IMAGINATION DRIVES US

Imagination is the world's most valuable resource. It's our window to the future, because if we can imagine it, we can create it. Mazda is built on a foundation of imagination and ingenuity. It's the fuel behind all we create and achieve. It has given us countless successes that once existed only in someone's imagination. These pages show how imagination is an integral part of our innovative cars.

4x4 Dual Cab Utility GT in Aluminium Metallic.

BUILT LIKE A BT-50

There's no other ute that's built like a BT-50. It delivers power when you need it, and refined comfort with every drive. Fill it with gear, pull a load or take it off road. As a workhorse or a weekend warrior, it's built to rise to any challenge.

Smart connectivity, including Apple CarPlay® and Android® Auto, means Mazda BT-50 is clever as well as capable. The spacious cabin offers a level of style and passenger comfort that makes it feel more like a car. It's all protected with advanced safety features like airbags, Dynamic Stability Control and Reverse Camera.

Add to all of this a bold new look, Mazda BT-50 can do it all - with added Zoom-Zoom.

4x4 Dual Cab Utility GT in Titanium Flash Mica.

A RUGGED FACE. A HEART OF GOLD

Mazda BT-50 is built with a bold front end design. The styling visually lowers the centre of gravity toward the front, giving it a wide, stable stance and adding to the commanding street presence. You can personalise your Mazda BT-50 to suit your style too with a range of accessories and options to choose from.

4x4 Dual Cab Utility GT.

A CUT ABOVE

These days tough's not enough. That's why Mazda BT-50 is built with all the comforts you'd expect in a car. The interior is decked out with quality trims and finishes, like a luxurious leather-bound steering wheel (XTR and GT only). Stay comfortable all year round with powerful heating and cooling, including dual-zone climate control in selected models.

There's plenty of clever thinking built in too with useful driver tech like Apple CarPlay® and Android® Auto, trip computer and cruise control.

You'll also get access to Sat Nav with off-road maps on XTR and GT models as well as DAB+ digital radio, now standard on all grades, ready for you to crank up the thumping audio system. Mazda BT-50 is USB and Bluetooth® compatible, so you can make and answer phone calls with built-in hands-free connectivity[§]

[§] Please check the compatibility of your Bluetooth® device (particularly your mobile phone) with the specific Mazda vehicle you intend to purchase as not all devices operate correctly. Visit www.mazda.com.au/Bluetooth or consult your Mazda Dealer for further information.

BUILT TO PERFORM

When it comes to performance, Mazda BT-50 has it in spades. Built tough from the ground up, its ladder frame chassis provides reinforcement for maximum rigidity. The resulting stability can be felt in car-like handling - even when taking on large payloads.

Mazda BT-50's powerful engines also make towing light work, hauling boats, caravans and trailers with ease. Under the bonnet, new generation turbo diesel engines give you the power to get the job done. Harnessing the power is up to you - choose from a rugged 6-speed manual for complete control, or a versatile 6-speed auto that also allows for smooth manual changes.

BUILT FROM THE INSIDE OUT

Make the most of generous power with responsive performance. Mazda BT-50 rises to the toughest challenges with effortless grunt, thanks to advanced common-rail direct injection. A variable geometry turbocharger reduces lag on the gutsy 2.2L, delivering an effortless 110kW and 375Nm of torque. Choose the 3.2L, and you get 147kW with a whopping 470Nm.

* Combined fuel consumption figures are based on ADR 81/02 test results. They are useful in comparing the fuel consumption of different vehicles. They may not be the fuel consumption achieved in practice. This will depend on traffic, road conditions and how the vehicle is driven.

2.2L ENGINE

Boosted by a variable geometry turbocharger to reduce lag, the 2.2L engine delivers all the power you need. 4x2 Single Cab Chassis XT's four-cylinder engine gives you 110kW and 375Nm and uses 8.0L/100km* (Manual)

Black Engine cover not available on 2.2L Engine.

3.2L ENGINE

Feel the grunt of a five-cylinder engine with common-rail direct injection and intercooling. Pumping out 147kW and 470Nm of torque from 8.9 litres per 100km* (combined), you get effortless muscle for every task.

Black Engine cover on XTR and GT models only.

BODY

High-tensile steel is behind the Mazda BT-50's durable body shell. Exceptionally strong, it also keeps overall weight down.

CHASSIS

Reinforced with a rigid ladder frame chassis, Mazda BT-50 is ready to take on the heavy-duty jobs. Front wishbone suspension and rear leaf suspension cushion the ride for car-like handling on and off the road.

