

ŠKODA
SIMPLY CLEVER

THE ŠKODA SCALA

LAUNCH EDITION

A BRAVE NEW WORLD

The ŠKODA SCALA is a bold step forward for the brand. Its sophisticated shapes create a striking play of light and shadow that blend timeless design with sporty character. Its dynamic silhouette is embraced by a practical spirit that makes the car the perfect partner for every stage of life.

The SCALA also offers abundant technologies uncommon in the compact hatchback segment. Advanced assistance systems and a new generation of infotainment mean you can stay safe without compromising on fun, on every journey.

That's Simply Clever. That's ŠKODA.

EXTERIOR DESIGN

Good design agrees with the heart and the head. Like in the SCALA. This compact hatchback with a sporty spirit represents the next phase of ŠKODA's design language, while emphasising the strong relationship this brand has with its own tradition and history.

FRONT VIEW

Distinguished exterior features like the front grille or sharply cut headlamps in the shape of an arrow give the car an authentic look with a strong identity. Crystalline elements etched on the headlamps allude to Czech crystal craftsmanship, a declaration of the brand's proud lineage.

SIDE VIEW

Characteristic lines on the sides of the car enhance its dynamics as shaped by ŠKODA's design language. The impression is even stronger with SunSet tinted windows, which not only accentuate the attractiveness of the exterior, but also protect rear passengers from glare.

REAR VIEW

As a badge of honour, the ŠKODA name proudly embraces the 5th door. This marks the confidence of a brand that has transformed its design philosophy.

REMAIN IN THE SPOTLIGHT

Light doesn't just illuminate. It inspires. The unique headlamps and slim long rear lights make the car instantly recognisable. The crystalline lamp design with integrated LEDs represents a perfect blend of Czech crystal tradition and modern technology.

FULL LED REAR LIGHTS

The SCALA features horizontally designed rear lights where the familiar C-shape illumination has been updated with a modern twist. This original light signature is accompanied by perfect functionality. All variants come with the full LED rear lights, which are fitted with animated turn indicators – for the first time ever on any ŠKODA. These not only indicate where the driver is about to turn, but also add dynamism to the car.

FULL LED HEADLAMPS

Is all about LED technology including corner function. The strip of LEDs for daylight driving positioned at the upper part of the headlamp lends the car its sporty charisma.

Available with optional Tech Pack on the Ambition and comes as standard on the Monte Carlo.

TRAVEL COMFORT CLASS

Whatever comfort means to you, you'll find it right inside the SCALA. Travel in total ease with smart details like power connectors and sophisticated infotainment with GPS. In other words, unmatched comfort in its class.

HEATED SEATS / USB

In cold weather, your friends and family will appreciate the heated rear seats, which are regulated by a separate control on the rear side of the front armrest. Two USB-C slots enable universal mobile phone charging.

Heated Seats are available in optional Drivers Support Pack on the Ambition and optional Travel Pack on the Monte Carlo.

RETRACTABLE MIRRORS

The automatically retractable external side-view mirrors fold in when the car is locked, thus protecting them against damage.

KESY

The car equipped with KESY (Keyless Entry, Start and exit System) or with the simpler version Easy Start features a Start/Stop button on the steering column.

Available with optional Tech Pack on the Ambition and standard on the Monte Carlo

ELECTRICALLY-ADJUSTABLE DRIVER SEAT

For the best feeling behind the steering wheel, we offer you the electrically-adjustable driver seat.

Available with optional Tech Pack on the Ambition.

IT'S WHAT'S ON THE INSIDE THAT COUNTS

Stepping inside the SCALA is equally impressive. The well-appointed interior radiates with sleek design cues, exceptional spaciousness and cutting-edge digital technology.

AMUNDSEN 9.2" INFOTAINMENT

Attractive design is accompanied by perfect functionality.

The new generation of infotainment comes with a display that's positioned high up on the dashboard, in the driver's immediate field of view. Below the display, it also provides an ergonomic wrist rest when operating the screen. The device offers not only convenient touch control, but also gesture control.

VIRTUAL COCKPIT

The Virtual Cockpit displays on-board computer specifications in combination with other information such as navigation. You can choose from five layouts (modern view shown) controlled via the 'View' button on the steering wheel. The SCALA's Virtual Cockpit features a 10.25" display – the largest in the compact hatchback segment.

AMBIENT LIGHTING

Make your space more cosy and comfortable with LED ambient lights running along the dashboard.

