Real Deals on Genuine Parts inside ▶

Prices published are recommended selling prices, include GST and are effective 1st April 2019 until 30th June 2019 or while stocks last. Images are for illustrative purposes only. All parts advertised herein have been included in good faith and on the basis that those parts will be available at participating Isuzu Dealerships at the time of publication. Isuzu and participating Dealers reserve the right to correct any errors made in parts listed and/or the pricing published.

WHY USE GENUINE PARTS?

Why compromise on quality and safety when repairing your Isuzu? Accidents happen. Bring your much loved Isuzu back to its pre accident condition by using genuine parts.

The saying "you get what you pay for" is very true with panel parts. You can buy non genuine panels at a cheaper price but in some cases, the slight saving you make on the panel is more than an offset by the extra time taken modifying or altering the panel to make it fit.

Product type	Item	Application	Price
Front Bumpers	8974056355	NN*/NP*/NQ* excluding foglamps 10/07 - current	\$431.50

BVP WHEEL BEARINGS & GENUINE HUB SEALS

As part of Isuzu's scheduled maintenance guidelines, it is recommended that wheel bearings should be inspected/adjusted periodically (refer to your owner's manual /service book for more information). Wheel bearings wear out for a few reasons and you should be aware of the tell-tale signs that may lead to bearing failure.

Some common symptoms of premature wheel bearing wear or failure could be:

- uneven tyre wear
- one wheel may feel hotter when compared to the others
- vibrations and wheel lock

These could all be signs that something might be amiss with your wheel bearings. The causes of these symptoms could be:

- the lubrication of the bearings is inadequate
- contaminated lubrication i.e. water/dust/dirt
- wheel bearing adjustment not being at the manufacturer's settings

If wheel bearings are not maintained in line with recommended intervals premature bearing failure may be experienced.

Product type	Item	Description	Application	Price

Make stress free servicing a priority.

Managing a fleet, or running your own trucking business, can be stressful enough as it is. There is nothing more crucial than maintaining a healthy fleet, so we've created a 'stress free' service in Isuzu Priority. Knowing that the lifeblood of your business is under control, and in the best hands, provides true peace of mind and allows you to spend more time doing what you do best, which is building and growing your business.

ISUZU PRIORITY ONE takes the stress out of servicing your largest investment, your truck.

ISUZU PRIORITY TOTAL offers you even more on top of what you would receive with Priority One, giving you ultimate peace of mind in knowing your truck will always be on the move.

ISUZU PRIORITY HERITAGE provides the owners of older Isuzu models the same high level of service by Isuzu Technicians that a new truck owner enjoys.

Isuzu Priority service agreement offers a range of vehicle services dependent upon your needs and the needs of your vehicle. Complete a few quick pieces of information about the make, model and age of your vehicle and you can get a quote for your nearest Isuzu dealership.

Replace with Genuine Isuzu Parts and we'll replace the original warranty.*

*Work must be carried out by an authorized Isuzu Trucks Dealer or Authorised Service & Parts Outlet. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Please visit www.isuzu.com.au/care-support/warranties for the terms and conditions for service and parts warranty.