AUTOMATIC TRANSMISSION

Let the intelligent six-speed auto do the work for you, or step in for manual gear shifts when the mood strikes. In auto mode, Active Adaptive Shift (AAS) kicks in - intuitively changing gears to suit your driving conditions.

MANUAL TRANSMISSION

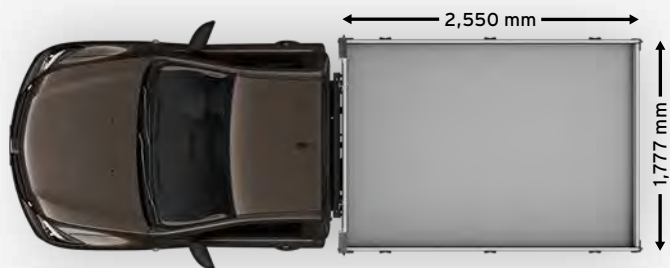

Enjoy the smooth ride of a six-speed manual that delivers fluid precision-shifting ratios. Transition through gear changes with ease for a true sense of control over your vehicle's performance.

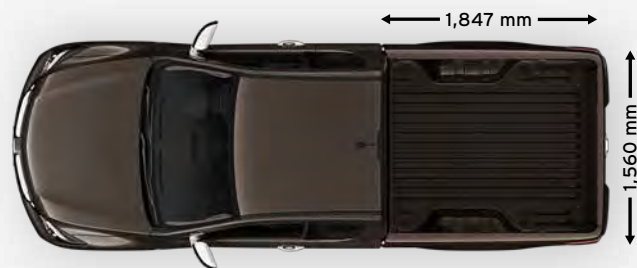

4x4 Dual Cab Utility GT in Titanium Flash Mica fitted with optional tow bar.

CONQUER THE EARTH

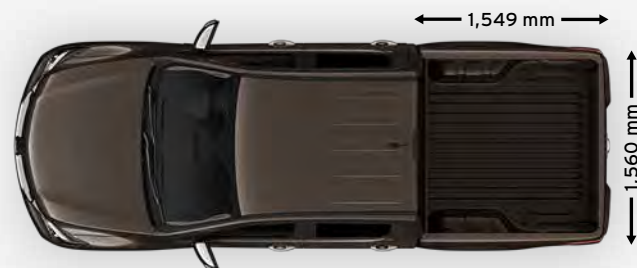

Equipped with power and backbone, Mazda BT-50 has serious muscle. Don't be afraid to load it up and give it heaps - it takes on hefty towing jobs and payloads effortlessly. The rugged 4x4 is backed by the latest driver support tech meaning uneven terrain has never been easier to conquer. Jump between 2-High and 4-High at the flick of a switch, without stopping the vehicle. Operated via a console switch, electronic Locking Rear Differential (eLRD) gives you maximum traction on uneven terrain. By locking the rear differential, torque is distributed evenly between the rear wheels. If one wheel loses grip, the other continues to provide power, turning the wheel to get traction on the ground.

14 Single Cab

Freestyle Cab

Dual Cab

4x4 Freestyle Cab Utility XTR in Blue Reflex Mica.

READY, WILLING, ABLE

Whether it's navigating new terrain, carrying heavy cargo or towing a few tonnes, Mazda BT-50 handles it all without breaking a sweat. The Freestyle Cab offers you the versatility to make room for up to 4 adult passengers, with adjustable seating configurations and clever rear door access.

4x2 Single Cab Chassis XT Lo-Rider in Cool White fitted with optional premium alloy tray and tow bar.

STRENGTH WITH AGILITY

Built like it's born to work, you get all the tech, safety and power you need from the tough Single Cab. It's ready to tow the big stuff and carry the heftiest payloads. In selected models there's room for three occupants, featuring a bucket seat for the driver and bench seating for two others. Auto models seat two in comfortable bucket seats.

4x4 Dual Cab Utility GT.

20 4x4 Dual Cab Utility XTR.

ROOM TO MOVE

Power, strength and capability - Mazda BT-50 consistently delivers. When it comes to space, it's no different. While Mazda BT-50 boasts a generous cargo box in the back, you'll be surprised how much smart storage can be found around the cabin too. Tuck your gear away in the split-level centre console space, or the sizeable glovebox that swallows a 16-inch laptop. Drinks and sunnies have their own dedicated spaces, keeping them within grabbing reach on every trip.

4x4 Dual Cab Utility GT with optional accessories.