STYLE AND FUNCTIONALITY

The SCALA's interior is furnished with quality materials and great craftsmanship. Multiple combinations of upholstery and décor mean you can give your car a unique personality.

Attractive design is also accompanied by perfect functionality. The dashboard as well as panels in the door have a special soft surface resembling crystalline structures. This unique detail can prevent objects from slipping and in the future will become a typical ŠKODA feature.

WIRELESS CONNECTIVITY

WIRELESS APPLE CARPLAY®

Combining our smart car with your smartphone was always going to be a good idea. Wireless Apple CarPlay seamlessly connects compatible apps from your smartphone to your SCALA. So, whether you want to listen to music or receive turn-by-turn directions, you can do it all without touching your phone. Smartphone Connectivity for Android Auto™ is available through cable connection.

Available with the optional Tech Pack on Ambition and optional Travel Pack on Monte Carlo.

SmartLink is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, and connection cable (sold separately). Wireless SmartLink is not available for Android.

WIRELESS CHARGING/USB

The SCALA comes with an enlarged phone box which creates an amplified signal for your mobile device and, at the same time, wirelessly charges your phone while driving. This compartment is not only easily accessible, but is also suitable for large display devices. Two USB-C ports located in a centre console allow you to easily connect your external devices without the need for dongles or adapters.

SIMPLY CLEVER

The SCALA is equipped with a range of Simply Clever details that can handle all your needs. From loading your luggage or folding your towing device to adjusting the interior space to find room for big and small things, these thoughtful features take the headache out of travelling.

UMBRELLA STORAGE COMPARTMENT

An ingenious compartment with original ŠKODA umbrella is fitted inside the driver's door. It is designed to let water drain away from the car, keeping the interior dry.

LIQUID RESERVOIR

You will never spill a single drop when refilling the washer fluid. The liquid reservoir is not only easily accessible, but also has an integrated funnel.

FRONT DOOR COMPARTMENTS

You will find a 1.5-l bottle holder in a spacious compartment in the front door. This is also where you can place a removable waste basket.

AUTOMATIC TAILGATE

It opens and closes at the mere touch of a button on the remote control or in the driver's door, especially handy in unfavourable weather. You can also adjust the upper door position to suit your needs. A button for closing the 5th door is also located on the door itself.

DON'T PACK LIGHT

Don't think twice about what to take or not. The generous luggage compartment capacity of 467 litres, and 1,410 litres after folding down the rear seats, puts this car at the top of its class. In addition there are many options for ensuring your stuff stays in its place, without damaging the car.

DOUBLE-SIDED MAT

You can use the mat with the elegant fabric side up when not transporting anything that might make your car dirty, and can easily turn it over to utilise the washable rubber side when required.

