SIGNATURE

DESIGN THAT LEADS, NOT FOLLOWS

It's got the look: the KAMIQ is the perfect mix of robustness and dynamic shapes defined by the ŠKODA design language. It is the first ŠKODA small SUV.

FRONT VIEW

The KAMIQ features a wide front grille and split headlamps, which give the front a distinctive appearance. The platin grey or black additions to the front bumper emphasizes the KAMIQ's small SUV character.

SIDE VIEW

Characteristic lines on the sides of the car enhance its dynamics as shaped by ŠKODA's design language. The design is highlighted with SunSet tinted windows, which not only accentuate the attractiveness of the exterior, but also protect rear passengers from glare.

REAR VIEW

With the unmistakable ŠKODA inscription in the back the car proudly declares its family allegiance. The rear bumper includes an integrated diffuser in platin grey, which accentuates the generous ground clearance and gives the rear of the KAMIQ a robust appearance.

TREND-PROOF BEAUTY

Light doesn't just illuminate. It inspires. The unique headlamps and slim long rear lights make the car instantly recognisable, representing a perfect blend of Czech crystal tradition and modern technology.

LED REAR LIGHTS

The KAMIQ features horizontally designed rear lights where the C-shaped illumination, typical of the ŠKODA family, has been updated with a modern twist. This original light signature is accompanied by perfect functionality. All variants come with LED rear lights, which include animated turn indicators.

FULL LED HEADLIGHTS

The top-end option is all about LED technology including corner function, fog lamps and animated turn indicators adding dynamism to the car.

This compartment is not only easily accessible, but is also suitable for large display devices. Two USB-C ports located in the centre console allow you to connect your external devices without the need for dongles or adapters.

FROM BIG IDEAS TO THE SMALLEST DETAILS

Think big. Every detail in your car has been designed to make your travelling hassle-free. From loading your luggage, adjusting the interior space and finding room for your belongings.

UMBRELLA STORAGE COMPARTMENT

An ingenious compartment with a ŠKODA umbrella fitted inside the driver's door.

It is designed to let water drain away from the car, keeping the interior dry.

LIQUID RESERVOIR

You will never spill a single drop when refilling the washer fluid. The liquid reservoir is not only easily accessible, but also has an integrated funnel.

AUTOMATIC TAILGATE

It opens and closes at the mere touch of a button on the remote control or in the driver's door, especially handy in unfavourable weather. You can also adjust the upper door position to suit your needs. A button for closing the 5th door is also located on the door itself.

WE'LL WATCH YOUR BACK

Embark on any adventure with complete confidence. The KAMIQ comes with plenty of assistants supporting your driving skills on the road, helping you with parking and even preventing collisions, or the severity of it.

SIDE ASSIST - BLIND SPOT DETECTION*

Using radar sensors in the rear bumper, Side Assist which can detect other vehicles and even less detectable objects like cyclists up to 70 m away, monitors the areas behind and beside your car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

Available with the optional Travel Pack on Monte Carlo at extra cost. Standard on Signature. Not available on Ambition.
* Safety Technologies are designed to assist the driver, but should not be used to substitute for safe driving practices.
Overseas Model shown for illustrative purposes only.

REAR TRAFFIC ALERT*

This assistant helps you reverse safely from a parking space during poor visibility. It can even engage the brakes automatically if it detects imminent danger.

Available with the optional Travel Pack on Monte Carlo at extra cost. Standard on Signature. Not available on Ambition.

REAR PARKING SENSORS*

Parking the KAMIQ is easier and safer with the parking sensors integrated in the rear bumper, which check the car's distance from any obstacles.

MANOEUVRE ASSIST*

Using the rear parking sensors, this system offers protection from obstacles within driving distance of the car (at speeds of up to 8 km/h). If an obstacle is detected, based on the distance from the obstacle and the car's speed, the system engages the emergency braking.

FRONT ASSIST WITH PREDICTIVE PEDESTRIAN PROTECTION^o

The Front Assist system, using a radar device in the front grille, is designed to monitor the distance from the vehicle ahead, including emergency braking function. The KAMIQ comes with Front Assist expanded with predictive pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

^o Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices. Overseas Model shown for illustrative purposes only.

