

2026.50MY

Ranger

Don't worry about service.
That's our job.

Fit your Ford with
insurance made for it.

Know what you'll pay

When you buy a new Ford, you'll know exactly how much each of your first four general car services will cost.

Service made easier

We have great offerings that make servicing more convenient, like loan cars¹, pick up and drop off², Express Service³ and online booking.

Roadside Assistance⁴

When you purchase a new Ranger, you receive Ford National Roadside assistance for 12 months. You also receive Ford National Roadside assistance for 12 months each time a general service is completed with a participating dealer, until your vehicle reaches 7 years of age.

New Genuine Ford Parts⁵

Look after the integrity of your vehicle, by using only New Genuine Parts, when possible.

Automatic off-road cover⁷

Enjoy peace of mind with automatic off-road coverage included.

Dealer fitted accessories⁶

Accessories which are fitted on your vehicle by a dealership are automatically included.

Removal of excess for glass damage⁸

The Standard Excess under your policy won't be applied for windscreen, sunroof or window glass only claims.

Clarity for the road ahead.

Genuine & Licensed
Accessories

Vehicle is fitted with optional accessories.

Whether you're upgrading, switching models, or buying your first Ford, Ford Finance is here to shorten the distance between you and your next vehicle. Talk to one of our dealers to understand the benefits of choosing Ford Finance.

Steps to get behind the wheel

Estimate repayments

Using the repayment estimator

Shop for vehicles

Explore the options

Finance with clarity

Get a personalised quote or apply for finance at your preferred Dealership.

There's no better way to personalise your Ford than with the wide range of Ford accessories available for every model.

From seat covers and floor mats, to bull bars, you'll find lots of options to make your Ford uniquely your own at one of our nation-wide Dealers.

*For full details, please visit our Warranties page at <https://www.ford.com.au/owners/warranties/>

Genuine Quality

Every Ford Genuine accessory is fully compatible with your vehicle for optimal integration and performance.

Five Year Warranty

Enjoy complete peace of mind with all Ford Genuine and Ford Licensed Accessories, backed by a full Ford Warranty of up to 5 Years and unlimited kilometres.*

Australia Wide

Our vast national network of Ford Dealers means there's a fitment centre conveniently located near you.

S = Standard **O** = Factory Option that can be ordered before a vehicle is manufactured at an additional cost **NCO** = No Cost Option

Disclaimer:

1. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for details and limitations. 2. Kerb weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo with the lightest possible orderable combination of factory fit equipment. Maximum payload is calculated by deducting the vehicles Kerb Weight from its Gross Vehicle Mass (GVM). Payload is the maximum combined value of occupants, cargo, added accessories, added structures and tow ball download (when towing). All Chassis Cab payload and kerb weights exclude weights of tray bodies. Vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding additional load, accessories or towing a trailer to ensure the maximum Gross Vehicle Mass (GVM), Gross Combined Mass (GCM) and Gross Axle Weight Ratings are not exceeded. 3. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that these fuel consumption and emissions figures will be achieved in real world driving conditions. Actual fuel consumption and emissions will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, options and accessories, condition and use. 4. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. All Pick-up box dimensions take into account the Drop-In or Spray-In Bedliner where standard. 5. Vehicle length measured from front license plate bracket. 6. 800mm Water Wading achieved when maintaining a steady speed of 7 km/h. 7. Inclusive of tow bar where standard. 8. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. All Pick-up box dimensions take into account the Drop-In or Spray-In Bedliner where standard. 9. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value.

Disclaimer:

12. Use of Ford app is subject to the Ford app Terms and User Guide and Ford app Privacy Collection Notice which are available on <https://www.ford.com.au/privacy> and requires a compatible mobile device, internet access and software (including software updates from time to time). The Ford app functionality and appearance may change over time due to software updates. You are responsible for internet access, mobile network data and voice call services required for your use of the Ford app on your mobile device, including associated fees. The Ford app and the Vehicle's modem can only work when both are connected to the telecommunications network. The Vehicle's modem will only function on the telecommunications networks it could use at time of manufacture. When all compatible networks for the modem in your vehicle are no longer available, the modem will stop functioning and the connected services and all data transmission via the modem will cease. Ford cannot guarantee that Ford app will be in fully operating condition at all times and the Ford app may be unavailable or particular Ford app services interrupted. If the Ford app is unavailable, the ability to lock or unlock your vehicle remotely could be limited, and a physical key might be needed. Always keep your key with you to ensure you can access your vehicle at all times even if the Ford app is unavailable. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. Use Remote Vehicle Start and Stop responsibly and only in well ventilated areas where you are aware of your vehicle's surroundings. **13.** Bluetooth® is a registered trademark of Bluetooth SIG, Inc. and is under license. Some phones not compatible. **14.** Eligible vehicles receive Connected Navigation Services for 1 year from the Ford Express New Vehicle Warranty start date, after which time the Connected Navigation Services may cease to be available, or may be subject to a subscription fee. To use Connected Navigation Services, users must have created a Ford app account (terms apply), have fully activated the vehicle's modem and have SYNC Location set to 'on'. **15.** Don't drive distracted. Use voice operated systems where possible and don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all SYNC features are compatible with all phones. SYNC screen appearance and functionality may change over time due to software updates. **16.** Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay/Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. **17.** Drivers will need to create a profile of their trailers in SYNC to support this system. **18.** Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut off. **19.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. **20.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Adaptive Cruise Control (iACC) uses various data to adjust the set speed of the vehicle to the speed limit detected by the system. The iACC system will not always detect the correct speed limit and may set a vehicle speed that is above or below the actual speed limit. If the system does this, it can be overridden by the driver applying the brake or accelerator or via steering wheel controls. In some circumstances, iACC will use map data to set the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. Adaptive Cruise Control and Lane Centring has a minimum operating speed of 20km/hr. Detection of lower speed limit will result in system entering standby when iACC is active. The Stop and Go functionality of this system operates as low as 0km/hr in traffic jam situations. Lane Centring feature should be disabled via the Driver Assistance menu in SYNC before towing. Customers should read the Owner's Manual for details of the limitations of the iACC system before activating. Speed Sign Recognition will not always detect the correct speed limit and may display a speed that is above or below the actual speed limit. On Ranger models with Satellite Navigation, in some circumstances, Speed Sign Recognition will use map data to display the speed limit on the digital instrument cluster. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **21.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Speed Sign Recognition will not always detect the correct speed limit and may display a speed that is above or below the actual speed limit. On Ranger models with Satellite Navigation, in some circumstances Speed Sign Recognition will use map data to display the speed limit on the digital instrument cluster. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **22.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Speed Assist (ISA) uses various data to limit the set speed of the vehicle to the speed limit detected by the system. The ISA system will not always detect the correct speed limit and may limit a vehicle speed above or below the actual speed limit. ISA can be temporarily overridden by the driver firmly pressing the accelerator. Customers should read the Owner's Manual for details of the limitations of the ISA system before activating. On Ranger models with Satellite Navigation, in some circumstances, ISA will use map data to limit the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **23.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Trailer Coverage system (requires a genuine factory fit tow bar) supports conventional trailer dimensions: up to 2.4m wide (measured at trailer front) and up to 10m long from the rear of your vehicle. Drivers will need to create a profile of their trailers in SYNC to support this system. **24.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Road Edge Detection designed for use on rural roads at speeds of 65 – 110km/h. The feature does not detect every edge and does require a level of contrast between the road surface and the edge. **25.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Pre-collision Assist with Automatic Emergency Braking detects pedestrians, but not in all conditions, and can help avoid or reduce a collision. It does not replace safe driving. See Owner's Manual for Limitations. **26.** Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Please see Owner's Manual for more information. Reverse Brake Assist functions when in reverse and travelling at a speed of 2-12 km/h.

Disclaimer:

²⁷ Maximum towing capacity-braked using a Genuine Ford tow pack. Standard on XLT, Wolftrak, Tremor, Wildtrak, Platinum, and Raptor models. Available as part of a pack at additional cost on XL, XLS, Black Edition. The standard Genuine Ford tow pack on XLT, Wolftrak, and Raptor models do not include a tow hitch, which is available at an additional cost. Subject to State and Territory regulations. To comply with regulations and vehicle GCM and GVM limits, the weight of any load transported by the vehicle may need to be restricted. For further details regarding load weight restrictions, please consult your authorised Ford Dealer and refer to the Owner's Manual. ²⁸ Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. ²⁹ Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via Ford app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Users must have created a Ford app account (terms apply) and have fully activated the vehicle's modem to use this feature via the app. ³⁰ Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Disclaimer:

1. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for details and limitations. 2. Kerb weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo with the lightest possible orderable combination of factory fit equipment. Maximum payload is calculated by deducting the vehicles Kerb Weight from its Gross Vehicle Mass (GVM). Payload is the maximum combined value of occupants, cargo, added accessories, added structures and tow ball download (when towing). All Chassis Cab payload and kerb weights exclude weights of tray bodies. Vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding additional load, accessories or towing a trailer to ensure the maximum Gross Vehicle Mass (GVM), Gross Combined Mass (GCM) and Gross Axle Weight Ratings are not exceeded. 3. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that these fuel consumption and emissions figures will be achieved in real world driving conditions. Actual fuel consumption and emissions will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, options and accessories, condition and use. 4. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. All Pick-up box dimensions take into account the Drop-In or Spray-In Bedliner where standard. 5. Vehicle length measured from front license plate bracket. 6. 800mm Water Wading achieved when maintaining a steady speed of 7 km/h. 7. Inclusive of tow bar where standard. 8. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value.