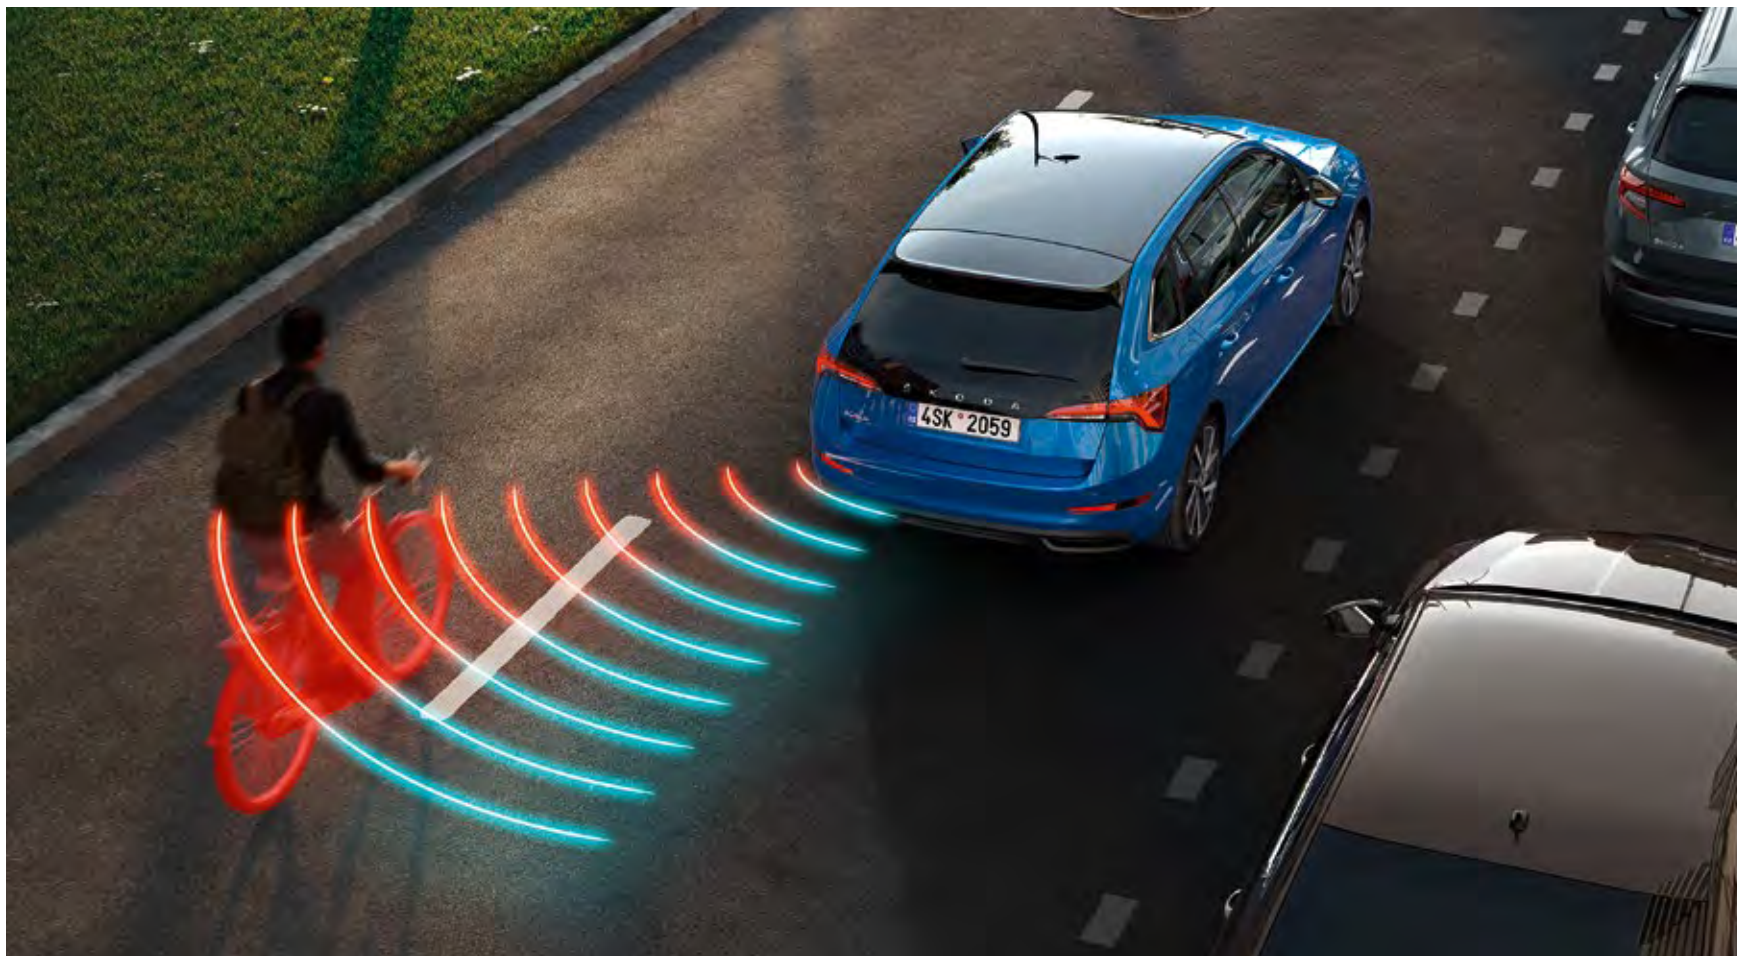

HOOKS

The robust hooks on the sides of the luggage compartment make your bags easier to transport and more secure.

WE'LL WATCH YOUR BACK

Embark on any adventure with complete confidence. The SCALA comes with plenty of assistants supporting your driving skills on the road, helping you with parking and even preventing collisions.

SIDE ASSIST*

Using radar sensors in the rear bumper, Side Assist which can detect other vehicles and even less detectable objects like cyclists up to 70 m away, monitors the areas behind and beside your car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

Available with optional Driver Support Pack on the Ambition and optional Travel Pack on the Monte Carlo. Overseas Model shown for illustrative purposes only.

