PERFORMANCE THAT RAISES THE BAR

Mazda CX-5 delivers the feeling of pure Zoom-Zoom with efficiency that Mazda's Skyactiv Technology is famous for.

With four engine options, including a 2.5L Turbocharged option available on GT and Akeru models, you'll discover improved responsiveness and acceleration that doesn't sacrifice fuel economy. While the addition of an off-road mode switch on AWD variants unlocks even more possibilities to explore.

A HIGHER STANDARD OF SAFETY

Delivering comfort and exhilaration is what drives us, but that never comes at the expense of ensuring every drive in Mazda CX-5 is a safe one. Every grade comes equipped with SRS airbags and technology such as rear parking sensors, tyre pressure monitoring with Dynamic Stability Control (DSC), Traction Control System (TCS), Emergency Brake Assist (EBA) and Electronic Brake-force Distribution (EBD) as standard.