BUILT FOR AUSTRALIA

Mazda BT-50 is ready to handle the demanding driving conditions of our rugged landscape. Challenging terrain is met with gritty performance that adapts to its environment with intelligent driver aids like Dynamic Stability Control (DSC) and Hill Descent Control (HDC). Leave no territory unexplored - be ready for any terrain with the robust 4x4. Switch between 2-High and 4-High at the flick of a console switch without even stopping the vehicle. While Australia's harsh weather extremes can make being outside unbearable, you'll always be comfortable inside with Mazda BT-50's dual-zone climate control (XTR and GT only).

CONFIDENCE BUILT-IN

In a Mazda BT-50 you're driving a vehicle that's big on safety. Driver support begins with a rigid chassis and precise handling, giving you the capacity to avoid potential hazards! In the event Mazda BT-50 does run into trouble, it's well equipped to deal with it. The reinforced body shell is fitted with front airbags and head-protecting curtain airbags in all models. Freestyle and Dual Cab models also come with the addition of side (front) airbags.

Every seat is armed with three-point lap-sash seatbelts, with Dual Cab and Freestyle Cab models featuring two child restraint anchor points in the rear.

Roll Stability Control (RSC) monitors your driving data and applies appropriate measures to help prevent rollover. When your cargo raises Mazda BT-50's centre of gravity, you've got Load Adaptive Control (LAC) for extra stability.

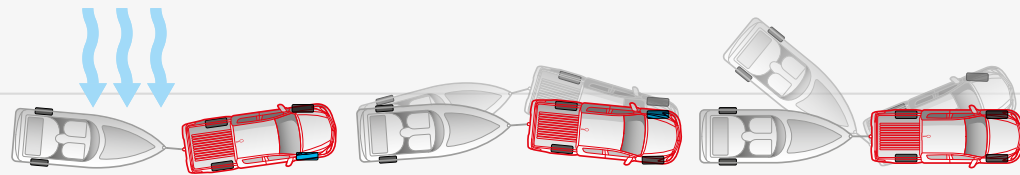

Dynamic Stability Control (DSC) helps keep traction in all conditions, managing the engine power and braking force delivered to individual wheels to avoid skidding or loss of grip.

ABS brakes feature Electronic Brake-force Distribution (EBD) which matches braking to vehicle load, while Emergency Brake Assist (EBA) boosts stopping power when emergency braking is sensed. An Emergency Stop Signal (ESS) activates the hazard lights to warn following drivers of sudden deceleration.

† Driver-assistance features do not replace the driver's judgement and are not to be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

4x4 Dual Cab Utility GT in Aluminium Metallic.

SAFETY REFLEX

Trailer Sway Control (TSC) adjusts braking and torque to correct any side-to-side swinging movement of towed loads.

BETTER BRAKING

Stopping distance with EBA, ABS and EBD.

Stopping distance with no assistance.

INCLINES MADE EASY

Remove your foot from the brake on an incline and Hill Launch Assist (HLA) keeps the brakes applied, releasing them when there's enough power for a smooth start. While you're on steep slopes, you can engage Hill Descent Control (HDC) to maintain steady control of your speed.

4x4 Dual Cab Utility GT with optional accessories.

MAKE IT YOUR OWN

Build your own Mazda BT-50 with specially designed Mazda Genuine Accessories. You can toughen up the capabilities and functionality while enhancing its rugged looks and adventurous spirit. Mazda Genuine Accessories also protect your Mazda BT-50 and add value. To discover the full suite of accessories, please refer to the Accessories Brochure, or online.

BT-50

SINGLE CAB

SINGLE CAB FEATURES

XT

- » 16-inch steel wheels
- » Headlamps (Halogen)
- » Power windows and mirrors (black)
- » Seat trim: Black cloth
- » Air-conditioning
- » Cruise control
- » Lockable glovebox
- » Trip computer
- » Audio system with: AM/FM tuner
- » 7-inch touch screen
- » DAB+ digital radio
- » Apple Carplay® and Android® Auto
- » Reverse camera
- » Bluetooth® hands-free phone and audio capability§
- » Steering wheel-mounted audio controls
- » Airbags SRS: front (driver and passenger) and curtain (driver and passenger)
- » Anti-lock Braking System (ABS)
- » Dynamic Stability Control (DSC)
- » Emergency Stop Signal (ESS)
- » Hill Launch Assist (HLA)
- » Roll Stability Control (RSC)
- » Traction Control System (TCS)
- » Trailer Sway Control (TSC)

4x2 Single Cab Chassis XT Lo-Rider in Cool White fitted with optional premium alloy tray.