* Safety technologies are designed to assist the driver, but should not be used as substitute for safe driving practices.

REAR TRAFFIC ALERT*

This assistant, which comes as part of the Side Assist system, helps you reverse safely from a parking space during poor visibility. It can even engage the brakes automatically if it detects imminent danger.

Available with optional Driver Support Pack
on Ambition and Travel Pack on Monte Carlo

MANOEUVRE ASSIST

Using the park sensors¹, this system offers protection from obstacles within driving distance of the car (at speeds of up to 8 km/h). If an obstacle is detected, based on the distance from the obstacle and the car's speed, the system engages the emergency braking.

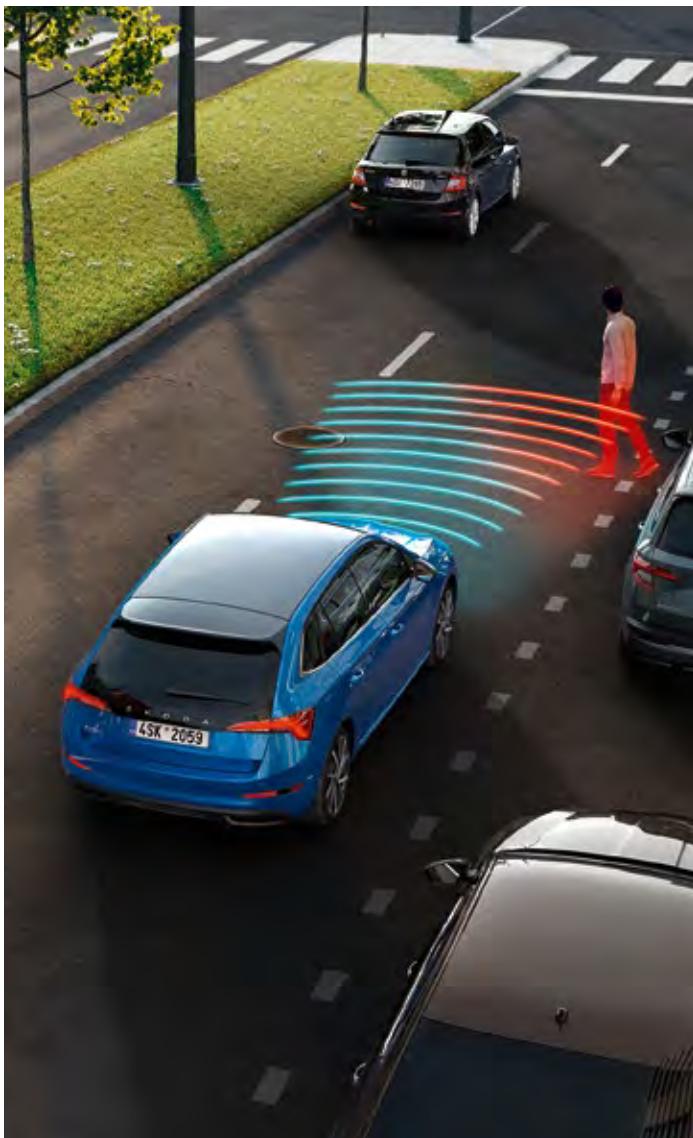

PARK DISTANCE CONTROL*

Parking the SCALA is easier and safer with the parking sensors integrated in the front and rear bumper, which check the car's distance from any obstacles.

