NISSAN X-TRAIL

THE WORLD IS WAITING FOR YOU

Open up to a bigger, bolder world, and get there in a spacious family SUV that brings a sophisticated look to consistent capability. From kids to cargo, you can load up in a flash with an interior that adapts to any situation. Wherever you're going, you can go there safe in the knowledge that Nissan Intelligent Mobility technologies are there to help. A journey enhanced by the power to intuitively scan the road ahead. So slide into gear with the Nissan X-TRAIL and explore a life of possibilities.

A wide-angle photograph of the interior of a Nissan X-TRAIL. The car is parked at night, with the interior lights on, creating a warm, inviting atmosphere. The seats are upholstered in a tan leather with double stitching. The dashboard and center console are black with metallic accents. A large panoramic sunroof is visible on the roof. The car is parked in front of a building with large windows and warm interior lighting.

COMFORT AND QUALITY SIT SIDE BY SIDE

Attention to detail is a hallmark of the Nissan X-TRAIL interior design. The quality is instantly apparent, from the plush double-stitched leather-accented seats[^], to the piano black and metallic trim, and the sporty flat-bottom steering wheel. The seats have been designed for optimum comfort with Quick Comfort heated seats and steering wheel* ideal for frosty mornings. And it's not just about the driver. Passengers enjoy theatre-style seating, tilt and slide panoramic sunroof* and EZ Flex™ second-row seats that slide and recline to allow for more leg room or increased cargo space.

*Ti/TL models only. [^]ST-L, Ti and TL models only. Ti model shown in optional tan leather-accented seat trim.

ST model shown

EZ FLEX™ SEATING SYSTEM

This truly accommodating second-row slides forward for easy access or adjusts to give you a little more cargo space, more leg room or anywhere in between.

Ti model shown

MOTION-ACTIVATED TAILGATE

Hands full? Just kick under the rear bumper to automatically open the motion-activated tailgate of your Nissan X-TRAIL Ti or TL, without reaching for a key or juggling whatever you're carrying.

LIFE COMES IN DIFFERENT SHAPES AND SIZES

Whatever kind of life you live, the Nissan X-TRAIL can accommodate it. Within its ample interior space, a series of clever innovations offer impressive versatility while maintaining superior passenger comfort. The second-row seating sports individual air vents, as well as a split-folding system that lets you open up a whopping 945L* of boot space. The rear doors open wide to 80° giving you easy access, and the optional 50:50 split folding third-row* is perfect if you've got a large family - or a small team.

ST-L model shown. *7-seat ST and ST-L 2WD models only. ^5 seat models only

TAKE CONTROL

In the Nissan X-TRAIL, you'll find clever technology that puts the driver in control. It starts with the Intelligent Key® that enables keyless entry and push button engine start. A 7" touch-screen display with satellite navigation along with a digital radio* and an iPod compatible USB port will ensure you're always plugged into your world*. And it doesn't stop there. With hands-free Bluetooth® phone and audio streaming your smartphone can be accessed and operated simply and safely.

ADVANCED DRIVE-ASSIST™ DISPLAY

From turn-by-turn directions* to caller ID, safety alerts and fuel economy, the Advanced Drive-Assist™ Display puts it all right before your eyes – helping minimise time looking away from the road ahead.

BOSE® PREMIUM AUDIO SYSTEM

Eight speakers strategically placed throughout the interior provide a rich sound that upgrades your listening experience. The Bose® premium sound system is custom-tuned by Bose® engineers to take advantage of the unique interior acoustics inside the Nissan X-TRAIL®.

*ST-L, TI and TL models only. *Features and functions vary by model grade. »TI & TL only. TI model shown.

LOOK OUT BELOW

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.

COMPLETE THE PICTURE

Located under your driver's side mirror, this camera helps round-out your virtual 360° bird's eye view, whether you're in Drive or Reverse.

