Sit back and relax: The 12 seats are arranged for excellent accessibility and efficient use of interior space.

Standing room height: The Master's low cabin floor allows for up to an exceptional 1.88m of internal standing room, making access easy for even the tallest passengers.

Pack the luggage: A class leading 3.5m³ storage space behind the rear seats keeps the cabin area baggage free, leaving more room for passengers.

Unstoppable strength: If you need to tow, Master Bus is rated for 2500kg with no reduction in the vehicle payload.

The Perfect Fit: Master Bus is the perfect compromise between exterior size and internal space.

En-route to Adventure: The Master's highly efficient diesel engine and a large 100 litre fuel tank combine to deliver operating economy and long range between fills.

Torque about performance: The turbo diesel engine delivers 110kW peak power and 350Nm of torque from just 1500rpm.

Agility: Light controls, good manoeuvrability, excellent driver comfort and outstanding visibility give Master Bus exceptional drivability and with a 3.9 tonne GVM, anyone with a normal car licence can drive it.

Renault Peace of Mind.

Enjoy the simple life with drama-free driving.