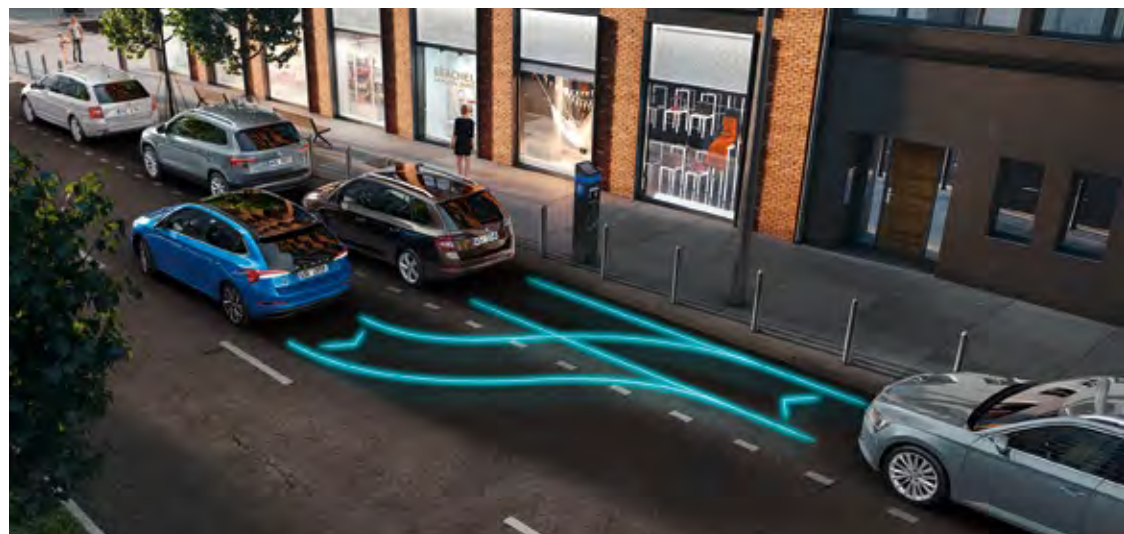

Overseas model shown for illustrative purposes only.

*Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

FRONT ASSIST WITH PREDICTIVE PEDESTRIAN PROTECTION

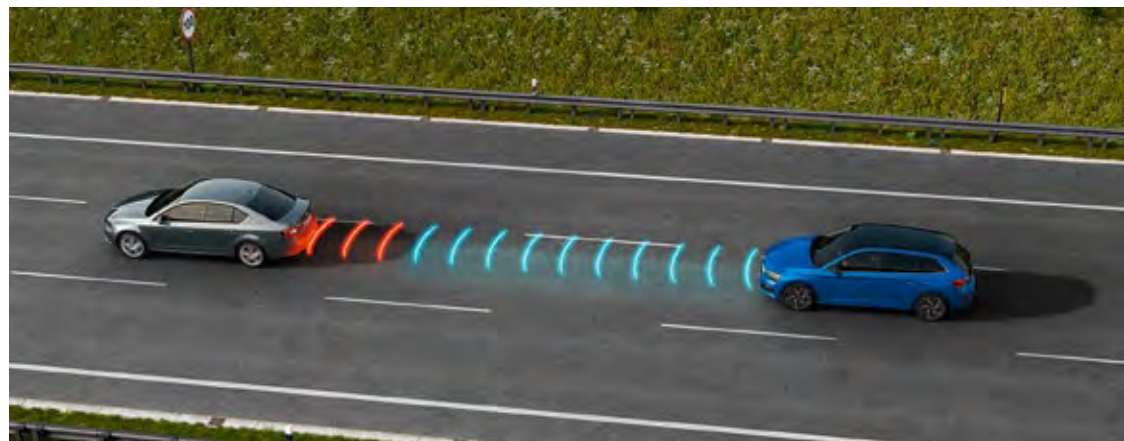

The Front Assist system, using a radar device in the front grille, is designed to monitor the distance from the vehicle ahead, including emergency braking function. The SCALA comes with Front Assist expanded with predictive pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

PARK ASSIST*

Minimise the hassle of parking in tight spots with Park Assist. It automatically selects an appropriate parking spot in a row of parallel or perpendicularly parked vehicles.

Available with optional Driver Support Pack on Ambition and Travel Pack on Monte Carlo.