SPARE YOUR WHEELS

In Drive or Reverse, you can push the camera button to switch-out the overhead for a side view. A great help for seeing how close you are to the kerb.

DON'T BUMP YOUR NOSE

In Drive, the display gives you both a front and overhead view, so you know just how far to pull up - without going too far.

INTELLIGENT AROUND-VIEW® MONITOR
360 WAYS TO MAKE PARKING EASIER THAN EVER

The Intelligent Around-View® Monitor[^] uses four cameras to give you a virtual composite 360° bird's-eye view of your vehicle, with selectable split-screen close ups of the front, rear, and kerbside views, so you can get a better look. Moving Object Detection[^] can detect moving objects near the vehicle, and can give you a visual and audible alert.

[^]ST-L, TI and TL models only. Driver's aid only and should not be used as a substitute for safe driving practices. Always monitor your surroundings when driving.

TI model shown in Ruby Red.

INTELLIGENT CRUISE CONTROL[^]

With Intelligent Cruise Control[^] the Nissan X-TRAIL takes the effort out of going with the flow. Instead of sticking to a fixed speed, it senses what the traffic in front is doing and can speed up, or slow down for you.

[^]Intelligent Cruise Control is a driver's aid only and should not be used as a substitute for safe driving practices. Always monitor your surroundings when driving. Intelligent Cruise Control should not be used while towing.

PERFORMANCE FOR THE EVERYDAY, POWER FOR YOUR NEXT ADVENTURE

The Nissan X-TRAIL offers a range of efficient 4-cylinder engines paired to a clever Xtronic Continuously Variable Transmission that helps you ensure exceptional fuel economy, along with amazingly smooth power delivery. And with Eco Mode*, saving has never been simpler. Push the dash-mounted button, and the Nissan X-TRAIL automatically adjusts to help further improve your fuel economy.

	2.0L PETROL	2.5L PETROL	2.0L DIESEL
POWER	106 kW	126 kW	130 kW
TORQUE	200 Nm	226 Nm	380 Nm
FUEL ECONOMY†	8.2 LITRE/100km	7.9-8.3 LITRE/100km	6.0-6.1 LITRE/100km
MAXIMUM BRAKED TOWING CAPACITY	1,500 KILOGRAMS	1,500 KILOGRAMS	1,650 KILOGRAMS

HILL START ASSIST. Up, up and smoothly away. Hill Start Assist helps prevent rollback when starting on an incline.

HILL DESCENT CONTROL*. Descend on a steep decline safely as Hill Descent Control manages braking for you, letting you focus on steering.

Ti model shown in Copper Blaze *Towing capacity is subject to towbar/towball capacity and is based on the fitment of a Genuine Nissan towbar. Towing capacity figure described is a maximum figure. Actual towing capacity depends on the laden mass of the vehicle, driving conditions, fitment of any accessories or towing equipment limitations including the maximum towball download. †Figures tested in accordance with ADR81/02 (combined test). Figures stated for the purposes of comparison amongst vehicles only. Actual fuel consumption depends on factors such as traffic conditions, vehicle condition, how you drive and any accessories fitted. *4WD models only. ‡CVT models only

NISSAN INTELLIGENT DRIVING ADAPT TO RAIN OR MUD ON-THE-FLY

The Intelligent 4x4* is so responsive, it can adapt to changing conditions 30 times faster than the blink of an eye. Snow, rain or tight turns, the system automatically distributes up to 50% power to the rear wheels as required. Even in ideal conditions, the Intelligent 4x4 system pays big dividends – our passionate engineers also tuned the system for responsive agile performance. Getting a grip has never been more fun.

CONFIDENCE YOU CAN FEEL.

INTELLIGENT TRACE CONTROL. A turn for the better. This innovative technology helps improve control when you take a corner. It reads the situation and, if needed, can brake each wheel individually to help you steer through the turn with confidence.

INTELLIGENT RIDE CONTROL. What bump? Intelligent Ride Control smooths them out by automatically applying braking and adjusting engine torque.

