

MG HS+EV

ENJOY THE BEST OF BOTH WORLDS

Introducing the MG HS Plus EV MG Motor's spacious, family friendly SUV now offers the best of both worlds, designed for those who want the advantages of electric driving with the practicality of a combustion engine.

With a top speed of 190km/h, the medium SUV delivers rapid acceleration to reach 0-100km in 6.9 seconds.

Offering the best of electric motor efficiency and instant power, the MG HS Plus EV provides an impressive 1.7L/100km fuel consumption (combined)[~] and 39g/km CO₂ emissions[~] from the total combined power output. Powered by 1.5L Turbo petrol engine and a liquid-cooled electric battery, both engine and electric motor deliver a combined total output of 370N.m.

Whether tackling the midweek commute, running errands over town or doing the school run, experience everyday efficiency with a pure electric driving range of up to 63km from a single charge* on the WLTP combined cycle.

A Type 2 charging port is conveniently located to the side of the car. Charging can be done easily overnight, via a home 7kW fixed wall charger, taking approximately 5 hours[^] to fully charge.

[~]Range figures are determined by testing under standardised laboratory conditions to comply with ADR 81 / 02. These figures should only be used for the purpose of comparison amongst vehicles. Actual figures will generally differ under real world driving conditions and will vary depending on factors including (but not limited to) driving style, vehicle's equipment and road, traffic and weather conditions. Provisional data at time of going to print.

[^]Charging times can vary depending on many factors including but not limited to environmental conditions, auxiliary consumables (e.g. seat heating and air-conditioning) and capabilities of charging infrastructure capacity and/or supply.

Electric performance and battery

LED headlights

Charging made simple

12.3" virtual instrument cluster

10.1" infotainment touchscreen

Panoramic Stargazer Sunroof

Leather trimmed, multifunctional steering wheel

Spacious and comfortable interior

EVERYDAY COMFORT AND SPACE

Intricate finishes, luxuriously soft-touch materials and premium technology result in a truly refined and elegant cabin space. Designed for passenger and driver comfort, take to the wheel or enjoy the journey in a stylish Bader Leather heated sport seat with Alcantara trim and striking red contrast stitching.

Create instant ambience with the customisable interior cabin lighting and enjoy the connectivity of Apple CarPlay, Android Auto and Satellite Navigation, all controlled through the 10.1" colour touchscreen. In addition, review the real-time performance of your MG HS Plus EV with a large 12.3" virtual instrument cluster, directly in your field of vision for quick adjustments on the road.

Overhead, the exceptionally large panoramic stargazer sunroof fills the cabin with natural light for a spacious and airy drive. Whilst to the back, the 60/40 split reclining rear seats, allows you to access a maximum of 1,275L of cargo space, for all the room you need in an SUV.

PLUG-IN HYBRID TECHNOLOGY

Benefitting from our extensive experience in the manufacture and development of new energy vehicles, the MG HS Plus EV pairs global battery technology with equally advanced hybrid technology to deliver trusted performance for a smart drive.

The MG HS Plus EV features an Intelligent Hybrid Energy Management System to deliver a smooth and refined daily driving experience.

The electric battery drives a Permanent Magnet Synchronous Motor (PMSM) that delivers and 230N.m of torque. Whilst the 1.5L Turbo petrol engine provides 250N.m of torque.

The innovative technology in the management system detects and adjusts the vehicle's power output depending on the road conditions. The system also actively learns the driver's individual driving style to adjust power, and rationalise the battery ratio accordingly, offering further fuel efficiency and ensuring optimal use of the electric range.

~Figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

The all new MG HS Plus EV comes with an 7-year unlimited km battery warranty, and a 5-year unlimited km warranty plus a 5-year roadside assist battery warranty, offering maximum assurance and peace of mind.

INTELLIGENT SPEED LIMIT ASSIST
Actively detects speed limit signs and alerts you to your current vehicle speed.

TRAFFIC JAM ASSIST
Detects heavy traffic and automatically follows the vehicle in front, controlling acceleration, braking and steering within the lane.

REAR CROSS TRAFFIC ALERT
Alerts you of approaching vehicles and pedestrians when reversing out of parking spaces.

ADAPTIVE CRUISE CONTROL
Detects the front vehicle position and keeps a safe distance between your HS and the car in front.

360 DEGREE CAMERA
Provides you with a 360 field of view around the vehicle when reversing.

ACTIVE EMERGENCY BRAKING
Senses impending collisions and applies the brakes to help avoid or lessen impact.

LANE KEEP ASSIST
Alerts the driver when the HS Plus EV is getting too close to the lane edge.

INTELLIGENT HEADLAMP CONTROL
When driving at night or in low light conditions, the forward-facing camera detects the environmental circumstances and will automatically switch your headlights between regular and high beam for you.

BLIND SPOT DETECTION
Registers objects in hard-to-see areas to help you change lanes safely.

Safety rating
★★★★★

THE NEW STANDARD IN SAFETY

At MG, innovation runs deep.

So, when it comes to safety, we've gone above and beyond in the MG HS Plus EV by incorporating all the latest safety technology into a single platform we call MG PILOT.

With its 10 Active Driver Safety features as standard, MG PILOT is constantly sensing your surroundings, on the lookout for unseen hazards. With the ability to react autonomously in situations where driver safety is at risk, take comfort that you and your family are backed by a new level in safety intelligence. With 6 SRS airbags, the MG HS Plus EV offers a new standard in safety.