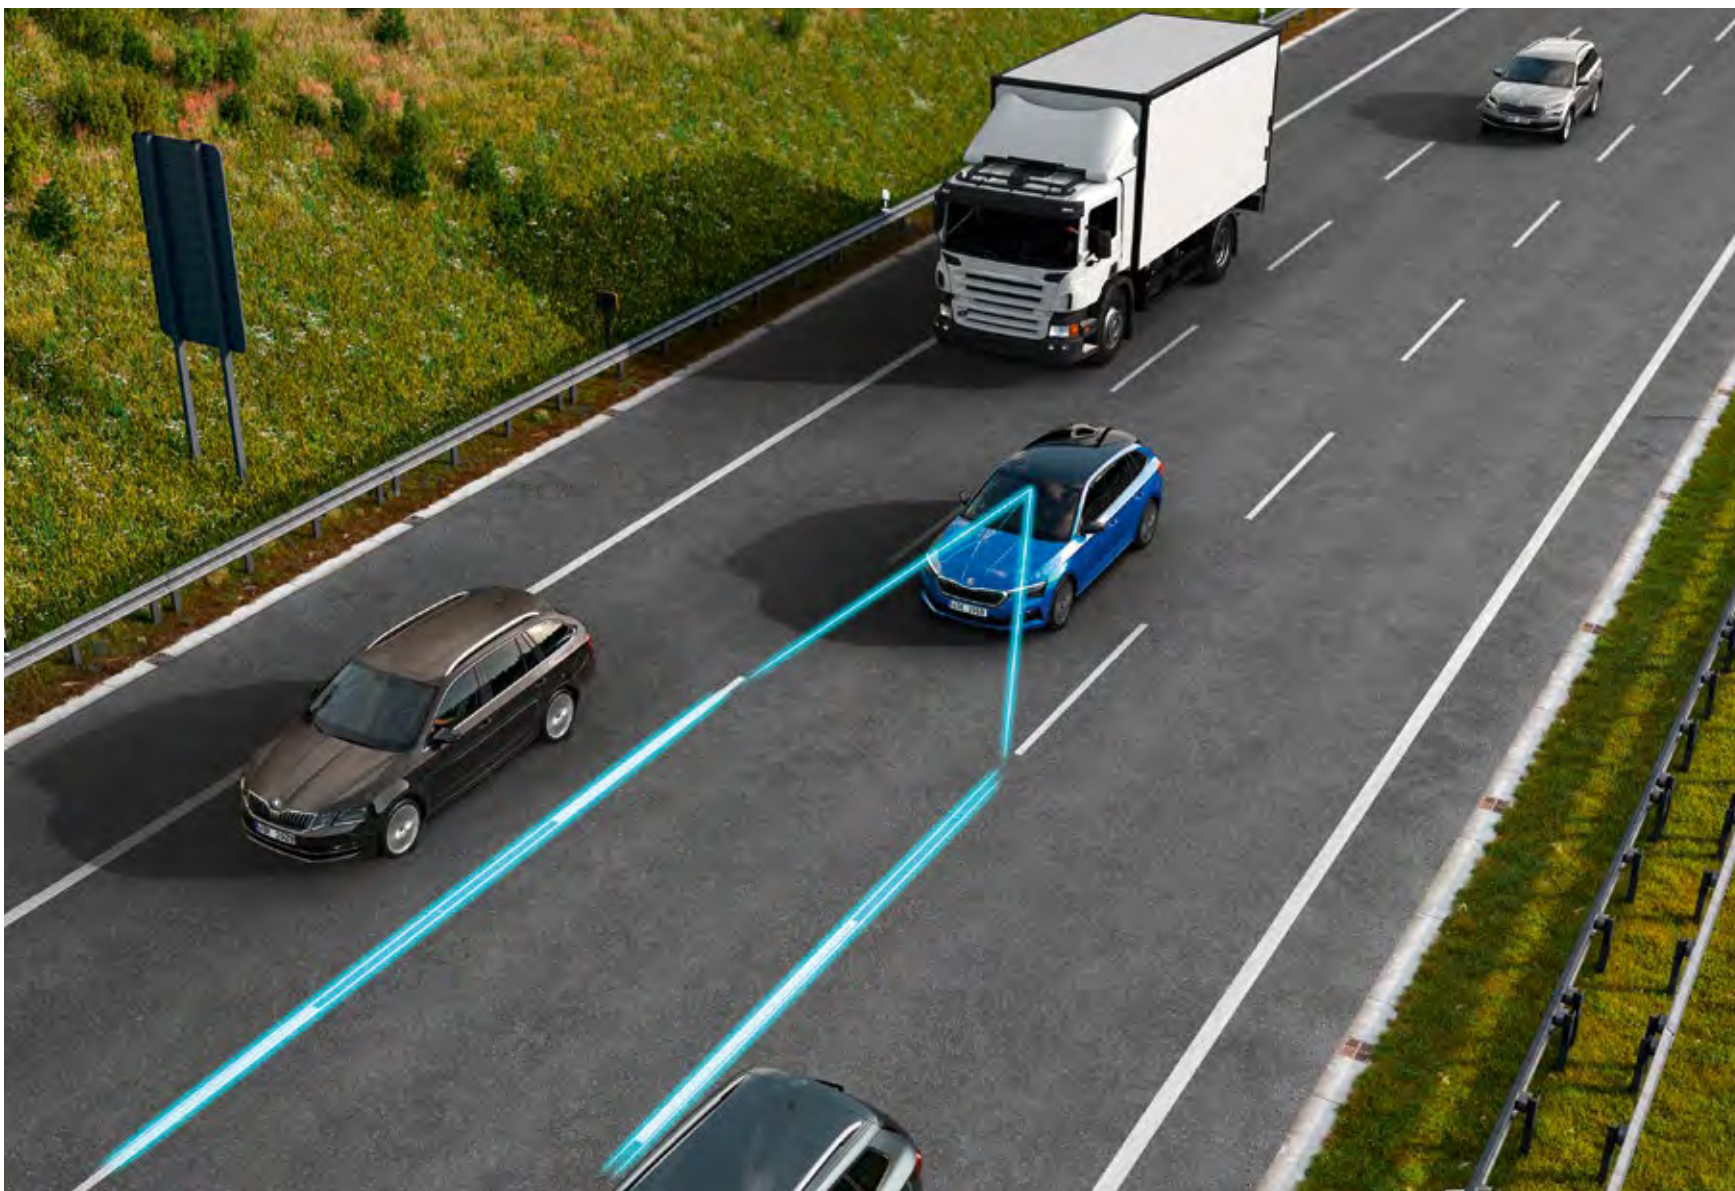

ADAPTIVE CRUISE CONTROL*

Using a radar device in the front grille, in addition to its basic cruise control function, this assistant system, which operates up to speeds of 210 km/h, maintains a safe distance from vehicles in front of you.

Overseas model shown for illustrative purposes only.

*Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

**LANE ASSIST***

Operating at speeds above 65 km/h, this system can help to keep the car in the correct lane.

Overseas model shown for illustrative purposes only.

*Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

HIDDEN BODYGUARDS

In extreme situations, where the driver cannot actively influence the outcome, the car's passive safety elements take over – like the airbags.

FRONT AIRBAGS

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard.

HEAD AIRBAGS

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

DRIVER KNEE AIRBAG

This airbag, which is located under the steering wheel column, protects the driver's knees and shins.

FRONT SIDE AIRBAGS

These two airbags protect the pelvis and chest of the driver and other passengers in the event of a side collision.

POWERFUL, NOT POWER HUNGRY

ENGINES

Our offer includes a 110 kW petrol engine with excellent acceleration and high torque with exceptional low fuel consumption.

DRIVING MODE SELECT

If the vehicle is equipped with a lowered chassis that is fine-tuned with the Sport Chassis Control, you can choose between Sport mode and Normal mode via Driving Mode Select.

Available as an option

AMBITION

STYLE WITH FUNCTIONALITY

EXTERIOR DESIGN

The sleek exterior look features black window surrounds, privacy glass and full LED rear lights with dynamic indicators, rounded off with 18" VEGA Silver wheels.

INTERIOR FEATURES

The Ambition interior includes a multifunctional leather sports steering wheel and 8" Bolero infotainment system, combined with Ambition Grey upholstery and glossy black hotstamping.

MONTE CARLO