ADAPTIVE CRUISE CONTROL^o

Using a radar device in the front grille, in addition to its basic cruise control function, this assistant system, which operates up to speeds of 210 km/h, maintains a safe distance from vehicles in front of you.

PARK ASSIST^o

Minimise the hassle of parking in tight spots with Park Assist. It automatically selects an appropriate parking spot in a row of parallel or perpendicularly parked vehicles.

Available with the optional Travel Pack on Monte Carlo at extra cost. Standard on Signature. Not available on Ambition.

ADAPTIVE LANE ASSIST^o

The system is capable of keeping the car in the middle of the correct lane and of alerting the driver in case of deviation.

SAFETY FIRST, SAFETY LAST

In extreme situations, where the driver cannot actively influence the outcome, the car's passive safety elements take over – like the airbags. Your car will be equipped with seven of them.

FRONT AIRBAGS

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard.

HEAD AIRBAGS

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

KNEE AIRBAG

This airbag, which is located under the steering wheel column, protects the driver's knees and shins.

FRONT SIDE AIRBAGS

These two airbags protect the pelvis and chest of the driver and passenger in the event of a side collision.

Overseas Model shown for illustrative purposes only.

GREAT PERFORMANCE FOR GREAT CITIES

The engines offer outstanding comfort when driving in or outside the city. Regardless, the KAMIQ will run quiet, flexible, reliable and economical.

ENGINES
The KAMIQ range offers a 110kW turbocharged petrol engine that guarantee high performance and acceleration, complemented by exceptionally low fuel consumption.

PACKED WITH CREATIVITY

Even the KAMIQ's luggage compartment represents what creative design means. The boot is fitted with features ensuring your stuff stays in its place and your car stays clean. What's more: the generous capacity of 400 litres, and 1,395 litres after folding down the rear seats.

DOUBLE SIDED MAT
You can use the carpet with the elegant fabric side up when not transporting anything that might make your car dirty and can easily turn it over to utilise the washable rubber side when required.

HOOKS
The convenient hooks on the sides of the luggage compartment make your bags easier to transport and more secure.

WELCOME TO CARE-FREE OWNERSHIP

ŠKODA Care is about making sure that same level of attention to detail remains long after you've made your purchase, making owning a ŠKODA as fantastic as buying one.

After getting behind the wheel of a ŠKODA, it's not hard to see why they're so beloved by their owners. Quite simply, ŠKODA vehicles are made to be driven and we want to keep your journey a long and happy one. And the way it works is simple. ŠKODA Australia provides a 5 Year/Unlimited Kilometre Warranty[^] on all new vehicles. Every new ŠKODA vehicle includes one year ŠKODA Assist[±] (Roadside Assistance), from the warranty start date. To thank you for your loyalty, complimentary Service Initiated Roadside Assistance (SIRA for short) will be activated if the vehicle is returned to an authorised ŠKODA Dealer for scheduled service, as per the ŠKODA Service Schedule milestones. For more information and eligibility, please visit www.skoda.com.au/owners/roadside-assistance

ŠKODA Service Pricing

Buying a car is one thing, but owning a car is something else entirely. We're sure you'll want to know the costs of any service before you book it in. The cogs in our heads have been turning and we've come up with a solution we think is pretty clever. Our handy online service calculator can help you find the cost of your next service, scheduled to occur every 12 months/15,000 kms (whichever occurs first)*. No hidden expenses, no nasty surprises.

Genuine Parts

You don't have to be a genius (AKA a ŠKODA technician) to know that non-genuine parts aren't as good as using genuine ones. Our philosophy towards fixing your car is simple; the parts we use are identical to the parts used in the production of your car originally. Genuinely. And with a nationwide, two year, unlimited kilometre warranty[^] on all genuine parts, peace of mind comes easily too.

Service Packs

Why worry about handling the payment of your services on an ad-hoc basis when you already know you need to get them annually? Conveniently, you can save time by pre-paying your servicing with a 3 Year/45 000km (whichever occurs first) or a 5 year/75 000km (whichever occurs first) ŠKODA Service Pack[‡] at any of our ŠKODA dealers. That way you can simply book a service time that suits you, and the costs are already covered. Your car, serviced at your convenience.