9. Use of Ford app is subject to the Ford app Terms and User Guide and Ford app Privacy Collection Notice which are available on <https://www.ford.com.au/privacy> and requires a compatible mobile device, internet access and software (including software updates from time to time). The Ford app functionality and appearance may change over time due to software updates. You are responsible for internet access, mobile network data and voice call services required for your use of the Ford app on your mobile device, including associated fees. The Ford app and the Vehicle's modem can only work when both are connected to the telecommunications network. The Vehicle's modem will only function on the telecommunications networks it could use at time of manufacture. When all compatible networks for the modem in your vehicle are no longer available, the modem will stop functioning and the connected services and all data transmission via the modem will cease. Ford cannot guarantee that Ford app will be in fully operating condition at all times and the Ford app may be unavailable or particular Ford app services interrupted. If the Ford app is unavailable, the ability to lock or unlock your vehicle remotely could be limited, and a physical key might be needed. Always keep your key with you to ensure you can access your vehicle at all times even if the Ford app is unavailable. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. Use Remote Vehicle Start and Stop responsibly and only in well ventilated areas where you are aware of your vehicle's surroundings. **10.** Bluetooth® is a registered trademark of Bluetooth SIG, Inc. and is under license. Some phones not compatible. **11.** Don't drive distracted. Use voice operated systems where possible and don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all SYNC features are compatible with all phones. SYNC screen appearance and functionality may change over time due to software updates. **12.** Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay/Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. **13.** Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut off.

Disclaimer:

14. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. **15.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Speed Sign Recognition will not always detect the correct speed limit and may display a speed that is above or below the actual speed limit. On Ranger models with Satellite Navigation, in some circumstances Speed Sign Recognition will use map data to display the speed limit on the digital instrument cluster. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **16.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Speed Assist (ISA) uses various data to limit the set speed of the vehicle to the speed limit detected by the system. The ISA system will not always detect the correct speed limit and may limit a vehicle speed above or below the actual speed limit. ISA can be temporarily overridden by the driver firmly pressing the accelerator. Customers should read the Owner's Manual for details of the limitations of the ISA system before activating. On Ranger models with Satellite Navigation, in some circumstances, ISA will use map data to limit the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **17.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Trailer Coverage system (requires a genuine factory fit tow bar) supports conventional trailer dimensions: up to 2.4m wide (measured at trailer front) and up to 10m long from the rear of your vehicle. Drivers will need to create a profile of their trailers in SYNC to support this system. **18.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Road Edge Detection designed for use on rural roads at speeds of 65 – 110km/h. The feature does not detect every edge and does require a level of contrast between the road surface and the edge. **19.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Pre-collision Assist with Automatic Emergency Braking detects pedestrians, but not in all conditions, and can help avoid or reduce a collision. It does not replace safe driving. See Owner's Manual for Limitations. **20.** Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Please see Owner's Manual for more information. Reverse Brake Assist functions when in reverse and travelling at a speed of 2-12 km/h. **21.** Maximum towing capacity-braked using a Genuine Ford tow pack. Standard on XLT, Wolftrak, Tremor, Wildtrak, Platinum, and Raptor models. Available as part of a pack at additional cost on XL, XLS, Black Edition. The standard Genuine Ford tow pack on XLT, Wolftrak, and Raptor models do not include a tow hitch, which is available at an additional cost. Subject to State and Territory regulations. To comply with regulations and vehicle GCM and GVM limits, the weight of any load transported by the vehicle may need to be restricted. For further details regarding load weight restrictions, please consult your authorised Ford Dealer and refer to the Owner's Manual. **22.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. **23.** Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via Ford app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Users must have created a Ford app account (terms apply) and have fully activated the vehicle's modem to use this feature via the app. **24.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. - Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via Ford app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Disclaimer:

13. Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut off. **14.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. **15.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Speed Sign Recognition will not always detect the correct speed limit and may display a speed that is above or below the actual speed limit. On Ranger models with Satellite Navigation, in some circumstances Speed Sign Recognition will use map data to display the speed limit on the digital instrument cluster. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **16.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Speed Assist (ISA) uses various data to limit the set speed of the vehicle to the speed limit detected by the system. The ISA system will not always detect the correct speed limit and may limit a vehicle speed above or below the actual speed limit. ISA can be temporarily overridden by the driver firmly pressing the accelerator. Customers should read the Owner's Manual for details of the limitations of the ISA system before activating. On Ranger models with Satellite Navigation, in some circumstances, ISA will use map data to limit the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **17.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Trailer Coverage system (requires a genuine factory fit tow bar) supports conventional trailer dimensions: up to 2.4m wide (measured at trailer front) and up to 10m long from the rear of your vehicle. Drivers will need to create a profile of their trailers in SYNC to support this system. **18.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Road Edge Detection designed for use on rural roads at speeds of 65 – 110km/h. The feature does not detect every edge and does require a level of contrast between the road surface and the edge. **19.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Pre-collision Assist with Automatic Emergency Braking detects pedestrians, but not in all conditions, and can help avoid or reduce a collision. It does not replace safe driving. See Owner's Manual for Limitations. **20.** Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Please see Owner's Manual for more information. Reverse Brake Assist functions when in reverse and travelling at a speed of 2-12 km/h. **21.** Maximum towing capacity-braked using a Genuine Ford tow pack. Standard on XLT, Wolftrak, Tremor, Wildtrak, Platinum, and Raptor models. Available as part of a pack at additional cost on XL, XLS, Black Edition. The standard Genuine Ford tow pack on XLT, Wolftrak, and Raptor models do not include a tow hitch, which is available at an additional cost. Subject to State and Territory regulations. To comply with regulations and vehicle GCM and GVM limits, the weight of any load transported by the vehicle may need to be restricted. For further details regarding load weight restrictions, please consult your authorised Ford Dealer and refer to the Owner's Manual. **22.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. **23.** Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via Ford app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Users must have created a Ford app account (terms apply) and have fully activated the vehicle's modem to use this feature via the app. **24.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. - Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via Ford app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Disclaimer:

1. Driver-assist features are supplemental and do not replace the driver’s attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner’s Manual for details and limitations. 2. Kerb weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo with the lightest possible orderable combination of factory fit equipment. Maximum payload is calculated by deducting the vehicles Kerb Weight from its Gross Vehicle Mass (GVM). Payload is the maximum combined value of occupants, cargo, added accessories, added structures and tow ball download (when towing). All Chassis Cab payload and kerb weights exclude weights of tray bodies. Vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding additional load, accessories or towing a trailer to ensure the maximum Gross Vehicle Mass (GVM), Gross Combined Mass (GCM) and Gross Axle Weight Ratings are not exceeded. 3. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that these fuel consumption and emissions figures will be achieved in real world driving conditions. Actual fuel consumption and emissions will depend on many factors including the driver’s habits, prevailing conditions and the vehicle’s equipment, options and accessories, condition and use. 4. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. All Pick-up box dimensions take into account the Drop-In or Spray-In Bedliner where standard. 5. Vehicle length measured from front license plate bracket. 6. 800mm Water Wading achieved when maintaining a steady speed of 7 km/h. 7. Inclusive of tow bar where standard.

Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **15.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Speed Assist (ISA) uses various data to limit the set speed of the vehicle to the speed limit detected by the system. The ISA system will not always detect the correct speed limit and may limit a vehicle speed above or below the actual speed limit. ISA can be temporarily overridden by the driver firmly pressing the accelerator. Customers should read the Owner's Manual for details of the limitations of the ISA system before activating. On Ranger models with Satellite Navigation, in some circumstances, ISA will use map data to limit the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **16.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Trailer Coverage system (requires a genuine factory fit tow bar) supports conventional trailer dimensions: up to 2.4m wide (measured at trailer front) and up to 10m long from the rear of your vehicle. Drivers will need to create a profile of their trailers in SYNC to support this system. **17.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Road Edge Detection designed for use on rural roads at speeds of 65 – 110km/h. The feature does not detect every edge and does require a level of contrast between the road surface and the edge. **18.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Pre-collision Assist with Automatic Emergency Braking detects pedestrians, but not in all conditions, and can help avoid or reduce a collision. It does not replace safe driving. See Owner's Manual for Limitations. **19.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Please see Owner's Manual for more information. Reverse Brake Assist functions when in reverse and travelling at a speed of 2-12 km/h. **20.** Maximum towing capacity-braked using a Genuine Ford tow pack. Standard on XLT, Wolftrak, Tremor, Wildtrak, Platinum, and Raptor models. Available as part of a pack at additional cost on XL, XLS, Black Edition. The standard Genuine Ford tow pack on XLT, Wolftrak, and Raptor models do not include a tow hitch, which is available at an additional cost. Subject to State and Territory regulations. To comply with regulations and vehicle GCM and GVM limits, the weight of any load transported by the vehicle may need to be restricted. For further details regarding load weight restrictions, please consult your authorised Ford Dealer and refer to the Owner's Manual. **21.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. **22.** Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via Ford app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Users must have created a Ford app account (terms apply) and have fully activated the vehicle's modem to use this feature via the app. **23.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. - Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via Ford app as a Connected Service. Disclaimer:

1. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for details and limitations. 2. Mud/Rut Mode intended for off-road use only. 3. Sand Mode intended for off-road use only. 4. Kerb weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo with the lightest possible orderable combination of factory fit equipment. Maximum payload is calculated by deducting the vehicles Kerb Weight from its Gross Vehicle Mass (GVM). Payload is the maximum combined value of occupants, cargo, added accessories, added structures and tow ball download (when towing). All Chassis Cab payload and kerb weights exclude weights of tray bodies. Vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding additional load, accessories or towing a trailer to ensure the maximum Gross Vehicle Mass (GVM), Gross Combined Mass (GCM) and Gross Axle Weight Ratings are not exceeded. 5. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that these fuel consumption and emissions figures will be achieved in real world driving conditions. Actual fuel consumption and emissions will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, options and accessories, condition and use. 6. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. All Pick-up box dimensions take into account the Drop-In or Spray-In Bedliner where standard. 7. Vehicle length measured from front license plate bracket. 8. 800mm Water Wading achieved when maintaining a steady speed of 7 km/h 9. Inclusive of tow bar where standard.

Disclaimer:

13. Use of Ford app is subject to the Ford app Terms and User Guide and Ford app Privacy Collection Notice which are available on <https://www.ford.com.au/privacy> and requires a compatible mobile device, internet access and software (including software updates from time to time). The Ford app functionality and appearance may change over time due to software updates. You are responsible for internet access, mobile network data and voice call services required for your use of the Ford app on your mobile device, including associated fees. The Ford app and the Vehicle's modem can only work when both are connected to the telecommunications network. The Vehicle's modem will only function on the telecommunications networks it could use at time of manufacture. When all compatible networks for the modem in your vehicle are no longer available, the modem will stop functioning and the connected services and all data transmission via the modem will cease. Ford cannot guarantee that Ford app will be in fully operating condition at all times and the Ford app may be unavailable or particular Ford app services interrupted. If the Ford app is unavailable, the ability to lock or unlock your vehicle remotely could be limited, and a physical key might be needed. Always keep your key with you to ensure you can access your vehicle at all times even if the Ford app is unavailable. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. Use Remote Vehicle Start and Stop responsibly and only in well ventilated areas where you are aware of your vehicle's surroundings. **14.** Bluetooth® is a registered trademark of Bluetooth SIG, Inc. and is under license. Some phones not compatible. **15.** Eligible vehicles receive Connected Navigation Services for 1 year from the Ford Express New Vehicle Warranty start date, after which time the Connected Navigation Services may cease to be available, or may be subject to a subscription fee. To use Connected Navigation Services, users must have created a Ford app account (terms apply), have fully activated the vehicle's modem and have SYNC Location set to 'on'. **16.** Don't drive distracted. Use voice operated systems where possible and don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all SYNC features are compatible with all phones. SYNC screen appearance and functionality may change over time due to software updates. **17.** Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay/Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. **18.** Drivers will need to create a profile of their trailers in SYNC to support this system. **19.** Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut off. **20.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Adaptive Cruise Control (iACC) uses various data to adjust the set speed of the vehicle to the speed limit detected by the system. The iACC system will not always detect the correct speed limit and may set a vehicle speed that is above or below the actual speed limit. If the system does this, it can be overridden by the driver applying the brake or accelerator or via steering wheel controls. In some circumstances, iACC will use map data to set the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. Adaptive Cruise Control and Lane Centring has a minimum operating speed of 20km/hr. Detection of lower speed limit will result in system entering standby when iACC is active. The Stop and Go functionality of this system operates as low as 0km/hr in traffic jam situations. Lane Centring feature should be disabled via the Driver Assistance menu in SYNC before towing. Customers should read the Owner's Manual for details of the limitations of the iACC system before activating. Speed Sign Recognition will not always detect the correct speed limit and may display a speed that is above or below the actual speed limit. On Ranger models with Satellite Navigation, in some circumstances, Speed Sign Recognition will use map data to display the speed limit on the digital instrument cluster. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **21.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Speed Sign Recognition will not always detect the correct speed limit and may display a speed that is above or below the actual speed limit. On Ranger models with Satellite Navigation, in some circumstances Speed Sign Recognition will use map data to display the speed limit on the digital instrument cluster. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **22.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Speed Assist (ISA) uses various data to limit the set speed of the vehicle to the speed limit detected by the system. The ISA system will not always detect the correct speed limit and may limit a vehicle speed above or below the actual speed limit. ISA can be temporarily overridden by the driver firmly pressing the accelerator. Customers should read the Owner's Manual for details of the limitations of the ISA system before activating. On Ranger models with Satellite Navigation, in some circumstances, ISA will use map data to limit the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **23.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Trailer Coverage system (requires a genuine factory fit tow bar) supports conventional trailer dimensions: up to 2.4m wide (measured at trailer front) and up to 10m long from the rear of your vehicle. Drivers will need to create a profile of their trailers in SYNC to support this system. **24.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. **25.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Road Edge Detection designed for use on rural roads at speeds of 65 – 110km/h. The feature does not detect every edge and does require a level of contrast between the road surface and the edge. **26.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. Disclaimer:
28. Maximum towing capacity-braked using a Genuine Ford tow pack. Standard on XLT, Wolftrak, Tremor, Wildtrak, Platinum, and Raptor models. Available as part of a pack at additional cost on XL, XLS, Black Edition. The standard Genuine Ford tow pack on XLT, Wolftrak, and Raptor models do not include a tow hitch, which is available at an additional cost. Subject to State and Territory regulations. To comply with regulations and vehicle GCM and GVM limits, the weight of any load transported by the vehicle may need to be restricted. For further details regarding load weight restrictions, please consult your authorised Ford Dealer and refer to the Owner's Manual. **29.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. **30.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. **31.** Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via Ford app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Users must have created a Ford app account (terms apply) and have fully activated the vehicle's modem to use this feature via the app. **32.** Load Rest (XL), Sports Bar (XLT), Sports Hoop/Sailplane, Aluminium Tie Down Rails and Power Roller Shutter (Wildtrak) and Box Top Protective Capping with Load Box Access Caps not available when Canopy option selected. Drop in bedliner may be trimmed to accommodate mounting brackets.