The image shows the front interior of a car. The seats are upholstered in black leather with prominent red stitching along the edges and seams. The dashboard and center console also feature black leather with red accents. A large infotainment screen is visible on the right side of the dashboard. The gear shift is in the center console, and the handbrake is visible in the foreground. The overall design is sporty and modern.

FEELS COSY AND COMFORTABLE

Who said that being sporty rules out staying cosy? The SCALA MONTE CARLO features front sports seats, specific red/black upholstery and instrument panel in Monte Carlo design. In the interior you will also find leather features. The multifunctional sports steering wheel comes in perforated leather with distinguished red stitching. The standard equipment also includes black ceiling, pedal covers in alloy design and LED ambient lighting in red.

Vehicle fitted with Travel Pack

LOOKS SPORTY AND SPICY

The dynamic silhouette and sporty spirit of the SCALA fits perfectly with the Monte Carlo design. The black exterior features add more ferocity to the look of the car and underline its sporty charisma.

EXTERIOR STYLE

The Monte Carlo version features a longer roof spoiler in black, panoramic roof and black rear diffuser.

BLACK FRONT AND SIDE

The black front grille frame gives the Monte Carlo version a ferocious expression. The car is also characterised by other black features such as an add-on part on the front bumper, door sill covers and external side-view mirror caps. The VEGA 18" wheels come as standard.

GENUINE ACCESSORIES

Accessories aren't just fashion fads. With ŠKODA Genuine Accessories, you can transform your car by expanding its practicality, safety and purpose, and make it a lot more suitable for your specific needs.

SMART HOLDER – CLOTHES HANGER

The clothes hanger, which can be mounted on the front seat headrests, is an extremely practical accessory, especially for those who travel to work wearing a suit.