POWERTRAIN

2.2 LITRE

- » 2.2 litre in-line 4 cylinder 16 valve DOHC intercooled turbo diesel engine
- » Drivetrain: 4x2 or 4x2 Hi-Rider
- » Max power: 110kW @ 3,700rpm
- » Max torque: 375Nm @ 1,500-2,500rpm
- » Fuel consumption (combined): 8.0L/100km* (4x2, man) or 8.6L/100km* (4x2 Hi-Rider, auto)

3.2 LITRE

- » 3.2 litre in-line 5 cylinder 20 valve DOHC intercooled turbo diesel engine
- » Drivetrain: 4x2 Hi-Rider or 4x4
- » Max power: 147kW @ 3,000rpm
- » Max torque: 470Nm @ 1,750-2,500rpm
- » Fuel consumption (combined): 8.9L/100km* (4x2 Hi-Rider, man) or 9.7L/100km* (4x4, man) or 10.0L/100km* (4x4, auto)

§ Please check the compatibility of your Bluetooth® device (particularly your mobile phone) with the specific Mazda vehicle you intend to purchase as not all devices operate correctly. Visit www.mazda.com.au/Bluetooth or consult your Mazda Dealer for further information.

* Combined fuel consumption figures are based on ADR 81/02 test results. They are useful in comparing the fuel consumption of different vehicles. They may not be the fuel consumption achieved in practice. This will depend on traffic, road conditions and how the vehicle is driven.

GET COMFORTABLE

The single cab features a bucket seat for the driver and bench seating for two others - all finished in durable cloth trim. Auto models seat two in comfortable bucket seats.

CONNECT FOR WORK AND PLAY

Do business or connect with the world around you with Apple CarPlay® and Android Auto available when you pair up your compatible smartphone.

SMOOTH CRUISING¹

Maintain a consistent speed and save fuel without the distraction of checking your speedometer.

HANDS-ON CONTROL

You'll never have to take your hands off the wheel with this smart control.

DON'T BACK INTO TROUBLE

The Reverse Camera now with an integrated 8-inch screen means you'll always have a clear view of what's behind you.

BT-50
FREESTYLE CAB

FREESTYLE CAB FEATURES

XT

- » 16-inch steel wheels

VERSATILITY AND DURABILITY

All seats are finished in quality cloth trim, and how they're configured is up to you.

FREEDOM OF FLEXIBILITY

Open up your interior options with a versatile rear door configuration.

THE RIGHT DIRECTION

In-built navigation leads the way so you can relax and enjoy the ride. (Navigation available on XTR only.)

THE PERFECT TEMPERATURE

With dual climate control you and your passenger can both enjoy optimum cabin temperature. Even if it's not the same. (Available on XTR only.)

A BIG BOLD LOOK

These 17-inch alloys get the job done and give your Mazda BT-50 a unique, bold look and a commanding street presence. (Available on XTR only.)

BT-50 DUAL CAB

4x4 Dual Cab Utility GT in Titanium Flash Mica.

Utility

ENJOY MAZDA BT-50 WITH CONFIDENCE

REST ASSURED – YOUR WARRANTY

The quality built into Mazda BT-50 is backed up by a 5 year, unlimited kilometre factory warranty and 6 year panel protection warranty.*

MAZDA BT-50 FOR YOUR BUSINESS

The Mazda BT-50 Fleet program offers tailored deals for businesses of any size. Contact your local Dealer for more information.

MAINTAIN THAT ZOOM-ZOOM

Your Mazda BT-50 deserves the best in care. Servicing with Mazda Service Select gives your vehicle the advantage of factory-trained Service Technicians and advanced computer diagnostic systems. As well as maintaining your Mazda in A1 condition, you'll also be protecting your vehicle's outstanding resale value.

HELP IS AT HAND – MAZDA ROADSIDE ASSISTANCE

Flat batteries, running out of fuel, flat tyres – everyone faces hiccups from time to time. When the unexpected happens, Mazda Roadside Assistance is there to keep you moving. You'll be covered 24 hours a day, 365 days a year, all around Australia. Better still, your Mazda will only be worked on by Mazda-approved technicians. Choose a Standard policy offering everything needed to get going again, or Premium with extras like accommodation, a rental car and vehicle recovery. Either can be purchased across the entire Mazda range. (Terms and conditions apply.)

