** Electric vehicle range has been calculated in compliance with the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). The stated electric vehicle range is for the purposes of comparison amongst vehicles tested under the same technical procedures only. The real range for your vehicle will vary according to a number of different factors which include, weather conditions, vehicle load, battery age and condition, optional equipment, the use of peripheral energy consumption systems such air conditioning as well as your driving style.

Please note figures are sourced from overseas data where equipment levels by model variant may vary.

× Please note running clearance measurement may vary with wheel size, tyre pressures, tread depth.
