed, including the exterior lights. The Premium Package comes with a complete LED system, which you could say is a very bright idea.

WELCOME LOGO

Standard with the KAROQ, LEDs located on the underside of the front doors create the ŠKODA logo, illuminating the entry area.

FULL LED HEADLAMPS WITH ADAPTIVE FRONTLIGHT SYSTEM AND FOG LAMPS

Two types of headlamps and fog lamps are available for the KAROQ. The LED headlamps (included in the optional premium pack) offer high-performance and high energy efficiency. The AFS (Adaptive Frontlight System) adjusts the lighting intensity to specific conditions (e.g. city, motorway or driving in the rain), while the main headlamps boast an eye-catching integrated strip of LED daytime running lights. Under poor light conditions the LED fog lamps come into their own, to make you safer.

SIMPLY CLEVER

PACK MORE IN

Inside you'll find a place for everything – phones, glasses, drinks, snacks. Were there any reason at all to do so, you could even bring the kitchen sink.

HOOKS

You'll be hooked as soon as you use them. Whether it's a shopping trip or a trip away, these handy hooks are great for hanging bags from and creating more space.

CARGO ELEMENTS

To avoid any undesired movement of luggage while driving, these two plastic cargo elements with a Velcro fastener are ideal. They can be stowed away in the compartments behind the rear wheel arches when not in use.

JUMBO BOX

The spacious storage compartment is housed in the front armrest. It is fitted out with an Easy Open function, coin holder and two drinks holders.

HANDS-FREE ACCESS

We've made getting into the back of this SUV a whole lot easier, you can open the KAROQ's boot by kicking your foot underneath the rear bumper – convenient for when your hands are tied with loads of shopping.^Δ

VIRTUAL PEDAL^Δ

Now this is virtually magic, swipe your foot underneath the boot and, hey presto, it opens or closes automatically.

ELECTRICALLY CONTROLLED TAILGATE[‡]

It opens and closes at the touch of a button. There is a button on the remote control and in the driver's door, especially handy in nasty weather.

^ΔAvailable with optional Tech Pack.

[‡]Available with optional Premium Pack

LUGGAGE SPACE

LIKE YOGA FOR CAR SEATS

The VarioFlex rear seating system is comprised of the three back seats. Each one can be folded down or removed completely independently, giving you plenty of flexibility. With all three folded down you get a luggage capacity of 1,605 litres. Take them out and you'll have a whopping 1,810 litres, that'll fit around 67 yoga mats (we think).

VARIOFLEX OPTION

Need to fit two passengers and, say, a Grecian statue in the back? Fold down a single backrest.

VARIOFLEX OPTION

One of many seating options is to fold down the outer rear seats.

VARIOFLEX OPTION

One passenger, two Grecian statues? Fold down one outer and the middle rear seat.

VARIOFLEX OPTION

Need extra space? You can easily remove one or two rear seats completely, no tools required.

COMFORT

GETS TO KNOW EVERYTHING ABOUT YOU. AND THEN SOME.

Because we know our drivers, you don't need to look hard for those touches that make for a more enjoyable, safer drive. In the KAROQ, they're all around you. It can remember your personal settings ensuring you'll feel instantly at home behind the wheel.

DRIVER SEAT WITH BUILT-IN MEMORY†

The electrically-adjustable driver seat with built-in memory can store three different seat and side mirror positions.

Overseas model shown

KESY

KESY (Keyless Entry, Start/Stop and locking system) features a Start/Stop button on the steering column for keyless ignition and switching off the engine.

PERSONALISATION OPTIONS^Δ

The infotainment system allows different drivers to save their own individual preferences for things like driving mode, driver seat position and temperature. A personalised car comes with three keys. When a key is used to unlock the car, the functions are automatically adjusted to that driver's saved settings.

^ΔAvailable with optional Tech Pack.

[†]Available with optional Travel Pack

PERFORMANCE

The turbo engine offers a triple threat of modern, dynamic and economical. Win. Win. And, you guessed it, win.

PETROL ENGINES

The 4-cylinder 110 kW engine comes with ACT (Active Cylinder management Technology). This system disconnects 2 cylinders when not needed, considerably reducing fuel consumption.

TRANSMISSION

The KAROQ can be equipped with manual 6-speed transmission as well as automatic 7-speed DSG (Direct Shift Gearbox).

