Technical Specifications

Model	Life / Style
Engine	1.0 litre TSI
Type	3 cylinder inline turbocharged direct injection petrol with engine Start/Stop system and brake energy recuperation*
Installation	Front transverse
Cubic capacity, litres/cc	1.0/999
Max power, kW @ rpm	85 @ 5000 - 5500
Max torque, Nm @ rpm	200 @ 2000 - 3500
Exhaust emission control	Lambda probes before and after catalytic converter
Emission level~	EU6
Fuel type (Recommended)	Minimum 95 RON
Transmission	7 Speed DSG
Driven wheels	Front wheel drive
Performance#	
0 – 100 km/h, seconds	10.4
Fuel Consumption**	
Combined, L/100km	5.4
Urban, L/100km	6.4
Extra Urban, L/100km	4.9
CO ₂ emission g/km~	123
Fuel tank capacity litres	40
Running Gear	
Suspension	
Front Axle	Independent suspension, MacPherson struts and coil springs.
Rear Axle	Torsion beam axle, trailing arms, coil springs.
Steering	Electro-mechanical power assisted rack & pinion steering.
Turning Circle	10.6
Brakes	
Front	Ventilated discs
Rear	Discs
Weight	
Tare Mass kg's^	1188

~ Emission level according to European Regulation (EC) No. 715/2007 and Regulation (EC) No. 692/2008, UN ECE R83/06 and later amendments.

*The Start/Stop system is designed to reduce fuel consumption and CO₂ emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information.

Please note figures are sourced from overseas data where equipment levels by model variant may vary.

**Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

^ Tare mass displayed represents the tare mass for the heaviest value for the model vehicle worldwide, including all possible equipment and may not accurately reflect the tare mass for the Australian-specification vehicle. Consult your Volkswagen representative for further information in relation to this vehicle's payload.