* New 5 year unlimited kilometre warranty available on all brand new vehicles purchased from 1 August 2018. For full terms and conditions please visit <https://www.mazda.com.au/owners/warranty/>

BOSS ADVENTURE PACK

Be adventurous with your BT-50 and protect it with these tough and stylish accessories. Mazda Bull Bars are fully airbag compatible, ensuring safety and durability on those long drives.

- Black sports bar
- Black steel bull bar
- Black tubular side steps
- Lightforce driving lights
- Soft tonneau cover
- 17-inch 8-spoke black alloy wheels

4x4 Dual Cab Utility GT fitted with Boss Adventure Pack.

MAKE YOUR MAZDA EVEN MORE REWARDING

The powerful Mazda BT-50 can take you on any adventure. Combining durability with superior passenger comfort, it's now even more impressive, with a refreshed exterior for a tough new look. Personalise and protect your BT-50 with Mazda Genuine Accessories that deliver superb design, quality and safety, all backed by a Genuine Mazda Warranty. Mazda Genuine Accessories give you even more Zoom-Zoom.

BOSS SPORTS PACK

Prepare your BT-50 for some serious off-road fun and don't be afraid to go hard with tough-looking gear that guards against damage.

- Hard tonneau cover
- Lightforce driving lights
- Polished alloy bull bar
- Polished sports bar
- 17-inch 5-spoke alloy wheels

BOSS TOURING PACK

These tough and stylish accessories will make you want to hit the road more often.

- Canopy
- Electronic brake controller
- Lightforce driving lights
- Polished nudge bar
- Tow bar kit

4x4 Dual Cab Utility GT fitted with Boss Touring Pack.

HARD TONNEAU COVER

Keep your cargo secure with the lockable protection of a durable hard tonneau cover. Available exclusively for utilities, with or without sports bar fitted.

BLACK SPORTS BAR & SOFT TONNEAU COVER

Add sports appeal and keep your BT-50's load compartment secure with this durable soft tonneau cover and black sports bar. Available exclusively for utilities. Polished sports bar also available.

POLISHED LADDER RACK FOR SPORTS BAR

Transport ladders and other long items securely with a rack that's made for the job. Holds up to 75kg. Also available in black. (Utilities only)

BLACK NUDGE BAR

Enhances the look of your BT-50 while adding extra protection. Features mounting for optional Lightforce driving lights.

POLISHED NUDGE BAR

Toughen up the front of your BT-50. Offers extra protection and incorporates mounts for optional Lightforce driving lights.

FRONT PARKING SENSORS

Manoeuvre your BT-50 into tight spaces with front sensors that give you audible guidance.

REVERSE PARKING SENSORS

Park your BT-50 with ease with this four-sensor system. A warning tone helps prevent bumper damage by alerting you to obstacles. (Utilities only)

SNORKEL

Allows the engine to breathe in dusty conditions or through water crossings.

FENDER FLARES

Protect your BT-50's bodywork from rocks and road debris while drawing attention to its impressive wheel arches. Fender flares are available in matte black or body colour. (Front only or front and rear available)

FINKE PACK

You'll rule the road (and off road) with this sleek pack that's built as tough as it looks.

- Black steel bull bar
- Black sports bar
- Soft tonneau cover
- BT-50 decal
- 17-inch Gloss black with silver face alloy wheels

4x4 Dual Cab Utility XTR fitted with Finke Pack.

CANOPY

Cover your gear securely with this spacious canopy made from tough ABS plastic. Complete with a lockable rear door that lifts for easy access. Available with 3 window variations. (Dual Cab Utilities only)

CAB CHASSIS TRAY MAT

Protect the surface of your BT-50's tray with this tailor-made non-slip mat. (Single Cab Chassis only)

RETRACTABLE BLACK TONNEAU COVER

Made from durable aluminium, this easily-accessible tonneau cover has multiple locking positions and can be operated with the pull strap. (Dual Cab Utilities only)

CANOPY ROOF RACKS

Increase your carrying capacity up to an extra 150kgs with these durable, light and aerodynamic canopy roof racks.

SLIMLINE ROOF RAILS FOR CANOPY

Carry more with these sleek, but durable BT-50 Slimline Canopy Roof Rails with a load capacity of 75kgs.