P = Part of a Pack that can be ordered before a vehicle is manufactured at an additional cost **NCO** = No Cost Option

Disclaimer:

1. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for details and limitations. 2. Mud/Rut Mode intended for off-road use only. 3. Sand Mode intended for off-road use only. 4. Baja Mode intended for off-road use only. 5. Rock Crawl Mode intended for off-road use only. 6. Kerb weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo with the lightest possible orderable combination of factory fit equipment. Maximum payload is calculated by deducting the vehicles Kerb Weight from its Gross Vehicle Mass (GVM). Payload is the maximum combined value of occupants, cargo, added accessories, added structures and tow ball download (when towing). All Chassis Cab payload and kerb weights exclude weights of tray bodies. Vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding additional load, accessories or towing a trailer to ensure the maximum Gross Vehicle Mass (GVM), Gross Combined Mass (GCM) and Gross Axle Weight Ratings are not exceeded. 7. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that these fuel consumption and emissions figures will be achieved in real world driving conditions. Actual fuel consumption and emissions will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, options and accessories, condition and use. 8. The figure 8.4 L/100 km applies to Ranger 4WD Wildtrak Double PU 3.0L V6 with any of the following factory options: Flexible Rack System, Stylish Dual Lift Canopy, Stylish Lift and Slide Canopy, or Commercial Canopy . The 8.3 L/100 km figure applies to the standard configuration. 9. The figure 222 g/km applies to Ranger 4WD Wildtrak Double PU 3.0L V6 with any of the following factory options: Flexible Rack System, Stylish Dual Lift Canopy, Stylish Lift and Slide Canopy, or Commercial Canopy. The 218 g/km figure applies to the standard configuration. 10. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. All Pick-up box dimensions take into account the Drop-In or Spray-In Bedliner where standard. 11. Vehicle length measured from front license plate bracket 12. 800mm Water Wading achieved when maintaining a steady speed of 7 km/h 13. Inclusive of tow bar where standard 14. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. All Pick-up box dimensions take into account the Drop-In or Spray-In Bedliner where standard.

