

The LDV Deliver 9 Van

**DELIVERS MORE**  
**FOR YOUR BUSINESS**

Designed to keep you and your business moving day-in, day-out, the LDV Deliver 9 range of heavy commercial vans can get any job done. Quickly and easily.

Available in three van sizes, Deliver 9 boasts the latest design, a gutsy, can-do diesel engine, a wide range of advanced safety features and a comfortable, tech-filled cabin that doubles as your office on the move. There's also plenty of cargo space up back along with easy access, side and rear.

There's even a customisable cab chassis version. Just to make sure you have exactly the right van for your business.

Versatile, functional, comfortable. And lots more. The Deliver 9 is the workhorse you need to take the worry out of your working day and really deliver for your business.

# THE RIGHT VAN FOR YOU

With three van sizes, including a choice of two wheelbases and two roof heights, as well as a customisable cab chassis to choose from you can be sure there is a Deliver 9 van to suit all your workday needs. Perfectly.

The popular MWB Deliver 9 van gives you a big load volume of 9.66m<sup>3</sup> with a hefty 1500kg payload. Plenty of carry space and room to spare.

If that's not enough then take a look at our LWB/MR van with a load volume of 10.97m<sup>3</sup> plus a 1670kg payload\* on the manual. Cabling, boxes, parcels, packages or pallets, the LWB/MR van can fit them all.

For even more space, our LWB/HR van with a load volume 12.33m<sup>3</sup> and a 1640kg payload\* on the manual could be the right van for you.

CAB CHASSIS

MID WHEEL BASE (MWB)

LONG WHEEL BASE / MID ROOF (LWB/MR)

LONG WHEEL BASE / HIGH ROOF (LWB / HR)

\*Payload and tare weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to State and Territory towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Tare weight includes the vehicle with a full tank of fuel and all standard equipment excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload and tare weight. When a genuine tow bar and wiring are fitted, blind spot monitoring will be disabled.

**BUILT TO CARRY  
THAT LOAD**

Roomy, practical, and designed to make your working day easier, the Deliver 9 Van range is equipped with big volume load areas that can carry between 9.66m<sup>3</sup> and 12.33m<sup>3</sup>.

Along with its impressive floorspace, Deliver 9 Vans boast an easy sliding side door with an opening width of 1269 mm, plus rear doors that open up to 180° – so you can get things in and out easily. And with an Options Pack upgrade (auto only) you could take this out to an extra-wide 236° on the LWB models.

A low rear step on the vans makes it easier than ever to load awkward or heavy items, and eight heavy duty cargo tie down rings help secure every type of payload. You'll also appreciate the solid, well placed grab handle that saves you effort in loading and unloading.

Illuminated LED lighting in the load compartment means early morning starts or long working days are never a problem.

Deliver 9 can keep your business moving. 24/7. 365 days a year.

## TAKING SAFETY TO A NEW LEVEL

With Deliver 9 safety comes first. Always.

Its impressive range of standard safety features\* includes an advanced Driver Assistance System with a Bosch Electronic Stability Program for safer driving in any situation. Also included are autonomous emergency braking (AEB), Lane Departure Warning and Hill Hold.

On the vans, rear parking sensors increase all round awareness and ensure safer parking. A wide-view overhead reversing camera with on-screen guidelines gives you increased visibility and makes parking a breeze.

Deliver 9's six airbags, including curtain airbags, improve all-round protection and help keep you safe. For added safety, upgrade to the Options Pack (auto only) that includes Blind Spot Detection and Lane Change Assistance.

\*Safety technologies may not operate optimally under all driving conditions and effectiveness depends on many factors. The driver is responsible for safe and attentive driving. See owner's manual for complete details.

Wide view rear overhead camera

LED illuminated rear cargo lighting

180° or optional pack for 236° rear barn doors\*

\*Not available on mid wheel base model

Heavy duty, non-slip hard rubber flooring

Sturdy tie-down points (8)

Integrated rear step

Rear parking sensors

**POWERED  
TO PERFORM**

In terms of power and performance, Deliver 9 really delivers.

Deliver 9 boasts a powerful diesel Euro V engine with 108kW of power @ 3500rpm and 375Nm of torque @ 1500-2400rpm – ideal for carrying heavy payloads. It comes with an advanced Bosch electronically controlled common rail direct fuel injection system for a smooth performance and better fuel economy. A smooth, quiet ride with plenty of guts when you need it.

Combine it with your choice of a nimble 6-speed manual on the Deliver 9 Van or a true 6-speed automatic transmission on the Deliver 9 Van and Cab Chassis.

With Deliver 9, you're ready for the road.

## STAY CONNECTED

Equipped with cutting-edge technology and practical features, Deliver 9 puts everything you need at your fingertips with a 10-inch touch screen. In addition, the Deliver 9 includes a USB port – so you can stay charged and plugged in to what’s happening back at home base or at your next delivery destination.

Connect your phone through Apple CarPlay™ for hands free calling, messaging and navigation and create a ready-to-go mobile office.

A multifunctional steering wheel makes driving even safer by putting everything you need – communication, navigation and infotainment – within reach. It includes cruise control so you can maintain a steady speed for increased road safety.

## STORAGE WHERE YOU NEED IT

Doubling as a mobile office that moves with you, Deliver 9's cabin is cleverly designed to make your working day run as smoothly as its diesel engine.

From a roomy glove box to large, deep storage spaces in the doors – the Deliver 9 has heaps of storage and plenty of extra space for all your gear. There are useful tuck-away spaces under the bench seating, in addition to a practical foldable seatback on the three seat model that can hold two cups and a tablet. The dashboard includes handy cup holders too, along with other nifty storage spaces for all your day-to-day things, both big and small.

- > Storage space under the bench seat (three seat model)
- > Foldable seat back with cup holders and tablet holder (three seat model)
- > Storage compartments in the doors
- > Cup holder (driver and passenger)
- > 12V power socket and USB port
- > Overhead storage on medium and high roof vans

# MAKE DELIVER 9 WORK FOR YOU

## **Option pack (auto only) – available on MWB & LWB Vans**

Upgrade your van with extra features to suit your workday preferences with LDV's Options pack.

Upgrade options include:

- > PEPS remote keyless entry with push button start
- > Blind Spot Detection System for extra driving safety
- > Lane Change Assist for added peace of mind
- > On the LWB models only, 236-degree rear opening doors for quick and easy loading and unloading at a loading dock
