\# Figures are calculated on the basis of 19 inch wheels.

Δ Figures are calculated on the basis of 20 inch wheels.

~ Figures are calculated on the basis of 21 inch wheels.

Combined figure based on ADR 81/02 (pure electric range). Figure is derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition, use of ancillary features (e.g. air conditioning) and accessories (including wheel size) fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

^ Please note figures are sourced from overseas data where equipment levels by model variant may vary.

*† Manufacturer's Recommended List Price (MRLP) of the factory fitted options only and include GST and, if applicable Luxury Car Tax (LCT). MRLP excludes dealer charges, which may vary from dealer to dealer, and all other government and statutory charges, which vary from state to state. The MRLP is correct at the date of publication is subject to change without notice. For the latest MRLP pricing please contact your local Audi Dealer.

Combined figure based on ADR 81/02 (pure electric range). Figure is derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition, use of ancillary features (e.g. air-conditioning) and accessories (including wheel size) fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

1 Unladen vehicle weight includes driver (75kg), calculated in accordance with the current version of Directive 92/21/EEC. Optional equipment may increase the car’s unladen weight and drag coefficient, whereupon the possible payload limit and/or the top speed will be reduced accordingly.

2 The charging capacity depends on the type of mains connection plug, country-specific voltage, number of available phases of the power grid, and customer-specific house installation. It can therefore be reduced on an individual basis.

3 Audi driver assistance systems work only within system limits and are intended to assist the driver. The driver remains responsible for driving the vehicle and is required to remain attentive at all times.

4 Please check with your Audi dealer for approved telephones that have been tested by Audi for compatibility.

5 MMI navigation functional features may differ or not be available for the Australian market. Please refer to your Audi dealer for up-to-date information.

6 Leather appointed seat upholstery has a combination of genuine and artificial leather, but are not wholly leather.

Vehicle pictured is an overseas Q4 Sportback 55 e-tron with optional equipment.
