

MINI CLUBMAN.

DO THINGS DIFFERENTLY. AGAIN.

How do you go about inventing an icon like the MINI? According to its designer, Sir Alec Issigonis, you simply do things differently to everybody else. We've been doing things differently for generations and the MINI range just goes to show that while you can't go past an original, you can keep the essence of a good thing and make it even better.

When you take a huge step forward it offers a great view of the past, and it's a past we're proud of thanks to John Cooper who

revolutionised racing in the 1950s. His tireless commitment to racing led to such milestones as a legendary MINI Bathurst victory in 1966 and three Monte Carlo Rally wins to name but a few.

Reinventing an icon like MINI is no easy task. You have to create a vehicle that exceeds the demands of twenty-first century driving, while remaining true to the original. Of course, you'll find some things never go out of fashion, like the MINI DNA – low centre of gravity, short wheelbase and legendary go-kart handling,

eye-catching lines and a distinctive profile, all finished off with a touch of chrome.

The latest generation of MINIs are as unmistakably modern as the originals. From the classic Hatch and convention-defying Countryman SUV, right through to the versatile Clubman and open top Convertible, every member of the MINI family is ready to take on any adventure.

MEET THE MINI CLUBMAN.

The MINI Clubman was designed to put your head in a spin, thanks to its distinctive looks, its sophisticated array of equipment, and the legendary go-kart feeling that is so typical of a MINI. That's not to say it isn't a logical choice: it's great for long-distance trips, with 6 doors including split doors at the rear, a spacious interior and the latest communications technologies.

MODELS.

MINI COOPER CLUBMAN.

The design of the MINI Cooper Clubman may be cutting edge, but it still loves corners – lapping them up just like any other MINI.

SPACE.

The size of the MINI Clubman makes it the ideal car for short trips and longer journeys alike. This is largely due to its 360-litre luggage capacity and the versatility of the large rear seat bench. With the optional 40/20/40 split folding rear seats, the backrest folds forward, while the middle section can be used either as a comfortable armrest (with cupholders) or as extra space to accommodate longer, bulkier items of luggage. With the optional Comfort Access System and smart-opener function, the split doors open automatically when you move your feet under the boot and back again, making it easy to load and unload the car.

MINI JOHN COOPER WORKS CLUBMAN.

MORE SPACE FOR DRIVING PASSION.

The MINI John Cooper Works Clubman is the biggest top athlete in the history of the British brand to date. The bonus in terms of roominess, everyday practicality and long-distance suitability offers a new range of opportunities to enjoy racing passion.

MINI JOHN COOPER WORKS CLUBMAN.

The fact that the extremely sporty temperament typical of the John Cooper Works models reaches a whole new dimension in this model is due to the fact that the most powerful engine ever fitted in a MINI is combined with the latest version of the all-wheel drive system ALL4 for the first time.

Max. Power (kW)	170
Max. Torque (Nm)	320
Acceleration (0-100km/h)	secs 6.3 (6.1)
Max. Speed (km/h)	238
