# ALWAYS SOMETHING 500 ALWAYS MORE.

True legends don't grow old: they change. Just like 500, the icon of Italian design and life style, which has been reinventing and renewing itself for almost 60 years while remaining faithful to its original spirit. Hip and cool ever since it first took to the road, today the **New 500** is born again with an even bolder and captivating personality, greeting the world with a fabulous new look: an irresistibly cheeky charm guaranteed to turn heads.

Not all features shown may be available in Australia.

When it comes to the **New 500**, it's not just the details that make the difference.

## DETAILS MAKE PERFECTION.

500

On the exterior, look no further than the rear light clusters in matching body colour and the chrome inserts, while inside, there's the new dashboard, new steering wheel, new buttons and new materials, all trendier than ever: every last detail of the **New 500** is designed to enhance the car's originality while at the same time bestowing an even more sophisticated status on the model.

## ALL EYES ON ME.

That's what the **New 500** seems to want to say with its new front – now even cheekier with the new ribbing, the enhanced whiskers and the front bumper surrounding the three-dimensional grille – not to mention the new daytime running lights, reminiscent of the zero in the logo, that become a veritable signature feature, impossible to mistake with any others.

500

If the new 500 is in perfect harmony with the rhythm of every day, it is all thanks to the innovative **Uconnect™** system, designed to deliver the best in on-board infotainment and to promise everyone one thing: with this car, you'll never get lost, except in the pleasure of driving!

uconnect

#### UCONNECT™ 5-INCH RADIO

**Uconnect™ 5-inch Radio Nav** represents the top of the infotainment offering in the 500, with the addition of the integrated 2.5D TomTom navigation. Available\*.

Unpredictable and playfully irreverent by nature, the New 500 knows that when it comes to driving, it's time to stop fooling around, as everything must be

## PERFECTLY UNDER CONTROL.

That's why it features an available\* 7-inch TFT digital display which, apart from being uber-cool, is useful for monitoring all the information you could possibly need while driving, like the information from the speedometer, the rev counter, the temperature, the **gear shift indicator** and the trip computer. What's more, everything is perfectly integrated with the **Uconnect™ 5-inch Radio Nav**, which let you see the media player, telephone and navigator on the same screen. Available\*.