Disclaimer:
15. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. **16.** Zone Lighting will not operate if battery charge is insufficient. The length of time that Zone Lighting will operate depends on the battery charge, the types of lights fitted to the vehicle (LED or Bulb) and other electrical loads connected to the vehicle. The system will automatically turn off after a period of time to preserve the battery's engine starting performance. **17.** Load Rest (XL), Sports Bar (XLT), Sports Hoop/Sailplane, Aluminium Tie Down Rails and Power Roller Shutter (Wildtrak) and Box Top Protective Capping with Load Box Access Caps not available when Canopy option selected. Drop in bedliner may be trimmed to accommodate mounting brackets. **18.** Flexible Rack System has a maximum load limit 80kg (dynamic) and 250kg (static). Manual set-up required. Removal of antenna mast recommended when cargo positioned over antenna. Removal may affect availability of radio, satellite and connected services. **19.** Load Rest (XL), Sports Bar (XLT), Sports Hoop/Sailplane, Aluminium Tie Down Rails and Power Roller Shutter (Wildtrak) and Box Top Protective Capping with Load Box Access Caps not available when Canopy option selected. Drop in bedliner may be trimmed to accommodate mounting brackets. Drop-in bedliner in lieu of spray-in bedliner and Load Box Access Caps not included when Power Roller Shutter option selected on Raptor.

Disclaimer:

22. Use of Ford app is subject to the Ford app Terms and User Guide and Ford app Privacy Collection Notice which are available on <https://www.ford.com.au/privacy> and requires a compatible mobile device, internet access and software (including software updates from time to time). The Ford app functionality and appearance may change over time due to software updates. You are responsible for internet access, mobile network data and voice call services required for your use of the Ford app on your mobile device, including associated fees. The Ford app and the Vehicle's modem can only work when both are connected to the telecommunications network. The Vehicle's modem will only function on the telecommunications networks it could use at time of manufacture. When all compatible networks for the modem in your vehicle are no longer available, the modem will stop functioning and the connected services and all data transmission via the modem will cease. Ford cannot guarantee that Ford app will be in fully operating condition at all times and the Ford app may be unavailable or particular Ford app services interrupted. If the Ford app is unavailable, the ability to lock or unlock your vehicle remotely could be limited, and a physical key might be needed. Always keep your key with you to ensure you can access your vehicle at all times even if the Ford app is unavailable. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. Use Remote Vehicle Start and Stop responsibly and only in well ventilated areas where you are aware of your vehicle's surroundings. 23. BANG & OLUFSEN® 2024 and B&O® 2024. BANG & OLUFSEN™ and B&O™ are registered trademarks of Bang & Olufsen Group. Licensed by Harman Becker Automotive System Manufacturing Kft. All rights reserved. 24. Bluetooth® is a registered trademark of Bluetooth SIG, Inc. and is under license. Some phones not compatible. 25. Eligible vehicles receive Connected Navigation Services for 1 year from the Ford Express New Vehicle Warranty start date, after which time the Connected Navigation Services may cease to be available, or may be subject to a subscription fee. To use Connected Navigation Services, users must have created a Ford app account (terms apply), have fully activated the vehicle's modem and have SYNC Location set to 'on'. 26. Don't drive distracted. Use voice operated systems where possible and don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all SYNC features are compatible with all phones. SYNC screen appearance and functionality may change over time due to software updates. 27. Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay/Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. 28. Drivers will need to create a profile of their trailers in SYNC to support this system. 29. Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut off. 30. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Adaptive Cruise Control (iACC) uses various data to adjust the set speed of the vehicle to the speed limit detected by the system. The iACC system will not always detect the correct speed limit and may set a vehicle speed that is above or below the actual speed limit. If the system does this, it can be overridden by the driver applying the brake or accelerator or via steering wheel controls. In some circumstances, iACC will use map data to set the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. Adaptive Cruise Control and Lane Centring has a minimum operating speed of 20km/hr. Detection of lower speed limit will result in system entering standby when iACC is active. The Stop and Go functionality of this system operates as low as 0km/hr in traffic jam situations. Lane Centring feature should be disabled via the Driver Assistance menu in SYNC before towing. Customers should read the Owner's Manual for details of the limitations of the iACC system before activating. Speed Sign Recognition will not always detect the correct speed limit and may display a speed that is above or below the actual speed limit. On Ranger models with Satellite Navigation, in some circumstances, Speed Sign Recognition will use map data to display the speed limit on the digital instrument cluster. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. 31. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Speed Sign Recognition will not always detect the correct speed limit and may display a speed that is above or below the actual speed limit. On Ranger models with Satellite Navigation, in some circumstances Speed Sign Recognition will use map data to display the speed limit on the digital instrument cluster. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. 32. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Speed Assist (ISA) uses various data to limit the set speed of the vehicle to the speed limit detected by the system. The ISA system will not always detect the correct speed limit and may limit a vehicle speed above or below the actual speed limit. ISA can be temporarily overridden by the driver firmly pressing the accelerator. Customers should read the Owner's Manual for details of the limitations of the ISA system before activating. On Ranger models with Satellite Navigation, in some circumstances, ISA will use map data to limit the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. 33. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Trailer Coverage system (requires a genuine factory fit tow bar) supports conventional trailer dimensions: up to 2.4m wide (measured at trailer front) and up to 10m long from the rear of your vehicle. Drivers will need to create a profile of their trailers in SYNC to support this system. 34. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Road Edge Detection designed for use on rural roads at speeds of 65 – 110km/h. The feature does not detect every edge and does require a level of contrast between the road surface and the edge. 36. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Pre-collision Assist with Automatic Emergency Braking detects pedestrians, but not in all conditions, and can help avoid or reduce a collision. It does not replace safe driving. See Owner's Manual for Limitations. 37. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Please see Owner's Manual for more information. Reverse Brake Assist functions when in reverse and travelling at a speed of 2-12 km/h.