SAFETY

PROTECT YOUR PRECIOUS CARGO

The KAROQ comes with safety in spades. A wide range of safety features in the KAROQ will assist in keeping you and your passengers safe.

LANE ASSIST†

Lane assist always keeps you on the right track. Using a camera positioned within the rear-view mirror unit, it actively recognises lane markings and takes corrective action by steering you back on course.

PARK ASSIST^Δ

Minimise the hassle of parking in tight spots with Park Assist. At the press of a button, the system will begin searching for a parking spot in a row of parallel or perpendicularly parked vehicles. The car will steer itself into the space while the driver controls the pedals.

◇Safety technologies are not a substitute for the driver's responsibility for the vehicle.

†Available with optional Travel Pack.

ΔAvailable with optional Tech Pack.

ADAPTIVE CRUISE CONTROL[◇]

Never get too close for comfort. This system maintains a safe distance from vehicles in front of you, in addition to its basic cruise control function.

**BLIND SPOT DETECT^{◇†}**

Blind Spot Detect monitors the hidden areas behind and beside the car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

**REAR TRAFFIC ALERT^{◇†}**

Back out without backing into anything. This assistant helps you reverse safely from a parking space during poor visibility. It can even hit the brakes if it detects imminent danger.

[◇]Safety technologies are not a substitute for the driver's responsibility for the vehicle.

[†]Available with optional Travel Pack.

SEVEN AIRBAGS

A FEATURE WE HOPE YOU'LL NEVER SEE

Your safety is our number one priority. In extreme situations, when the driver cannot actively influence the outcome, the car's passive safety elements take over - like the airbags.

Overseas model shown

FRONT AIRBAGS

The driver airbag is enclosed in the steering wheel and the passenger airbag is located in the dashboard.

HEAD AIRBAGS

Upon activation, head airbags create a wall designed to protect front and rear occupants against serious head injury.

FRONT SIDE AIRBAGS

Designed to protect front and rear occupants against serious head injury. The pelvis and chest of the driver and other passengers in the event of a side collision.

CONNECTIVITY

YOU'LL BE EASILY ENTERTAINED BY THE KAROQ.

KAROQ is packed with the technology options that can make everyday journeys easier and more enjoyable. Smarts inside mean that it can seamlessly sync with your external devices. Better still, your kids will never get bored on a journey.

SMARTLINK^^ WITH APPLE CARPLAY® AND ANDROID AUTO™

Your car and smartphone are now in perfect sync. The SmartLink system delivers a seamless connection between your car and selected apps from your smartphone using, Apple CarPlay® and Android Auto™ interfaces. Whether you want to select and listen to music on your smartphone or receive turn-by-turn directions, selected apps are mirrored and can be controlled via the KAROQ's infotainment unit.

^^SmartLink is compatible for selected apps with the latest smartphone versions of iOS and Android.

ΔAvailable with optional Tech Pack.

CANTON SOUND SYSTEM^

The Canton Sound System has ten speakers, including a speaker in the dashboard and subwoofer in the luggage compartment, so you can enjoy crystal-clear sound. The total power output is 575 Watts.

COLUMBUS^

The new Columbus navigation system features a 9.2" display and 3D view. The device offers not only comfortable touch control, but also gesture control, which uses the proximity sensor to let the touchscreen know when a hand is moving toward it, bringing up the menu. The Columbus navigation also comes standard with features such as Bluetooth and SmartLink smartphone connectivity.

WELCOME TO CARE-FREE OWNERSHIP

ŠKODA Care is about making sure that same level of attention to detail remains long after you've made your purchase, making owning a ŠKODA as fantastic as buying one.

5 YEAR WARRANTY UNLIMITED KMS

After getting behind the wheel of a ŠKODA, it's not hard to see why they're so beloved by their owners. Quite simply, ŠKODA vehicles are made to be driven and we want to keep your journey a long and happy one. And the way it works is simple. ŠKODA Australia provides a 5 Year/Unlimited Kilometre Warranty[#] across the entire range. Conditions and exclusions apply.

Every new ŠKODA vehicle includes a complimentary one year roadside assistance, from the warranty start date. The complimentary roadside assistance will subsequently be renewed on an annual basis for the second, third, fourth and fifth years, if the vehicle is returned to an authorised ŠKODA dealer for scheduled maintenance (as per the ŠKODA service program) up to a maximum of five years.