INTELLIGENT ENGINE BRAKE[^]. As you're slowing for a corner or coming to a stop, this system uses the Xtronic CVT to apply engine braking. Much like shifting to a lower gear in traditional transmissions, it helps give smoother deceleration and a more confident feel when braking.

VEHICLE DYNAMIC CONTROL WITH TRACTION CONTROL SYSTEM. When it detects oversteer or understeer, the Nissan X-TRAIL can reduce engine power and apply brake pressure to specific wheels. It can also sense wheel spin and reduce throttle to help keep you on your steered path.

NISSAN INTELLIGENT DRIVING

Imagine a co-pilot on board that helps keep an eye out for things you may miss. The Nissan X-TRAIL offers a suite of Nissan Intelligent Mobility technologies that look ahead, behind, and all around so you can look forward to a new kind of confidence.

MONITOR

Smart technologies are designed to help monitor conditions. Like a warning to let you know when a vehicle is in the blind spot area, or a system that helps guide you back into your lane.

Available Features:

- Blind Spot Warning
- Rear Cross Traffic Alert.
- Lane Departure Warning
- Moving object detection
- Forward collision warning

RESPOND

Whether you need to hit the brakes hard or manoeuvre an unexpected obstacle, these technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.

Traction Control System helps reduce wheel spin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution optimises brake pressure of each wheel when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

Intelligent Emergency Braking with pedestrian detection[†] applies brake pressure when a collision is imminent.

High Beam Assist[†] Upon activating high beam, the system will dip the headlights when an oncoming vehicle is detected.

Adaptive LED Headlights help you see further and drive with more confidence at night by lighting around bends and intersections based on steering wheel input.

Intelligent Lane Intervention[†] will help keep you on the right path.

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seatbelts and dual front, side and curtain airbags protect drivers & passengers.

NISSAN INTELLIGENT DRIVING GET AWAY WITH JUST A WARNING

What if extra reassurance was easy to spot? Nissan Intelligent Mobility technologies offer you a suite of advanced systems that help keep an eye out all around you, and even watch the flow of traffic.

Intelligent Emergency Braking[†]

Using radar technology to keep an eye on your proximity to the vehicle ahead of you, Forward-collision Warning can give you audible and visual display warnings to help you know when to reduce your speed. If required, the Intelligent Emergency Braking will apply braking to reduce vehicle speed to avoid or reduce the severity of a collision.

