## Parts, Service and Warranty

A competitive purchase price is one thing, but operators also need to consider reliability, back-up and operating costs over the life of their vehicle.

This is where Higer's commitment to parts and service makes the difference. Investment in an extensive Australia-wide dealer and service network gives every Higer customer access to

outstanding customer support, so if a vehicle does need work, downtime is minimised.

Combine this with locally supported componentry and a 2 year 100,000km warranty (2 year extended warranty also available) and it's easy to see why more people are getting on board with Higer.