Service & Maintenance Subscription Plans

Say goodbye to unwelcome surprises. By signing up for the ŠKODA Service and Maintenance Monthly Subscription Plan, you're covered for all standard scheduled services as well as your maintenance repairs#. Even better, all your service and maintenance requirements are pre-approved# - quotes are a thing of the past. Simply select the option that suits your drive style, and sign up at your local dealer today so that you can have real peace of mind knowing that the work is carried out by ŠKODA technicians – factory trained to ensure your ŠKODA gets the right treatment.

[^]Conditions and exclusions apply, see www.skoda.com.au/owners/warranty. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them.
[±]ŠKODA Assist (roadside assistance) is provided by AWP Australia Pty Ltd ABN 52 097 227 177 trading as Allianz Global Assistance, under an arrangement with Volkswagen Group Australia Pty Limited ABN 14 093 117 876. Conditions and exclusions apply, see www.skoda.com.au/owners/roadside-assistance.
^{*}ŠKODA Service Pricing applies to the first 6 standard scheduled services of your vehicle which are scheduled to occur at every 15,000 km/12 month interval (whichever occurs first). On or before 31 December each year, ŠKODA will publish the maximum price for a specified Scheduled Service that will be applicable from, and remain fixed for, the following calendar year only. For details on pricing, items not included in the Service Price and for full terms and conditions please see www.skoda.com.au/skoda-care/service-pricing.
[‡]ŠKODA Service Pack are available at ŠKODA Dealers for all models and covers standard items as contained in each scheduled service interval only. Discount structure varies by model. REMOVE ANY DOUBT WITH ŠKODA CHOICE.

ŠKODA Choice[±] is a flexible finance program that allows you to guarantee your vehicle's minimum future value[±] at the time of purchase, giving you peace of mind knowing the value of your ŠKODA is secured.

- ✓ Freedom to tailor your contract term and kilometre allowance to suit your lifestyle.
- ✓ Fixed interest rate for the life of your Loan with no account keeping fees.
- ✓ At the end of your ŠKODA Choice contract you can select from three simply clever options – trade-in, retain or return.
- ✓ Opportunity to upgrade your ŠKODA more often, enjoying the latest model with the best innovations and technology.

HOW IT WORKS

Step 1

Choose your favourite ŠKODA model.

Step 2

Choose your preferred term from between 12 and 48 months, along with an annual km allowance and repayment options that suit your lifestyle.

Step 3

At the end of your chosen term, select from one of the three end of term options:

Trade in

If you wish to trade-in your ŠKODA for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value[±], you can use this equity towards your new vehicle.

Retain

If you prefer to retain your ŠKODA, simply let us know. Provided that you also meet the relevant payment obligations under your contract, you can purchase your vehicle outright for the Guaranteed Future Value amount locked in at the start of the contract[±]. Then your ŠKODA is yours to keep. Or you can choose to refinance your balloon at the end of the term.

Return

All you need to do is hand your car back and, if the vehicle meets the agreed kilometre and fair wear and tear requirements[±], you will have no more to pay.

For more information on our Guaranteed Future Value program, visit <https://www.skoda.com.au/finance/skoda-choice>

[±]ŠKODA Choice consists of an option to return your vehicle to ŠKODA Financial Services (SFS) ABN 20 097 071 460, Australian Credit Licence 389344, at the end of the term and requires SFS to purchase the vehicle at an agreed price determined by SFS, known as the Guaranteed Future Value (GFV). At the end of the term, you can elect to: (1) trade-in; (2) return; or (3) retain the vehicle by paying the GFV, which is a lump sum owed to SFS at the end of the loan term after all repayments have been made. You will be liable for any loan contract deficit and additional charges if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition. Available on new and demonstrator ŠKODA vehicles for selected models. Contact your nearest ŠKODA dealer to verify eligible vehicles for this program. Fleet, government, rental buyers, hire car and chauffeur companies excluded.