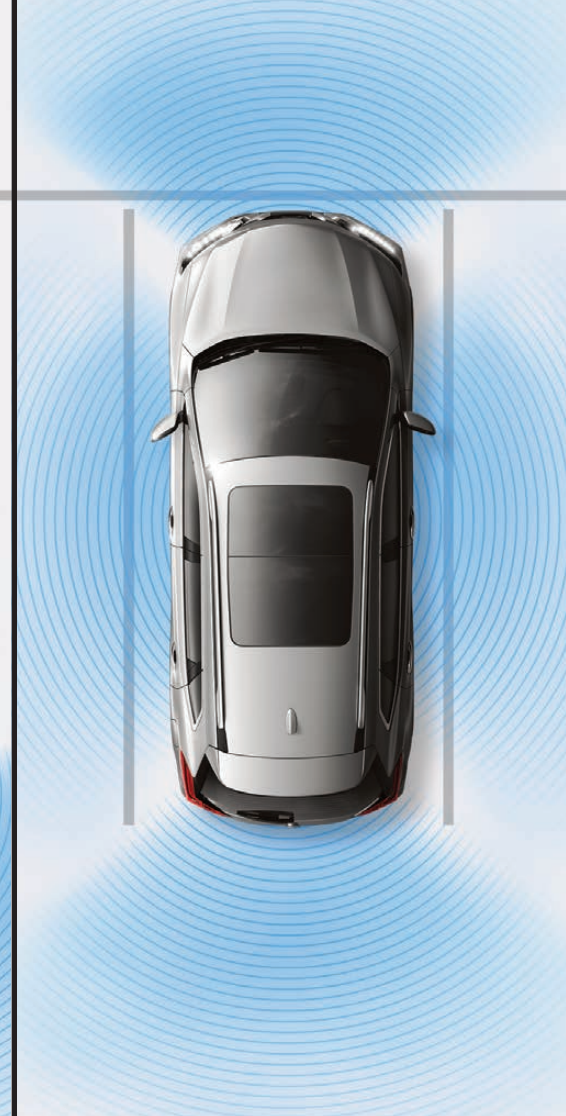

Intelligent Lane Intervention^{†*}

When driving, if the vehicle senses that you may be veering outside of your lane, the vehicle will apply subtle brake pressure to keep you on the safe path.

Rear Cross Traffic Alert:^{†*} When you're backing out of a parking space, this feature watches the area around the rear of your Nissan X-TRAIL and can warn you of vehicles approaching within 20 metres either side.

Moving Object Detection:^{†*} When the Intelligent Around-View[®] Monitor^{*} is in use, and moving objects are detected around the vehicle, it gives a visual and audible alert.

ST/TS

Powertrain options

- 2.0L petrol engine with 6-speed manual (2WD only)
- 2.5L petrol engine with Xtronic CVT
- 2.0L turbo-diesel engine with Xtronic CVT and idle stop-start (4WD only)

A complete ownership experience to help you get the most out of your Nissan. It includes the following:

NISSAN CAPPED PRICE SERVICE

All Nissan vehicles first registered from 1 January 2018 are eligible for Nissan Capped Price Service. As part of this servicing program, we've capped the maximum price you'll pay for the first six services according to your vehicle's service schedule.

5 YEAR/UNLIMITED WARRANTY

Receive assurance with a 5 year/ unlimited warranty.*

5 YEARS ROADSIDE ASSISTANCE

No matter where you're planning to journey, you'll have the peace of mind of knowing that if you lock your keys in the car, have a flat tyre or battery, or run out of fuel, we'll help get you back on the road at no charge†.

FACTORY-TRAINED TECHNICIANS

Using dedicated diagnostic equipment and Nissan Genuine Parts they'll keep your vehicle in top condition.

NISSAN GENUINE ACCESSORIES

Your Nissan Dealer can show you a variety of Nissan Genuine Accessories to protect, enhance and personalise your Nissan X-TRAIL.

FINANCIAL SERVICES

Choose from a range of finance options at very competitive rates and terms, as well as various insurance solutions to protect you and your vehicle.

*Ask your Nissan Dealer to explain exactly what items are covered in each Scheduled Service. Applies for up to 6 years/120,000km (whichever occurs first). Some exclusions apply. Ask your Nissan Dealer or visit nissan.com.au/service to find out more and for full terms and conditions. †New Vehicle Warranty expires 60 months from date of first registration. Conditions apply. See nissan.com.au for more details. NOTE: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure. ‡Terms and conditions apply, please visit nissan.com.au/roadsideassistance

PROTECT

Keep your Nissan X-TRAIL looking as good as new with Nissan Genuine Accessories such as Weathershields, a Nudge Bar and LED Light Bar.* Discover new adventures on any terrain while protecting your Nissan X-TRAIL.

ORGANISE

Keep your gear organised and secure with a wide range of Nissan Genuine Accessories. A Bike Carrier, Roof Cross Bars, Roof Pod and Cargo Area Net are just a few of the accessories that can help keep your gear safely stored while you're on the road in your Nissan X-TRAIL.

STYLE

Customise your Nissan X-TRAIL to perfectly suit your lifestyle with the wide range of Nissan Genuine Accessories. From stylish Kick Plates to 17" Alloy Wheels, each accessory has been designed to complement the looks of your Nissan X-TRAIL. So take on your next adventure in style.

ACCESSORISE YOUR NISSAN X-TRAIL