UTILITY TRAY MAT WITH TUB ILLUMINATION

A protective non-slip surface for your tray with handy lighting embedded into the tub's lip. (Utilities only)

TUB AND TAILGATE LINER

Surface protection tailored to your BT-50. This durable liner is highly resistant to UV light and withstands exposure to chemicals like paint and fuel. (Utilities only)

DUAL BATTERY KIT

Run powerful electrical equipment from this unit without the risk of draining your BT-50's main battery. Fitted with one standard 12V and one Merit socket. (Utilities only)

DOUBLE 12-VOLT AUXILIARY SOCKET

Power electrical appliances with two in-built, 15-amp sockets with smart circuit, battery protection and handy touch light. Fitted with one standard 12V and one Merit socket.

MATTE BLACK BONNET PROTECTOR
Keep your paintwork safe from chips and dents.

RUBBER FLOOR MATS
Heavy-duty mats custom-made for complete coverage.

CARPET FLOOR MATS
Customised mats to prolong the life of your carpets. These durable mats include a heel pad for the driver's side.

FRONT SEAT COVERS
Keep your front seats grime-free with these durable, customised covers. Made from waterproof neoprene, they're fully airbag compatible.

REAR SEAT COVER
Prolong the life of your rear seats with this lightweight, waterproof cover. Shields from dirt, spills, pets and everyday wear and tear. (Dual Cab only)

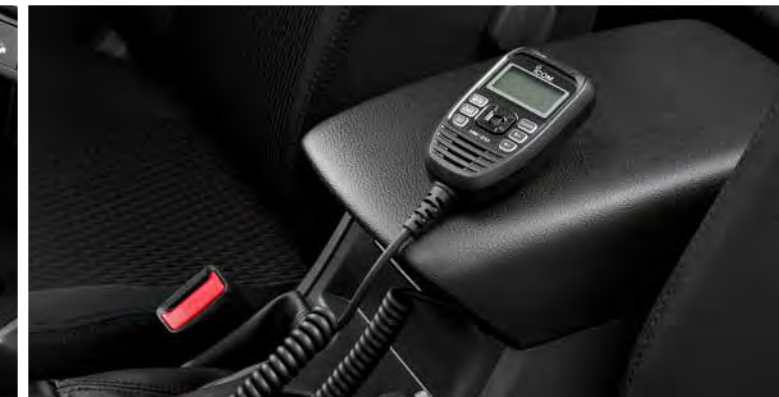

CLEAR BONNET PROTECTOR
Protect your BT-50's bonnet from costly damage.

HEADLIGHT PROTECTORS
Protect your BT-50's headlamps from damage caused by road debris.

MOBILE PHONE HOLDER
Safe, stylish and compatible with many phones, this holder gives drivers easy phone visibility and access. Allows for portrait and landscape use.

UHF RADIO
Stay connected and safe in remote areas with this reliable 80 channel UHF radio unit.

WEATHERSHIELDS
Made from UV-resistant acrylic, weathershields let fresh air in while keeping the elements out. (Front only)

SLIMLINE WEATHERSHIELDS
Allow fresh air into the cabin whatever the weather, allowing heat to escape and preventing windows from fogging. (Set of two or four)

SCUFF PLATES
Protect door sills from scratching and scuffs with this stylish addition to your BT-50.

SAFETY PACK
Attract attention in an emergency situation and warn of hazards with this safety kit featuring lights, reflective vest and triangular road sign.

STANDARD MAZDA ALLOY TRAY

This tough alloy tray comes equipped with an angled headboard, 255mm medium-duty drop sides, internal load restraint rails and rope rails. It also features Mazda-branded tailgate decals and mudguards. Available on Single Cab, Freestyle Cab and Dual Cab Chassis models.

PREMIUM MAZDA ALLOY TRAY

Features additional to the Standard Alloy Tray include a tubular headboard, tail light protector, wiring guards, tubular ladder rack, 23L water tank, slimline toolbox and rear window protector. Available on Single Cab, Freestyle Cab and Dual Cab Chassis models.

TAILGATE DUST SEAL

Fits to the inside of your BT-50's tailgate to restrict the entry of dust and water.

TOW BAR

A custom tow bar made specifically to accommodate the BT-50's impressive braked towing capacity of 3,500kg and 350kg maximum tow ball download (Hi-Rider models only), or 2,500kg braked towing capacity and a 250kg maximum tow ball download* (2.2L manual model only).

ELECTRONIC BRAKE CONTROLLER AND TRAILER BREAK-AWAY HARNESS

Electronic brakes seamlessly integrates with your BT-50's braking system to help control your trailers electronic brakes. The Trailer Break-Away Harness supplies power to the trailer breakaway system on the trailer should it come free from your BT-50.