#5 Year/Unlimited Kilometre Warranty is available with private, general fleet and government vehicles only. Excludes rental vehicles, hire cars, taxis, courier vehicles, driving school vehicles, security vehicles, bus and tour vehicles which are subject to a 5 Year/150,000 Kilometre Warranty (whichever occurs first). Your rights under this warranty sit alongside the consumer guarantees under the Competition and Consumer Act 2010 which cannot be excluded. ^ŠKODA Service Pack covers standard items as contained in each scheduled service interval only. Exclusions apply. For full terms and conditions please visit www.skoda.com.au/skoda-care

ŠKODA Service Pricing

Buying a car is one thing, but owning a car is something else entirely. We're sure you'll want to know the costs of any service before you book it in. The cogs in our heads have been turning and we've come up with a solution we think is pretty clever. Our handy online service calculator can help you find the cost of your next service, scheduled to occur every 12 months/15,000 kms (whichever occurs first)[^]. No hidden expenses, no nasty surprises.

Genuine Parts

You don't have to be a genius (AKA a ŠKODA technician) to know that non-genuine parts aren't as good as using genuine ones. Our philosophy towards fixing your car is simple; the parts we use are identical to the parts used in the production of your car originally. Genuinely. And with a nationwide, two year, unlimited kilometre warranty on all genuine parts, peace of mind comes easily too. Exclusions apply, please visit skoda.com.au.

Service Packs

Why worry about handling the payment of your services on an ad-hoc basis when you already know you need to get them annually? Conveniently, you can save time by pre-paying your servicing with a 3 Year/45 000km (whichever occurs first) or a 5 year/75 000km (whichever occurs first) ŠKODA Service Pack[^] at any of our ŠKODA dealers. That way you can simply book a service time that suits you, and the costs are already covered. Your car, serviced at your convenience.

ŠKODA CHOICE: PROTECT YOUR INVESTMENT

Enjoy a flexible finance solution that provides you with the assurance of knowing exactly what the minimum value² of your vehicle will be at the end of your term.

- ✓ Peace of mind knowing the minimum future value of your ŠKODA right from the start, so you know it will retain its value over time¹
- ✓ Personally tailored solutions, based on your term and kilometre usage
- ✓ Opportunity to upgrade your ŠKODA to the latest model more often, enjoying the best innovations and new technologies

At the end of your term, you can simply choose to:

TRADE-IN

If you wish to trade-in your ŠKODA for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value, you can use this equity towards your new vehicle.

RETAIN

If you prefer to retain your ŠKODA, simply let us know. Provided that you also meet the relevant payment obligations under your contract, if we agree, you can purchase your vehicle outright for the Guaranteed Future Value price locked in at the start of the contract². Then your ŠKODA is yours to keep, or you can choose to refinance your residual at the end of the term.

RETURN

Simply return your vehicle to your ŠKODA dealership at the end of the term. If the vehicle meets the agreed requirements², we will give you the benefit of the full Guaranteed Future Value amount.

For more information on our Guaranteed Future Value program, visit www.skodafinancialservices.com.au/gfv

1 The ŠKODA Choice Program consists of an option to require ŠKODA Financial Services to purchase your vehicle at the end of your ŠKODA Financial Services Chattel Mortgage or Consumer Loan for a value (known as the Guaranteed Future Value) determined by ŠKODA Financial Services and set out in your contract. The Guaranteed Future Value is not a representation by ŠKODA Financial Services as to the likely market value of your vehicle as at the end of your contract. The option is available on new and demonstrator ŠKODA vehicles for selected models only. Please verify with your dealership vehicles that are eligible for the program. 2 If vehicles are not returned in an acceptable condition, as defined in the terms and conditions or exceed kilometre restrictions the Guaranteed Future Value will be reduced. See the ŠKODA Choice Fair Wear and Tear Guide for more information on the required conditions and circumstances. The cost of the ŠKODA Choice Program is incorporated into the applicable interest rate. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information on this page, please seek independent financial and tax advice. Full terms and conditions are available upon application. Available only to approved applicants of ŠKODA Financial Services. Subject to credit assessment. Fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating ŠKODA dealers. ŠKODA Financial Services is a trading name of Volkswagen Financial Services Australia Pty Limited ABN 20 097 071 460. Australian Credit Licence 389344.