SMART HOLDER – MULTIMEDIA HOLDER

The holder for an external device, which can also be mounted on the front seat headrests, will definitely be appreciated by the rear seat passengers.

SMART HOLDER – HOOK

Handbags or backpacks don't have to take up space on the back seats. Hang them from the smart holder hook fixed to the front headrests.

DOG SAFETY BELT / BACK SEAT PROTECTION

If one of your usual passengers is a dog, we recommend equipping your car with a special safety belt (size S - XL). You will also appreciate the back seat protection.

18" SIRIUS alloy wheels

BICYCLE RACK

You can securely attach the lockable bicycle rack with carbon/aluminium profile onto the basic roof rack.

ALL-WEATHER FOOT MATS – RED

The rubber foot mats will help you keep the car interior clean. They can be easily taken out and emptied or wiped clean.

DOOR SILL COVERS WITH BACKLIGHT

The side door sill covers with backlight and SCALA inscription, which perfectly follow the contours of the vehicle, are an original feature with aesthetic as well as practical functions.

Overseas models are shown for illustrative purposes only. Optional accessories, at extra cost. Please note that the above accessories may have an effect on fuel efficiency. Items such as sports equipment are for illustration purposes only and are not available for purchase from ŠKODA Australia or its dealers.

ŠKODA CARE PRODUCTS

Since ŠKODA wants to stay by your side many years after your purchase and help you with all the situations which may occur during the car's lifecycle, ŠKODA Care products were developed. ŠKODA Care products keep you mobile, provide maximum possible comfort, safety, and good value for money.

ŠKODA SERVICE PACKS†

Brilliant service not only delivers more than just convenience, it also brings peace of mind. ŠKODA Service Packs give you the flexibility to service at any of our authorised ŠKODA Dealers across Australia, and come with added benefits of roadside assistance included in the price. It is a great way of keeping your ŠKODA in an immaculate condition and helps you invest in its future value and protect you from unexpected costs or inflation. These packs give you a Care free ownership experience and peace of mind as we use genuine ŠKODA parts and specialist ŠKODA trained technicians so you know your car is in the hands of experts.

ŠKODA WARRANTY

Your ŠKODA can cover a lot of kilometres in five years and we're proud to stand behind it for every single one. Our 5 year/Unlimited Kilometre Warranty shows the great confidence we have in the quality of our vehicles and it's our commitment to your peace of mind.

†ŠKODA Service Pack are available at ŠKODA Dealers for all models and covers standard items as contained in each scheduled service interval only. Discount structure varies by model. For details of what is not included in a scheduled service, please refer to the program terms and conditions available here: www.skoda.com.au/promotions/promotion-detail/service-pack-pricing.

^Conditions and exclusions apply, see www.skoda.com.au/owners/warranty. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them.

SKODA ROADSIDE ASSISTANCE*

With 12 months complimentary roadside assistance with all new SKODAs, you can be sure any unforeseen issues can be easily dealt with by our professional team. With simply clever benefits including accident assist, our roadside program provides you with motoring confidence. Roadside coverage can also be extended simply by servicing your vehicle within our network.

*SKODA Assist (roadside assistance) is provided by AWP Australia Pty Ltd ABN 52 097 227 177 trading as Allianz Global Assistance, under an arrangement with Volkswagen Group Australia Pty Limited ABN 14 093 117 876. Conditions and exclusions apply, see www.skoda.com.au/owners/roadside-assistance.

Fuel Consumption and Co2 Emissions need to have a disclaimer based on the test results, they are also missing disclaimer symbols. Please check with product/technical to confirm below is correct for this model:

#Fuel consumption figures according to Australia Design Rule (ADR) 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition, and accessories fitted, will in practice in the real world lead to figures, which generally differ, from those advertised. Advertised figures are meant for comparison amongst vehicles only.

*Emission level according to European Regulation (EC) No. 715/2007 and Regulation (EC) No. 692/2008.

~When fitted with ŠKODA Genuine Tow Bar. Towing capacities are applicable to ŠKODA Genuine Accessory Tow Bar. Towing capacity figures are maximum figures and actual towing capacity depends on factors including the laden mass of the vehicle, driving conditions and fitment of any accessories. ŠKODA Australia does not endorse or will not be held liable for any claim, loss or damage arising from the use or fitment of electronic trailer brakes.

‡Please note figures are sourced from overseas data where equipment levels by model variant may vary.
