Say hello to GWM.

GWM is a world-renowned vehicle manufacturer and the parent company of Haval. At GWM, everything we do is grounded in our corporate philosophy: 'improving little by little, every day.' From building world-class research and development systems, which enable continuous innovation, to following the 'excessive investment' principle, which drives industry leadership, we relentlessly put our philosophy into practice. Haval is a global SUV specialist and part of the rapidly-growing GWM group. We are proud to make vehicles that combine the best components, technology and safety features from around the world. With over 6 million sales to date in more than 60 countries (and counting), we are the No.1 SUV brand in the world's largest market and have been for the past 15 years. We attribute our success to passion, drive and a commitment to listening to our customers.

Elegant design. Efficient hybrid performance.

The Haval Jolion Hybrid combines its stylish, sleek lines and innovative funtionality with the surprisingly exceptional performance of a 1.5L petrol-electric engine delivering a theoretical driving range of over 1,000km thanks to its efficient hybrid technology.

Design leads the way forward

Embodying the ethos of form meeting function, the Haval Jolion Hybrid redefines space, comfort, sophistication and utility. Sporting 18" alloy wheels^, a strikingly bold front grille design and dynamic rear lights, this sleek SUV's exterior has been crafted to captivate and impress. Inside, its tastefully minimilistic layout includes a premuim centre console with all the bells and whistles at your command, stylish soft and supple faux leather seats*, and a surprisingly spacious back row for passengers to stretch out and relax on every drive.

A high tech SUV designed with you in mind

Step inside the Haval Jolion Hybrid and be taken by surprise with the vast range of intuitive technology on display. Experience the seamless integration of a 7" full-color digital cluster* alongside a 10.25" or 12.3" LED multimedia touchscreen, empowering connectivity and control like never before. Embrace the convenience of a bluetooth hands-free system, smart keyless entry, and push-button start, all designed to prioritise your ease and efficiency. And when it comes to peace of mind, the 360-degree camera* offers a panoramic view around the car so you can now see what's in front, behind and either sidfe of your vehicle when you need it most.

*Lux, Ultra/Vanta models only

Truly safe and surprise free driving

With rigorous testing and a strong focus on driver and passenger safety, the Haval Jolion Hybrid has been purposely engineered to ensure the protection of everyone and the vehicle. This is all thanks to a comprehensive combination of over 100 built in active and passive cutting-edge safety features including Driver Drowsiness Protection, Brake Override System, Secondary Collision Mitigation and Automatic Rear Cross Traffic Braking.

Protection from every angle.

The vehicle's smart active and passive safety technology including a 360-view camera*, Auto Emergency Braking, Lane Departure Warning and Blind Spot Detection, will let you know who or what's in front, behind and either side of you every time you take the Haval Jolion out for a drive.

*Lux, Ultra/Vanta models only

GWM Care

Every GWM comes with GWM Care. It begins from the moment you take delivery of your vehicle and continues long into the future. Wherever the road leads, you can rest assured knowing that your GWM will be kept at its best for many years to come.

8 Year Unlimited KM Battery Pack Warranty

7 Year Unlimited KM Warranty

5 Year Roadside Assist

5 Year Capped Price Servicing*

Punchy, efficient hybrid

GWM's Dedicated Hybrid Technology (DHT) is at the core of our entire electrification roadmap. Each highly integrated, multi-mode petrol-electric hybrid engine comes with a powerful battery providing greater performance, increased efficiency and minimal noise. Perfect for urban driving as well as faraway rural road trips, the multi-mode hybrid transmission delivers incredibly smooth, responsive take-offs and superior acceleration when you need it, all the while saving on fuel.
