

THE ALL NEW
MG HS
PLUG-IN **HYBRID**

ENJOY THE BEST OF BOTH WORLDS

Introducing the MG HS **Plug-In Hybrid** (PHEV). MG Motor's spacious, family-friendly SUV now offers the best of both worlds, designed for those who want the advantages of electric driving with the practicality of a combustion engine.

Powered by a combination of a 1.5-litre turbocharged petrol engine, a permanent-magnet synchronous motor and a liquid-cooled lithium-ion battery, the HS Plug-In Hybrid also the most powerful MG ever, producing 189kW and 370Nm.

Whether it's tackling the midweek commute, running errands around town or navigating the school run, enjoy silent, powerful and emissions-free performance with a pure electric driving range of up to 63km from a single charge*.

Charging can be done easily overnight, via a home 7kW fixed wall charger, taking approximately 5 hours[^] to fully charge via a Type 2 charging port conveniently located on the side of the car.

*Range figures are determined by testing under standardised laboratory conditions to comply with ADR 81 / 02. These figures should only be used for the purpose of comparison amongst vehicles. Actual figures will generally differ under real world driving conditions and will vary depending on factors including (but not limited to) driving style, vehicle's equipment and road, traffic and weather conditions. Provisional data at time of going to print.

[^]Charging times can vary depending on many factors including but not limited to environmental conditions, auxiliary consumables (e.g. seat heating and air-conditioning) and capabilities of charging infrastructure capacity and/or supply

Actual Australian specification may vary from vehicle shown.

12.3" virtual instrument cluster

10.1" infotainment touchscreen

Panoramic Stargazer Sunroof

Leather trimmed, multifunctional steering wheel

Spacious and comfortable interior

EVERYDAY COMFORT AND SPACE

Intricate finishes, luxuriously soft-touch materials and premium technology result in a truly refined and elegant cabin space. Designed for passenger and driver comfort, take to the wheel or enjoy the journey in a stylish Bader Leather heated sport seat with Alcantara trim and striking red contrast stitching.

Create instant ambience with the customisable interior cabin lighting and enjoy the connectivity of Apple CarPlay, Android Auto and Satellite Navigation, all controlled through the 10.1" colour touchscreen. In addition, review the real-time performance of your MG HS **PHEV** with a large 12.3" virtual instrument cluster, directly in your field of vision for quick adjustments on the road.

Overhead, the exceptionally large panoramic stargazer sunroof fills the cabin with natural light for a spacious and airy drive. Whilst to the back, the 60/40 split reclining rear seats, allows you to access a maximum of 1275 litres of cargo space, for all the room you need in an SUV.

PLUG-IN HYBRID TECHNOLOGY

The MG HS **PHEV** matches cutting-edge Li-Ion battery technology with an equally advanced hybrid powertrain to deliver trusted performance for a smart drive.

The Intelligent Hybrid Energy Management System is the key to the HS **PHEV**'s smooth and refined daily driving experience.

The sophisticated control system monitors and adjusts the vehicle's power output in real time to compensate for prevailing road conditions.

The system also actively learns the driver's individual driving style, balancing power requirements and battery management to further improve fuel efficiency and ensuring optimal use of the electric range.

MORE POWER WITH LESS CONSUMPTION

Exceptional fuel economy, vastly reduced CO2 emissions and impressive acceleration is all part of the HS **PHEV** experience.

MG's most powerful SUV delivers rapid acceleration, reaching 0-100km/h in just 6.9 seconds.

Proving that power and economy aren't mutually exclusive, the MG HS **PHEV** returns an impressive 1.7L/100km fuel consumption figure (combined)~ and combined CO2 emissions of just 39 grams per kilometre.~

Engage EV mode with the press of a button at any speed, and you'll not only save money at the bowser, but your emissions fall to zero.

~Figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

THE NEW STANDARD IN SAFETY

At MG, innovation runs deep.

So, when it comes to safety, we've gone above and beyond in the MG HS **PHEV** by incorporating all the latest safety technology into a single platform we call MG PILOT.

With its 10 Active Driver Safety features as standard, MG PILOT is constantly sensing your surroundings, on the lookout for unseen hazards. With the ability to react autonomously in situations where driver safety is at risk, take comfort that you and your family are backed by a new level in safety intelligence. With 6 SRS airbags, the MG HS **PHEV** offers a new standard in safety.

INTELLIGENT SPEED LIMIT ASSIST

Actively detects speed limit signs and alerts you to your current vehicle speed.

TRAFFIC JAM ASSIST

Detects heavy traffic and automatically follows the vehicle in front, controlling acceleration, braking and steering within the lane.

REAR CROSS TRAFFIC ALERT

Alerts you of approaching vehicles and pedestrians when reversing out of parking spaces.

ADAPTIVE CRUISE CONTROL

Detects the front vehicle position and keeps a safe distance between your HS and the car in front.

360 DEGREE CAMERA

Provides you with a 360 field of view around the vehicle when reversing.

ACTIVE EMERGENCY BRAKING

Senses impending collisions and applies the brakes to help avoid or lessen impact.

LANE KEEP ASSIST

Alerts the driver when the HS **PHEV** is getting too close to the lane edge.

INTELLIGENT HEADLAMP CONTROL

When driving at night or in low light conditions, the forward-facing camera detects the environmental circumstances and will automatically switch your headlights between regular and high beam for you.

BLIND SPOT DETECTION

Registers objects in hard-to-see areas to help you change lanes safely.

The all new MG HS **PHEV** comes with a 7-year unlimited km battery warranty, 7-year unlimited kilometre warranty, offering maximum assurance and peace of mind.