Disclaimer:
38. Maximum towing capacity-braked using a Genuine Ford tow pack. Standard on XLT, Wolftrak, Tremor, Wildtrak, Platinum, and Raptor models. Available as part of a pack at additional cost on XL, XLS, Black Edition. The standard Genuine Ford tow pack on XLT, Wolftrak, and Raptor models do not include a tow hitch, which is available at an additional cost. Subject to State and Territory regulations. To comply with regulations and vehicle GCM and GVM limits, the weight of any load transported by the vehicle may need to be restricted. For further details regarding load weight restrictions, please consult your authorised Ford Dealer and refer to the Owner's Manual. **39.** Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. **40.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. **41.** Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via Ford app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Users must have created a Ford app account (terms apply) and have fully activated the vehicle's modem to use this feature via the app. **42.** Drop-in bedliner in lieu of spray-in bedliner and Load Box Access Caps not included when Power Roller Shutter option selected on Raptor. **43.** Flexible Rack System has a maximum load limit 80kg (dynamic) and 250kg (static). Manual set-up required. Removal of antenna mast recommended when cargo positioned over antenna. Removal may affect availability of radio, satellite and connected services. **44.** Load Rest (XL), Sports Bar (XLT), Sports Hoop/Sailplane, Aluminium Tie Down Rails and Power Roller Shutter (Wildtrak) and Box Top Protective Capping with Load Box Access Caps not available when Canopy option selected. Drop in bedliner may be trimmed to accommodate mounting brackets.

Running a fleet?

Our Ford Fleet team is here to assist you in any way we can. Please email askfleet@ford.com

1. Subject to availability. Participating dealers only. Other dealer conditions or requirements may apply.
2. Pick Up and Drop Off available for a general service or warranty repair only subject to dealer capacity and vehicle roadworthiness and driveability. Participating dealers only. Other dealer conditions or requirements may apply.
3. When a 90-minute Express Service is booked. 90 minutes from key handover to service completion for a General Service only, as set out in your vehicle's Service Portfolio. Does not include other work or repairs that may be required. Participating dealers only.
4. Available to Retail Customer or a Blue Business Fleet Customer only. Customer must comply with schedule service intervals at participating dealers to be eligible for 12 months Ford National Roadside assistance. see <https://www.ford.com.au/owners/service/t-and-c/> for full terms.
5. Some insurance companies may use repairers that could use non genuine parts to repair your vehicle. If your claim is accepted the insurer will use Genuine Parts when available. If not available, the insurer may use genuine reconditioned or recycled parts or ADR certified new, recycled or reconditioned parts. Refer to the Ford Insure PDS for full details.
6. When purchasing your vehicle from a dealership, accessories included on the purchase invoice are included in cover, without the need to list them on your schedule. Refer to the Ford Insure PDS for full details.
7. If Your Vehicle is damaged while it is being driven on a beach or off any public road, coverage may be available. Any claim will be subject to any applicable excess being doubled and the PDS terms and conditions. Refer to the Ford Insure PDS for full details.
8. Automatic removal of your standard excess on glass damage means the Standard Excess will not apply if you sustain a loss where the only damage to your Vehicle was glass damage. Refer to the Ford Insure PDS for full details.
